COUNCIL MEETING

CITY OF ST. PETERSBURG

Municipal Building
175-5th Street North
Second Floor Council Chamber

July 23, 2026
1:30 PM

Welcome to the City of St. Petersburg City Council meeting. The public may address City Council in person.

The public must attend the meeting in person to speak during public hearings or quasi-judicial hearings. If you are a person with a disability who needs an accommodation in order to participate in this meeting or have any questions, please contact the City Clerk's Office at 893-7448. If you are deaf/hard of hearing and require the services of an interpreter, please call our TDD number, 892-5259, or the Florida Relay Service at 711, as soon as possible. The City requests at least 72 hours advance notice, prior to the scheduled meeting, for accommodations.

To assist the City Council in conducting the City's business, we ask that you observe the following:

1. If you are speaking under the Public Hearings, Appeals or Open Forum sections of the agenda, please observe the time limits indicated on the agenda.

2. Placards and posters are not permitted in the Chamber. Applause is not permitted except in connection with Awards and Presentations.

3. Please do not address Council from your seat. If asked by Council to speak to an issue, please do so from the podium.

4. Please do not pass notes to Council during the meeting.

5. Please be courteous to other members of the audience by keeping side conversations to a minimum.

6. The Fire Code prohibits anyone from standing in the aisles or in the back of the room.

7. If other seating is available, please do not occupy the seats reserved for individuals who are deaf/hard of hearing.

The public can also attend the meeting in the following ways:

- Watch live on Channel 15 WOW!/Channel 641 Spectrum/Channel 20 Frontier FiOS
- Watch live online at www.stpete.org/TV
- Listen and participate by dialing one of the following phone numbers
  - +1 312 626 6799 or
  - +1 646 876 9923 or
  - +1 253 215 8782 or
  - +1 301 715 8592 or
  - +1 346 248 7799 or

- +1 669 900 6833 and entering webinar ID: 930 1553 8960
- Watch, listen, and participate on your computer, mobile phone, or other device by visiting the following link: https://zoom.us/s/93015538960

The public can participate in the meeting by providing public comment for agenda items other than public hearings and quasi-judicial hearings in the following ways:

- If attending the Zoom meeting by computer or other device, use the "raise hand" button in the Zoom app.
- If attending the Zoom meeting by phone only, enter *9 on the phone to use the "raise hand" feature.

The "raise hand" feature in the Zoom meeting indicates your desire to speak but does not allow you to speak immediately. You must use the "raise hand" feature at the time the agenda item is addressed. All "raised hands" will be lowered after each agenda item. When it is your turn to speak, your microphone will be unmuted. At the conclusion of your comments or when you reach the three-minute limit, you will be muted. Please be advised that at all times the chair has the authority and discretion to re-order agenda items, and in the event the meeting is disrupted by violations of the rules of decorum, to accept public comment by alternate means, including by email only.

Regardless of the method of participation used, normal rules for participation apply, including the three-minute limit on comments, the requirement that any presentation materials must be submitted to the City Clerk in advance of the meeting, and the rules of decorum. Public comments must be submitted before the public comment period has closed.

A. Meeting Called to Order and Roll Call.

Invocation and Pledge to the Flag of the United States of America.

B. Approval of Agenda with Additions and Deletions.

C. Consent Agenda (see attached)

Open Forum

The City Council receives public comment during Open Forum and on agenda items with limited exceptions consistent with Florida law. All issues discussed under Open Forum must be limited to issues related to the City of St. Petersburg government. If you wish to address City Council on subjects other than public hearing or quasi-judicial items listed on the agenda, please sign up with the Clerk. Only City residents, owners of property in the City, owners of businesses in the City or their employees may speak during Open Forum. If you wish to address City Council through the Zoom meeting, you must use the "raise hand" feature button in the Zoom app or enter *9 on your phone at the time the agenda item is addressed. When it is your turn to speak, you will be unmuted and asked to state your name and address. At the conclusion of your comments or when you reach the three-minute time limit, you will be muted. All "raised hands" will be lowered after each agenda item. Regardless of the method of participation used, normal rules apply, including the three-minute time limit on comments, the requirement that any presentation materials must be submitted in advance of the meeting and the rules of decorum. If live public comment is disrupted by violations of the rules of decorum, the chair is authorized to accept public comment by alternate means, including by email only.

D. Awards and Presentations

1. Presentation from Takamatsu Students – Sister City Student Ambassador Program

E. New Ordinances - (First Reading of Title and Setting of Public Hearing)

F. Reports

1. FY 2027 Budget

   (a) A resolution adopting proposed millage rate necessary to fund the tentative operating budget, other than the portion of said budget to be funded from sources other than Ad Valorem Taxes for Fiscal Year 2027; and providing an effective date.

   (b) A resolution setting the dates for public hearings upon the tentative operating budget and proposed millage rate for Fiscal Year 2027; and providing an effective date.

2. A resolution authorizing the issuance, subject to the Bond Referendum herein provided for, of not to exceed $600,000,000 General Obligation Bonds in one or more series for the City of St. Petersburg, Florida, payable from the full faith, credit and unlimited ad valorem taxing power of the City, to finance stormwater, wastewater and/or potable water utility system improvements; calling a bond referendum to be held as part of the Municipal General Election scheduled for November 3, 2026; providing ballot text for that referendum; establishing intent to reimburse such capital expenditures incurred with proceeds of such general obligation bonds; and providing an effective date.

3. A resolution authorizing the Mayor, or his designee, to execute a License Agreement with the University of South Florida Board of Trustees, a public body corporate, for its School of Geosciences, to utilize a certain area of City-owned land within Clam Bayou Preserve located at the intersection of 26th Avenue South and 38th Street South, St. Petersburg, Florida, to install and operate flood monitoring camera equipment for a term of three (3) years for a fee of $10.00 for the term, subject to certain terms and conditions; and authorizing execution of all documents necessary to effectuate same; and providing an effective date. **(Requires an affirmative vote of at least six (6) members of City Council.)**

G. New Business

1. Respectfully requesting a referral to the Health, Energy, Resilience, and Sustainability Committee, or other relevant committee, for an update on the Private Lateral Rebate Program. (Council Member Gabbard - Staff Request)

2. Respectfully requesting a referral to the Housing, Land Use, and Transportation Committee, or other relevant committee, for a discussion on regulating data center developments. The discussion should focus on whether the City's comprehensive plan and land development regulations adequately address data centers as an emerging land use, or whether amendments are necessary to ensure a comprehensive permitting process and compatibility with surrounding land uses. (Council Member Givens)

