VERMONT
SECRETARY OF STATE

Introduction

The Vermont Secretary of State's office is pleased to provide this updated "Guide to Vermont's Town Clerks, Treasurers & County Clerks."

So that this guide may be useful to anyone visiting Vermont's town offices, we have included the following:

- Index of the physical and mailing addresses for each city and town.
- Alphabetical listing of all clerks and treasurers.
- Office hours for the municipal clerk.
- Information about when lister cards and zoning records are available.
- Town clerk fees.
- Overview of Vermont Public Records Law.

We hope this proves helpful to you. Please let us know if there is anything we could include in future editions.

Thanks,

Sarah Copeland Hanzas
VT Secretary of State

How many cities are there in Vermont?

Although this publication is called "Guide to Vermont's Town Clerks," ten municipalities are cities rather than towns by Charters adopted by the municipality and approved by the legislature. The ten cities are: Barre, Burlington, Essex Junction, Montpelier, Newport, Rutland, Saint Albans, South Burlington, Vergennes, and Winooski.

Updates to this Guide

This guide will be updated as needed. You can download this guide in PDF format and print as many copies as you need. Or, you can download the online Excel file to print mailing labels. Many additional forms, instructions and resources are available on the website. Visit often, as we add information frequently.

Overview of Vermont Public Records Law

The public has the right to inspect all public records created or maintained by an agency during normal office hours. Town clerks and treasurers are the legal custodians of many, but not all, municipal records. They have the statutory or other legal responsibility for creating or maintaining those records. Vermont's public records law requires the custodian of public records to "promptly produce" a record upon request.

A public agency may make reasonable rules to prevent disruption of operations, to preserve the security of public records or documents, and to protect them from damage.

Availability
Sometimes, a record is in use or not immediately available. In such cases, the custodian has one calendar week to produce the document. In certain circumstances, the custodian may have up to ten days to respond to a records request. Either way, the custodian must give the requestor a written explanation of why the record is not immediately available. They must also say when, within the allowed timeframe, it will be available.

Exemptions
What if the custodian believes the requested record cannot be disclosed (shared with the public? The custodian must notify the requestor of why they denied the request and which laws support that decision. The notification must be in writing and sent within three (3) business days of receiving the request.

Decisions made by town clerks or treasurers about the records in their custody are final determinations, meaning they have the final say about those records. The notification to the requestor must also state that they have the right to appeal the decision to the court or the head of the agency.

Fees
A person who requests a copy of a public record may be charged a fee or the actual cost of providing the copy. Statute establishes many of these fees. The agency may also charge and collect from the requestor the amount it costs to mail or transmit the record by facsimile (fax) or other electronic means.

What if it takes longer than 30 minutes for the agency to comply with a records request? They may charge and collect from the requestor the cost of staff time associated with fulfilling the request. The clock starts at the 31st minute.

Notes
The law does not require the agency to provide or arrange for copying service, to use or permit the use of copying equipment other than its own, to permit anyone other than its own personnel to operate the copying equipment, to permit the requestor to remove the public record to copy it, to make its own personnel available to make handwritten or typed copies of the requested public record or document. An agency must provide the record in a digital format if it is available in that format.

Official Fee Schedule for Copying Public Records

The following fees are the maximum fees that may be charged by municipalities where the statutes do not provide otherwise and where the legislative body of the municipality has not set its own fee schedule.

1. For staff time involved in physically duplicating a record, $.33 per minute after the first 30 minutes.
2. For senior-level staff time, and information technology specialists' time spent extracting data from databases, or performing similar tasks necessary to comply with a request to create a new public record, $.57 per minute.
3. For any other staff time for which cost can be charged and collected under this section, $.45 per minute.
4. For photocopies, $.05 per single-sided page, $.09 per double-sided page for pages up to 8.5 by 14 inches.
5. For color photocopies, $1.00 per single-sided page.
6. For computer-generated paper copies, $.02 per page for pages up to 8.5 by 14 inches.
7. For computer diskettes, $.28 each for 3.5-inch diskettes.
8. For compact discs, $.86 each for write-once CD w/case, $2.31 each for re-writable CD w/case.
9. For audio tapes, $.81 each.
10. For video tapes, $1.69 each.
11. For DVDs, $2.00 each for write-once DVD w/case, $4.00 each for re-writable DVD w/case.

You can read the Public Records Law for yourself. The Public Records Law is found in every town clerk's office in Title 1 of the Vermont Statutes Annotated. Look for sections 315 to 320. Make sure to check the "pocket part" to see if there is newer law to review for each section. See also the Vermont Statutes Online: 1 V.S.A. §§ 315-320.