3. Respectfully requesting a referral to the Housing, Land Use, and Transportation Committee, or other relevant committee, for an update and discussion on the existing safety standards and enforcement measures for e-bikes and e-scooters. This discussion should center on opportunities for increased awareness concerning traffic rules and restricted areas. (Council Member Givens)

4. Respectfully requesting a referral to the Housing, Land Use, and Transportation Committee, or other relevant committee, for a discussion regarding potential code amendments to provide that, for single-family detached homes in Neighborhood Suburban (NS) and Neighborhood Traditional (NT) zoning districts, building height should be measured from the Design Flood Elevation (DFE) plus five feet for qualifying drive-under homes where the entire ground floor is utilized solely for parking, storage, access, and other flood-compliant non-habitable uses. (Council Member Figgs-Sanders)

5. Respectfully requesting a referral to the Housing, Land Use, and Transportation Committee, or other relevant committee, for a discussion regarding proactive measures the City can take to support residents when a privately owned multifamily property (i.e., The Morgan) places numerous households at risk of eviction. The discussion should include an inventory and evaluation of existing City programs, procedures, and community partnerships available to assist affected residents, as well as the potential expansion of such programs. (Council Member Figgs-Sanders)

6. Respectfully requesting a referral to the Health, Energy, Resilience & Sustainability Committee for a discussion on the creation of a City policy outlining natural and ecological based stormwater and surge considerations for competitive solicitations. (Vice-Chair Floyd)

7. Respectfully requesting a referral to the Health, Energy, Resilience & Sustainability Committee for a discussion on the creation of a comprehensive citywide resiliency plan. (Vice-Chair Floyd)

8. Respectfully requesting a referral to the Health, Energy, Resilience & Sustainability Committee for a discussion on the creation of a citizen-led Resiliency Advisory Board. (Vice-Chair Floyd)

9. Respectfully requesting approval of a resolution calling for transparency and comprehensive planning in the Citys storm resiliency actions; requesting that the Administration create a public-facing dashboard detailing the Citys efforts to upgrade and maintain the Citys storm resilient infrastructure; requesting that Administration give equal consideration to natural and ecological-based solutions when considering storm resiliency projects; and supporting the creation of a citywide resiliency plan. (Vice-Chair Floyd)

   (a) A resolution calling for transparency and comprehensive planning in the City's storm resiliency actions; requesting that the Administration create a public-facing dashboard detailing the City's efforts to upgrade and maintain the City's storm resilient infrastructure; requesting that Administration give equal consideration to natural and ecological-based solutions when considering storm resiliency projects; and supporting the creation of a Citywide Resiliency Plan.

H. Council Committee Reports

1. July 16, 2026 Health, Energy, Resilience, and Sustainability Committee - Action Item

   (a) Respectfully requesting City Council approval to transfer referral item "A Discussion Regarding Initiating a New SunRunner TOD Overlay Package" from the Health, Energy, Resilience and Sustainability Committee to Housing, Land Use, and Transportation Committee for future discussion.

2. July 23, 2026 Housing, Land Use & Transportation Committee - Action Item

   (a) A resolution of the City Council of the City of St. Petersburg, Florida supporting the implementation of the recommendations set forth in the Connecting South St. Petersburg Community Redevelopment Area Mobility Study, subject to all necessary approvals; and providing an effective date.

I. Legal

1. A resolution concerning the order of municipal referendum questions on the ballot of the municipal general election scheduled for November 3, 2026, and providing an effective date.

J. Public Hearings and Quasi-Judicial Proceedings - 5:01 P.M.

Public Hearings

*NOTE: The following Public Hearing items have been submitted for **consideration** by the City Council. If you wish to speak on any of the Public Hearing items, please obtain one of the YELLOW cards from the containers on the wall outside of Council Chamber, fill it out as directed, and present it to the Clerk. You will be given 3 minutes ONLY to state your position on any item but may address more than one item.*

1. Confirming Preliminary Assessment for Lot Clearing Number(s) LCA 1684

2. Confirming Preliminary Assessment for Lot Clearing Number(s) LCA 1685

3. Confirming Preliminary Assessment for Building Securing Number SEC 1298

4. Confirming Preliminary Assessment for Building Demolition Number DMO 505

5. Ordinance 639-H, An ordinance concerning the removal of certain City-owned vacant lots from the City Charter Park and Waterfront Map to allow subsequent and separate land use changes and potential sale of those lots; making findings regarding the need to amend the Charter for that purpose; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

6. Ordinance 640-H, An ordinance concerning the City's lease of submerged lands at Harborage Marina; making findings concerning amendment of that lease to extend the term to facilitate the construction of certain improvements; calling a referendum during the November 3, 2026 municipal general election to authorize such amendment; establishing conditions for such amendment if approved by that referendum; providing ballot text for that referendum; and providing an effective date.

7. Ordinance 641-H, An ordinance concerning lease limitations established for the Port of St. Petersburg under the City Charter; making findings regarding the need to amend the Charter to increase that limitation; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

8. Ordinance 642-H, an ordinance concerning amendment of the City Charter for the purpose of fully effectuating the 2022 Referendum that rescheduled municipal elections for Mayor and City Council Members to occur in conjunction with national and state elections in even-numbered years; making findings concerning the need to make such an amendment; calling a referendum during the November 3, 2026 Municipal General Election to authorize such an amendment; providing ballot text for that referendum; and providing an effective date.

City Council Meeting

Thursday, August 6, 2026, 9:00 a.m., City Council Chamber

CITY OF ST. PETERSBURG

Board and Commission Vacancies

PROCEDURES TO BE FOLLOWED FOR QUASI-JUDICIAL PROCEEDINGS:

1. **Anyone wishing to speak must fill out a yellow card and present the card to the Clerk. All speakers must be sworn prior to presenting testimony. No cards may be submitted after the close of Public Comment. Each party and speaker is limited to the time limits set forth herein and may not give their time to another speaker or party.** Each party and speaker wishing to present handouts, photographs, presentation slides or any other materials (collectively, "Materials") during a quasi-judicial proceeding must submit such Materials to the City Clerk no later than 24 hours in advance of the applicable public hearing. Materials submitted after the deadline will not be accepted and may not be used.

2. At any time during the proceeding, City Council members may ask questions of any speaker or party. The time consumed by Council Member questions and answers to such questions shall not count against the time frames allowed herein. Burden of proof: in all appeals, the Appellant bears the burden of proof; in rezoning and land use cases, the Property Owner or Applicant bears the burden of proof except in cases initiated by the City, in which event the City Administration bears the burden of proof; for all other applications, the Applicant bears the burden of proof. Waiver of Objection: at any time during the proceeding Council Members may leave the Council Chamber for short periods of time provided they continue to hear testimony by audio. If any party has an objection to a Council Member leaving the Chamber during the hearing, such objection must be made at the start of the hearing. If an objection is not made as required herein it shall be deemed to have been waived.

3. Reading of the Title of the Ordinance(s), if applicable.

4. Initial Presentation. Each party shall be allowed ten (10) minutes for their initial presentation. The order of initial presentations shall be:

a. Presentation by City Administration.
b. Presentation by the Appellant followed by the Applicant, if different. If Appellant and Applicant are different entities, then each is allowed the allotted time for each part of these procedures.
c. Presentation by Opponent. If anyone wishes to utilize the initial presentation time provided for an Opponent, said person shall register as an Opponent with the City Clerk at least one week prior to the scheduled public hearing or within 48 hours after the City staff report for the public hearing has been published (whichever is later). If more than one person registers to utilize the initial presentation time provided for an Opponent, the registered persons shall attempt to agree on a single representative to participate as the Opponent in the proceeding. If the persons cannot agree on a single representative, then each person (or person's representative) shall share equally the time allotted to the Opponent for each part of these procedures. If there is an Appellant who is not the Applicant or Property Owner, then no Opponent is allowed. If a Property Owner who is not the Appellant or the Applicant opposes the Application and utilizes any part of the time available to the Property Owner to make an initial presentation, the Opponent shall not be permitted to make an initial presentation (but shall be provided an opportunity for cross-examination and rebuttal/closing).
d. If the Property Owner is neither the Appellant nor the Applicant, they shall be allowed the allotted time for each part of these procedures and shall have the opportunity to speak last in each part of these procedures so that they have the opportunity to address what all the interested parties have presented.

5. Public Comment. Upon conclusion of the initial presentations, members of the public may speak for not more than three (3) minutes each. Speakers shall limit their testimony to information relevant to the ordinance or application and criteria for review.

6. Cross Examination. Each party shall be allowed a total of five (5) minutes for cross examination, which includes the time consumed by both questions and answers. Each party who opposes the application may only cross examine any witness who previously testified in support of the application. Each party who supports the application may only cross examine any witness who previously testified in opposition to the application. The questioning party is not permitted to make any statements, only to ask questions that are directly related to the testimony or evidence presented. All questions shall be addressed to the Chair and then (at the discretion of the Chair) asked either by the Chair or by the party conducting the cross examination of the appropriate witness. One (1) representative of each party shall conduct the cross examination. If anyone wishes to utilize the time provided for cross examination and rebuttal as an Opponent, and no one has previously registered with the City Clerk as an Opponent, said individual shall notify the City Clerk prior to the beginning of initial presentations for the applicable public hearing. If no one gives such notice, there shall be no cross examination or rebuttal by Opponent(s). The order of cross examination shall be:

a. Cross examination by City Administration.
b. Cross examination by Opponents, if applicable.
c. Cross examination by Appellant followed by Applicant, followed by Property Owner, if different.

7. Rebuttal/Closing. Each party shall have five (5) minutes to provide a closing argument and/or rebuttal. The order of rebuttal/closing shall be:

a. Rebuttal/Closing by City Administration.
b. Rebuttal/Closing by Opponent, if applicable.
c. Rebuttal/Closing by Applicant followed by the Appellant, if different, followed by Property Owner, if different.

MEMORANDUM

TO: Honorable Lisset Hanewicz, Chair, and Members of City Council

FROM: Thomas Greene, Assistant City Administrator TG

DATE: July 10, 2026

SUBJECT: July 23, 2026, City Council meeting to Set Proposed Millage Rate for FY 2027 Budget and Establishing Public Hearing Dates

Attached for City Council's action are two resolutions: one which sets the proposed property tax millage rate for Fiscal Year 2027, and the second which sets the date, time, and place of the required public hearings for the FY 2027 budget and millage rate.

The first resolution provides for a proposed millage rate of 6.4525 mills, which remains unchanged from the current FY26 millage rate. For comparison purposes the "rolled back" rate is 6.3854. Please note that once the millage rate has been tentatively adopted, it may be reduced by further City Council action, but an increase would require the City to notify each property owner of the change at the City's additional cost.

During Special Session F, the Florida Legislature passed SB 4F which was signed by Governor DeSantis. This new law of Florida (2026-240) amends F.S. 200.065 related to the method of fixing millage. Specifically, this new law amends F.S. 200.065(5) to remove a calculation of the current year's maximum millage rate based on the prior year's taxes and a maximum millage rate and removes the option to levy the adopted rate from the prior year, if higher. Based on this new law, the maximum millage rate that may be levied by a majority vote of City Council is the rolled-back rate computed under F.S. 200.065(1). The City may adopt a millage rate up to 110% of the rolled-back rate by a two-thirds vote of City Council. The City may adopt a millage rate exceeding 110% of the rolled-back rate by a unanimous vote of City Council Based on the changes to F.S. 200.065, a two-thirds majority vote of City Council is required to pass the proposed millage rate of 6.4525 mills for FY27.

The public hearing resolution establishes Thursday, September 3, 2026, and Thursday, September 17, 2026, as the dates for the public hearings to tentatively and finally adopt the budget. Both hearings will be held at 6:00 p.m. at City Hall. As required, these dates fall within the timeframes specified in Chapter 200.065 of the Florida State Statutes, and do not conflict with either the Board of County Commissioners' or the School Board's hearing dates.

The proposed millage rate and date of the first public hearing are due to the Property Appraiser's Office by July 28, 2026, for inclusion on the TRIM notices which are scheduled to be mailed to property owners on August 17, 2026.

cc: Kenneth T. Welch, Mayor
Rob Gerdes, City Administrator
Jacqueline Kovilaritch, City Attorney

Hearing Date Resolution

RESOLUTION NO. 2026 -_____

A RESOLUTION ADOPTING PROPOSED MILLAGE RATE NECESSARY TO FUND THE TENTATIVE OPERATING BUDGET, OTHER THAN THE PORTION OF SAID BUDGET TO BE FUNDED FROM SOURCES OTHER THAN AD VALOREM TAXES FOR FISCAL YEAR 2027; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, a tentative operating budget has been prepared for the City of St. Petersburg for fiscal year 2027; and

WHEREAS, the following calculations apply to the tentative operating budget to be funded from Ad Valorem Taxes:

Taxable Value

Current Year Gross Taxable Value	$39,340,558,320
96% of Gross Taxable Value	37,766,935,987

Operating Budget

Tentative General Fund Requirements	$437,324,534
Less Sources other than Ad Valorem Taxes	193,633,380
Ad Valorem Taxes necessary to fund Tentative Operating Budget	$243,691,154
Levy required to fund Tentative Operating Budget $243,691,154 ÷ $37,766,935,987 = .0064525	6.4525 mills
Total Levy required to fund Tentative Operating Budget	6.4525 mills

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that in order to raise and produce the funds necessary to fund that portion of the tentative operating budget of the City of St. Petersburg for the fiscal year ending September 30, 2027 that is to be funded from Ad Valorem Taxes, there is hereby adopted a proposed millage rate of 6.4525 mills.

BE IT FURTHER RESOLVED that the tentative operating budget and proposed millage rate as herein set out be immediately transmitted to the Property Appraiser along with the rolled back rate calculation and the date, time and place at which public hearings will be held to consider the proposed millage rate, the tentative operating budget, and the rolled back rate calculation.

This Resolution shall become effective immediately upon its adoption.

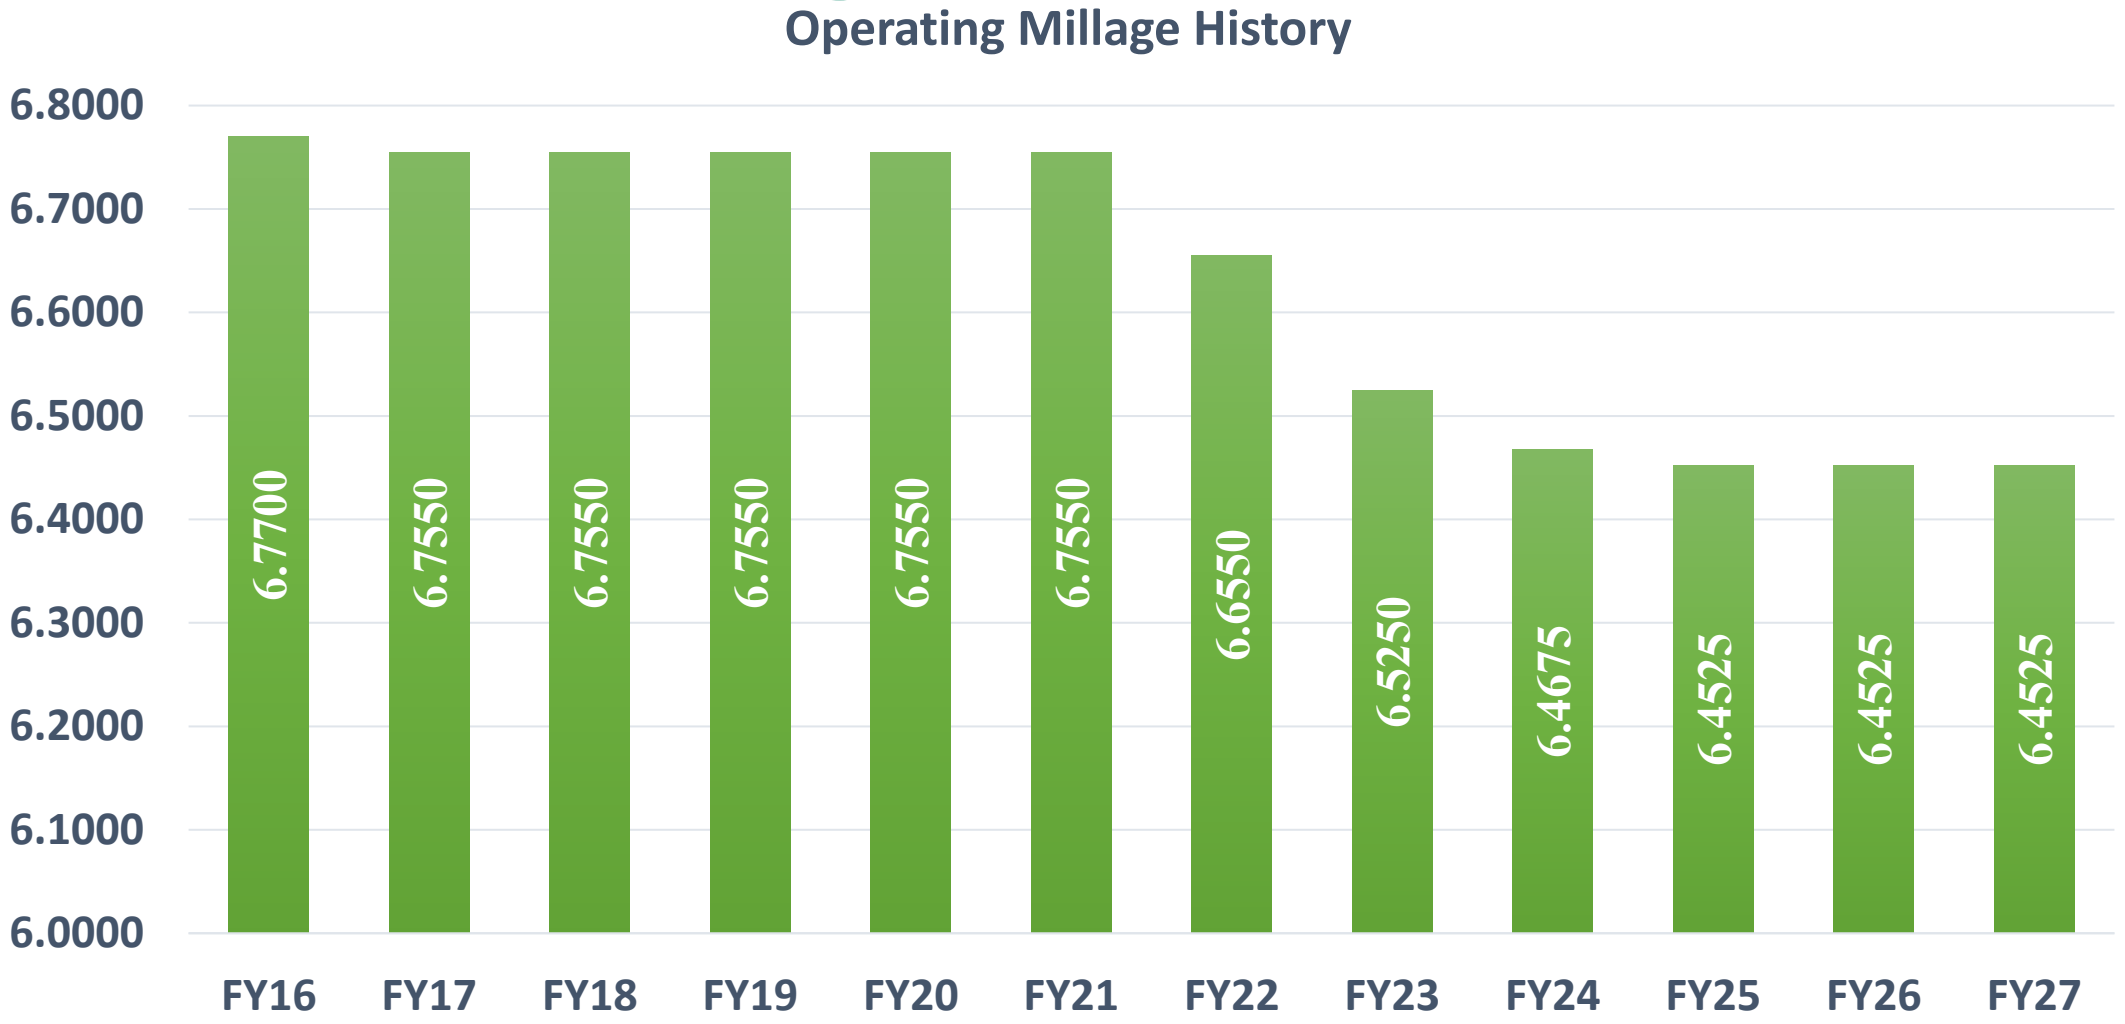
Historical Millage Rate



Rollback Rate

- Rollback rate = 6.3854
- Proposed Millage Rate = 6.4525
- Increase from Rollback Rate = 1.05%
- FY 2026 Ad Valorem Revenues = $228.876 million
- FY 2027 Ad Valorem Revenues = $243.691 million
- Increase in Ad Valorem Revenue = $14.815 million
  - *(based on the certified tax roll delivered to the City on July 1, 2026)*

Changes to the Millage Rate

The Florida Legislature passed SB 4F during Special Session F. This new law amends F.S. 200.065, related to the method of fixing millage.

Specifically, this new law amends F.S. 200.065(5) to remove a calculation of the current year's maximum millage rate based on the prior year's taxes and a maximum millage rate and removes the option to levy the adopted rate from the prior year, if higher.

- **Majority Vote** – any millage rate up to the rolled back rate
- **Two-Thirds Vote** – a millage rate not more than 110% of the rolled back rate
- **Unanimous Vote** – any millage rate greater than 110% of the rolled back rate

Millage Rates

- **Majority Vote** – up to the rolled back rate, which is 6.3854
- **Two-Thirds Vote** – not more than 110% of the rolled back rate, which is 7.0239
- **Unanimous Vote** – greater than 110% of the rolled back rate, which is 7.0239

Proposed millage rate of 6.4525 will require a **two-thirds vote** despite being unchanged from FY26

Budget Information

F-2

RESOLUTION NO. 2026-__

A RESOLUTION AUTHORIZING THE ISSUANCE, SUBJECT TO THE BOND REFERENDUM HEREIN PROVIDED FOR, OF NOT TO EXCEED $600,000,000 GENERAL OBLIGATION BONDS IN ONE OR MORE SERIES FOR THE CITY OF ST. PETERSBURG, FLORIDA, PAYABLE FROM THE FULL FAITH, CREDIT AND UNLIMITED AD VALOREM TAXING POWER OF THE CITY, TO FINANCE STORMWATER, WASTEWATER AND/OR POTABLE WATER UTILITY SYSTEM IMPROVEMENTS; CALLING A BOND REFERENDUM TO BE HELD AS PART OF THE MUNICIPAL GENERAL ELECTION SCHEDULED FOR NOVEMBER 3, 2026; PROVIDING BALLOT TEXT FOR THAT REFERENDUM; ESTABLISHING INTENT TO REIMBURSE SUCH CAPITAL EXPENDITURES INCURRED WITH PROCEEDS OF SUCH GENERAL OBLIGATION BONDS; AND PROVIDING AN EFFECTIVE DATE

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ST. PETERSBURG, FLORIDA:

SECTION 1. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the Constitution and laws of the State of Florida, including Sections 100.201-100.351, Florida Statutes, Chapter 166, Florida Statutes, the Charter of the City of St. Petersburg, Florida (the "City") and other applicable provisions of law (hereinafter collectively referred to as the "Act").

SECTION 2. FINDINGS. It is hereby ascertained, determined and declared that:

(A) The City established the "St. Pete Agile Resilience" or "SPAR" program in the aftermath of Hurricanes Helene and Milton to identify ways to accelerate the provision of infrastructure and capital improvements mitigating neighborhood flooding citywide and protecting critical facilities from storm surges, thereby making the City's stormwater, wastewater and potable water systems (the "System") more resilient.

(B) The City has identified various stormwater, wastewater, and/or potable water utility system capital improvement projects. These projects may include, but are not limited to, wastewater collection system improvements, water distribution improvements, wastewater treatment facilities, water treatment and supply facilities, stormwater treatment, floodwater

protection, pump stations and other drainage infrastructure (collectively, the "Project"). Much of the Project currently falls within the scope of the SPAR program, and a list of representative improvements that may fall within the scope of the Project is attached to this Resolution as Appendix A. This list is attached for illustrative purposes and is not a commitment to make any of those improvements.

(C) Approximately $900,000,000 in capital improvement funding has already been planned for construction of the Project. Issuing municipal general obligation bonds in an amount not to exceed $600,000,000 will provide approximately $594,000,000 in additional funding for the Project that will allow the City to (i) construct needed public infrastructure in the near term, rather than delaying construction, potentially for several years or more, while funds are accumulated, (ii) spread some of the cost of the Project over time so that the residents who benefit from the facilities comprising the Project throughout its useful life help pay for it, rather than placing the entire financial burden on current taxpayers, and (iii) preserve the City's cash reserves and fund balance for emergencies, unforeseen needs, and ongoing operations.

(D) Accelerating the Project through general obligation bond financing can help mitigate the risk of increased construction costs that typically result from inflation over time. Financing further provides predictable annual debt service payments that can be incorporated into the City's long-term financial planning and budgeting.

(E) Accordingly, it is necessary and desirable that the City finance the stormwater, wastewater and/or potable water utility system improvements comprising the Project, and pay issuance expenses in connection with the financing or financings.

(F) While Project costs could be financed by the issuance of public utility revenue bonds secured by revenues of the System, the issuance of such revenue bonds would require additional utility rate increases.

(G) In contrast, financing Project costs through issuance of general obligation bonds payable from the full faith, credit and unlimited ad valorem taxing power of the City would allow the Project to be accelerated and to be paid for by a voter-approved levy of ad valorem taxes upon all taxable real property in the City, such that the debt service on such bonds would be paid by current and future property owners who will benefit from the Project.

(H) Under the Act, the qualified electors of the City must approve, through a bond referendum, issuance of general obligation bonds to finance the costs of the Project.

(I) For the reasons stated in the preceding findings, the City Council hereby determines that it serves a paramount public purpose that the Project be constructed and that it is in the best interest of the City to issue general obligation bonds in one or more series to finance all or a part of the costs of the Project.

(J) This Resolution is intended to constitute a "declaration of official intent" within the meaning of Section 1.150-2 of the Income Tax Regulations which were promulgated

pursuant to the Internal Revenue Code of 1986, as amended, with respect to the debt incurred to finance the costs of the Project.

(K) The City now desires to issue general obligation bonds in one or more series in an aggregate principal amount not to exceed $600,000,000 (the "Bonds") pursuant to the terms of one or more authorizing bond resolutions hereafter to be adopted by the City Council if approved through the bond referendum authorized herein. Such aggregate principal amount shall include any original issue premiums and excludes any original issue discounts. Such not to exceed amount was determined based on cost estimates for the Project together with financing costs associated with issuance of the Bonds.

SECTION 3. AUTHORIZATION OF BONDS. Subject and pursuant to the provisions of the Act and this Resolution, the Bonds of the City are authorized to be issued to finance the cost of the Project. The monies received and interest earned from the issuance of such Bonds will be used for such purpose. The Bonds shall be general obligations of the City and shall be secured by the full faith, credit, and unlimited ad valorem taxing power of the City. The Bonds shall mature in not more than 30 years from the date of issuance of each series, and the Bonds shall bear interest at a rate not exceeding the maximum rate permitted by law at the time of the sale of the Bonds. Both principal and interest on the Bonds, and, redemption premiums, if any, shall be payable at the office of the paying agent to be named by the City at or prior to the sale of the Bonds.

The Bonds shall be issued pursuant to authority granted under this Resolution and the Act, but only after approval of the bond referendum described in Section 4 and subsequent adoption of one or more authorizing bond resolutions by the City Council, as governing body of the City.

SECTION 4. BOND REFERENDUM. A bond referendum of the qualified electors residing in the City is hereby called to be held during the general municipal election scheduled for Tuesday, November 3, 2026, to determine whether or not to authorize the Bonds (the “Referendum”). All qualified electors in the City shall be entitled and permitted to vote in the Referendum, and the Bonds may not be issued as described in Section 3 unless first approved by the majority of votes cast by those persons eligible to vote in the Referendum.

SECTION 5. NOTICE OF BOND REFERENDUM. Notice of the Referendum shall be published in accordance with applicable law, including Sections 100.211 and 100.342, Florida Statutes, and City Code Section 10-3.

[Remainder of page intentionally left blank]

SECTION 6. OFFICIAL BALLOT. The City shall use the following caption and explanatory statement as the ballot title and ballot summary for the Referendum:

Stormwater, Wastewater and/or Potable Water Improvements
General Obligation Bond Referendum

Shall the City finance storm resilience improvements, including but not limited to, floodwater protection, stormwater pump stations, drainage infrastructure, as well as wastewater collection and treatment facilities, drinking water distribution and supply facilities, by issuing general obligation bonds in one or more series, not exceeding $600,000,000, bearing interest not exceeding maximum legal rates, maturing not more than 30 years from each issuance date, pledging the City's full faith, credit, and unlimited ad valorem taxing power?

Yes - For Bonds
No - Against Bonds

SECTION 7. INTENT TO REIMBURSE. The City Council hereby expresses its intention that the City be reimbursed from the proceeds of the Bonds for costs relating to the Project. Pending reimbursement, the City expects to use funds on deposit in the City's general fund or other appropriate fund or account to pay such costs. This Resolution is intended to constitute with respect to the construction of the Project a "declaration of official intent" within the meaning of Section 1.150-2 of the Income Tax Regulations.

SECTION 8. SEVERABILITY. The provisions of this Resolution are intended to be severable, and a determination that any portion of this Resolution is invalid should not affect the validity of the remaining portions of this Resolution.

SECTION 9. EFFECTIVE DATE. This Resolution shall become effective immediately upon its adoption.

APPENDIX A

General Obligation Bond Projection Allocations and Estimates
Representative Categories/Projects

Category	Allocation	Estimate
Stormwater Infrastructure	42%	$246,000,000
Water Infrastructure	16%	$98,000,000
Wastewater Infrastructure	42%	$245,000,000
Total Estimated GO Bond Revenue	**100%**	**$589,000,000**

REPRESENTATIVE CATEGORIES/PROJECTS

The City allocation % by category is subject to change because the priorities and needs, as defined by the community, as well as the feasibility of individual improvement projects, may change over the span of the Project.

STORMWATER INFRASTRUCTURE

Stormwater Drainage Improvements

Reduce flood risks from heavy rain in stormwater floodplains by preventing localized flooding and ensuring water is conveyed safely. Possible improvements include upsizing pipes and culverts; widening ditches; creating new bypass routes; adjusting road grades for improved drainage.

Representative Projects:

- 116th Avenue North Stormwater Improvements
- 63rd A/S & 16th S/S Stormwater Improvements
- Walnut St NE Stormwater Improvements
- Golf Creek & 9th Ave Stormwater Improvements
- 7 S/S & 18 A/S Drainage Imps (Basin C Project 3)

Wet Weather Stormwater Treatment and Infrastructure

Reduce flood risks in stormwater floodplains served by canals, creeks, ditches, or lakes that lack adequate capacity and storage, or restrict drainage, during extreme 12-inch 24-hour rainfall events. Possible improvements include expanding capacity in canals, creeks, and ditches; adding new outfalls or bypass routes; increasing storage through interconnected ponds; stormwater pump stations.

Representative Projects:

- Bear Creek Wet Weather Stormwater Treatment Area & Infrastructure
- Edgemoor Wet Weather Stormwater Infrastructure
- Emerald Lake Wet Weather Stormwater Infrastructure
- Jorgensen Lake Wet Weather Stormwater Infrastructure
- Northwest Wet Weather Stormwater Infrastructure

Stormwater Flood Protection and Pump Stations

Reduce flood risks in neighborhoods affected by frequent high tide flooding with or without rainfall. Coastal neighborhoods may sit at low elevations and experience sunny day flooding from high tides, or flooding during rain events if stormwater storage basins are impacted during high tide. Possible improvements include flood gate systems that use structural barriers, such as flood gates and berms, to prevent tidal backflow from adjacent water bodies.

Representative Projects:

- Clam Bayou Tidal Protection Gate
- Shore Acres Flood Gate System

WATER INFRASTRUCTURE

Water Distribution Infrastructure

Reduce drinking water disruptions during severe weather events, increasing the resiliency of the drinking water supply for all households and businesses as well as reducing the risk of precautionary boil water notices. Work done under this program will replace pipes in key areas, based on need (age, condition, break history), and ability to provide redundancy to the pipelines supplying drinking water to St. Petersburg. Possible improvements may include constructing sections of new pipelines, rehabilitating old pipes to like new condition, and improving interconnection between pipelines.

Representative Projects:

- Downtown Main Replacement
- Transmission Main Leak Detection
- High Corrosion Replacement
- Valve Replacement
- Upgrade of Transmission Mains

Water Treatment and Supply Infrastructure

Reduce drinking water disruptions during severe weather events, increasing the resiliency of the drinking water supply for all households and businesses as well as reducing the risk of precautionary boil water notices. Possible improvements may include storm-hardening structures; enhancing generator backup power supply; replacing and elevating critical equipment; providing efficient and reliable pumping capability; replacing ageing water storage tanks.

Representative Projects:

- Electrical Improvements at the Supply Connection on Gulf to Bay Blvd.
- OBE (Oberly) Supply Pump Station Generator Replacement
- OBE Vertical Turbines
- OBE Facility Building
- OBE Replace Existing Tanks with Concrete
- WAS (Washington Terrace) Supply Pump Station Facility Building

- WAS Yard Valve Replacement
- OBE and WAS Onsite Generation of Sodium Hypochlorite for Backup Treatment

WASTEWATER INFRASTRUCTURE

Wastewater Collection Infrastructure

Reduce sewer backups and overflows during severe weather events. Possible improvements may include upsizing existing pipes; lining existing pipes with cast-in-place-piping systems to reduce inflow and infiltration; protecting sewer lift stations from floods; replacement of lift station electrical and controls equipment, pumps and generators; improving interconnections between and within sewer basins; construct a control valve station interconnect sewer basins; and constructing dedicated wet weather express sewer pipelines.

Representative Projects:

- Private Lateral Rehabilitation Rebate Program
- Lift Station Rehabilitation/Replacement
- Lift Station NE2 Wet Weather Phase 2
- Priority Area Cast-In-Place-Pipe
- NE-2 Capacity Improvements Phase 2
- Wet Weather Valve Station (WC-3)
- Lift Station 85 Force Main Upgrade
- Express Sewer (WC-3)

Wastewater Treatment Infrastructure

Reduce sewer treatment service disruption during severe weather events, reduce sewer backups and overflows. Possible improvements may include resiliency upgrades; elevating critical plant equipment out of the floodplain, upgrading to submersible equipment, and installing flood barriers to protect critical buildings; storm-hardening structures; enhancing emergency backup power supply; providing wet-weather emergency storage of sewage to prevent sewer overflows; building new operations and maintenance buildings that meets Category 5 hurricane wind requirements and are elevated above the 15-foot storm surge, allowing staff to safely shelter in place and continue plant operation during extreme weather events; and constructing dedicated wet weather express sewer pump stations.

Representative Projects:

- WRF Storm Vulnerability Upgrades
- Wet Weather Equalization Storage Tanks
- Wet Weather Reject Storage Tanks
- Operations, Lab, and Maintenance Buildings Replacement and Elevation
- Combined Heat and Power Generator Replacement
- Wet Weather Transfer Pump Station (WC-3)

F-3

ST. PETERSBURG CITY COUNCIL

Consent Agenda

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: A resolution authorizing the Mayor, or his designee, to execute a License Agreement with the University of South Florida Board of Trustees, a public body corporate, for its School of Geosciences, to utilize a certain area of City-owned land within Clam Bayou Preserve located at the intersection of 26th Avenue South and 38th Street South, St. Petersburg, Florida, to install and operate flood monitoring camera equipment for a term of three (3) years for a fee of $10.00 for the term, subject to certain terms and conditions; and authorizing execution of all documents necessary to effectuate same; and providing an effective date. ***(Requires an affirmative vote of at least six (6) members of City Council.)***

EXPLANATION: During 2024, City Council approved eight (8) license agreements, for terms of three (3) years each, with the University of South Florida Board of Trustees, a public body corporate, for its School of Geosciences ("Licensee"), to utilize certain areas within various City-owned park and waterfront properties to install and operate flood monitoring camera equipment ("Equipment") in order to capture and report flooding in real time. Real Estate & Property Management ("REPM") recently received an additional request from the Licensee to utilize a certain area of land within Clam Bayou Preserve ("Premises"), near the trail entrance adjacent to Perry Bayview Community Playground, located at the intersection of 26th Avenue South and 38th Street South, St. Petersburg, Florida, as depicted in the attached illustration, to install and operate its Equipment.

The Licensee has executed a License Agreement ("License") for a term of three (3) years, for a fee of ten dollars ($10.00) for the entire term, subject to City Council approval.

The License provides that the Licensee is responsible, at its sole cost and expense, for maintenance of the Premises and Equipment. The Licensee is an institution of the State of Florida that is self-insured under Florida Statute Section 768.28 Chapter 284, Part III and will provide insurance amounts as governed by statute protecting the City against all claims or demands that may arise or be claimed on account of Licensee's use of the Premises. The License may be terminated without cause by either party with thirty (30) days written notice prior to the scheduled date of termination. Under the terms of the License, the City is under no obligation to provide a replacement facility under any circumstances.

Section 1.02 (c)(2) of the City Charter, Park and Waterfront Property, permits City Council approval of leases for Park and Waterfront property for three (3) years or less on residentially zoned property with approval by an affirmative vote of at least six (6) members of City Council. The subject property is zoned Neighborhood Suburban Single Family (NS).

RECOMMENDATION: Administration recommends that City Council adopt the attached resolution authorizing the Mayor, or his designee, to execute a License Agreement with the University of South Florida Board of Trustees, a public body corporate, for its School of Geosciences, to utilize a certain area of City-owned land within Clam Bayou Preserve located at the intersection of 26th Avenue South and 38th Street South, St. Petersburg, Florida, to install and operate flood monitoring camera equipment for a term of three (3) years for a fee of $10.00 for the term, subject to certain terms and conditions; and authorizing execution of all documents necessary to effectuate same; and providing an effective date.

RESOLUTION NO. 2026-___

A RESOLUTION AUTHORIZING THE MAYOR, OR HIS DESIGNEE, TO EXECUTE A LICENSE AGREEMENT WITH THE UNIVERSITY OF SOUTH FLORIDA BOARD OF TRUSTEES, A PUBLIC BODY CORPORATE, FOR ITS SCHOOL OF GEOSCIENCES, TO UTILIZE A CERTAIN AREA OF CITY-OWNED LAND WITHIN CLAM BAYOU PRESERVE LOCATED AT THE INTERSECTION OF 26TH AVENUE SOUTH AND 38TH STREET SOUTH, ST. PETERSBURG, FLORIDA, TO INSTALL AND OPERATE FLOOD MONITORING CAMERA EQUIPMENT FOR A TERM OF THREE (3) YEARS FOR A FEE OF $10.00 FOR THE TERM, SUBJECT TO CERTAIN TERMS AND CONDITIONS; AND AUTHORIZING EXECUTION OF ALL DOCUMENTS NECESSARY TO EFFECTUATE SAME; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, during 2024, City Council approved eight (8) license agreements, for terms of three (3) years each, with the University of South Florida Board of Trustees, a public body corporate, for its School of Geosciences ("Licensee"), to utilize certain areas within various City-owned park and waterfront properties to install and operate flood monitoring camera equipment ("Equipment") in order to capture and report flooding in real time; and

WHEREAS, subsequent to the approval of the aforementioned license agreements, Real Estate & Property Management ("REPM") recently received an additional request from the Licensee to utilize a certain area of City-owned land within Clam Bayou Preserve, near the trail entrance adjacent to Perry Bayview Community Playground located at the intersection of 26th Avenue South and 38th Street South, St. Petersburg, Florida, as depicted and described on Exhibit “A”, attached hereto and incorporated herein ("Premises"), to install and operate its Equipment; and

WHEREAS, the proposed license agreement ("License") will be for a term of three (3) years, for a fee of ten dollars ($10.00) for the term, subject to City Council approval; and

WHEREAS, the License provides that the Licensee is responsible, at its sole cost and expense, for maintenance of the Premises and Equipment; and

WHEREAS, the Licensee is an institution of the State of Florida that is self-insured under Florida Statute Section 768.28 Chapter 284, Part III and will provide insurance amounts as governed by statute protecting the City against all claims or demands that may arise or be claimed on account negligence attributed to the Licensee regarding Licensee’s use of the Premises; and

WHEREAS, under the terms of the License, the City is under no obligation to provide a replacement facility under any circumstances; and

WHEREAS, the License is in compliance with Section 1.02(c)(2) of the City Charter which permits the leasing and licensing of park and waterfront property for three (3) years or less on residentially-zoned property, with approval by an affirmative vote of at least six (6) members of City Council.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the Mayor, or his designee, is hereby authorized to execute a License with the Licensee to utilize the Premises to install and operate the Equipment for a term of three (3) years for a fee of $10.00 for the term, subject to certain terms and conditions set forth in the License, as more fully described in the foregoing recitals.

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to execute all documents necessary to effectuate same.

This resolution shall become effective immediately upon its adoption.

RESOLUTION NO. 2026-____

A RESOLUTION CALLING FOR TRANSPARENCY AND COMPREHENSIVE PLANNING IN THE CITY'S STORM RESILIENCY ACTIONS; REQUESTING THAT THE ADMINISTRATION CREATE A PUBLIC-FACING DASHBOARD DETAILING THE CITY'S EFFORTS TO UPGRADE AND MAINTAIN THE CITY'S STORM RESILIENT INFRASTRUCTURE; REQUESTING THAT ADMINISTRATION GIVE EQUAL CONSIDERATION TO NATURAL AND ECOLOGICAL-BASED SOLUTIONS WHEN CONSIDERING STORM RESILIENCY PROJECTS; AND SUPPORTING THE CREATION OF A CITYWIDE RESILIENCY PLAN.

WHEREAS, the City of St. Petersburg faces urgent infrastructure risks from flooding, storm surge, extreme rainfall, drought, heat, aging stormwater, wastewater, and potable-water systems, private lateral infiltration/inflow, tree canopy loss, redevelopment pressure, and increasing public costs; and

WHEREAS, the City of St. Petersburg has identified substantial infrastructure needs through a number of planning documents such as the St. Pete Agile Resilience ("SPAR") Plan, Capital Improvement Plan, Stormwater Master Plan, wastewater and potable-water planning, and more; and

WHEREAS, major investments in pipes, pumps, flood gates, lift-station hardening, wastewater treatment, potable-water infrastructure, and other infrastructure are necessary to protect public health, property, water quality, neighborhoods, businesses, and long-term economic stability; and

WHEREAS, solutions to storm impacts include natural and ecological approaches to managing surge and stormwater; and

WHEREAS, transparency and proactive planning will provide for an educated populace more ready to engage in civic conversations surrounding storm resiliency.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida:

1. City Council requests that Administration create a public-facing dashboard detailing the City's efforts to upgrade and maintain the City's storm resilient infrastructure, with information including a current and proposed project list broken down by category (surge, stormwater, wastewater, etc.), project-selection criteria, funding sources, expected timelines, neighborhood impacts, topographic and recent-flooding maps, impacts of stormwater injection wells, and plain-language FAQs.
2. City Council requests that Administration give equal consideration to natural and ecological-based solutions when considering storm resiliency projects.
3. City Council supports the creation of a citywide resiliency plan that encompasses zoning, planning, land use, development, heat risk, rain and surge flood risk, tree canopy loss, Coastal High Hazard Area ("CHHA") and repetitive flood loss planning, fiscal considerations, and the creation of a resiliency advisory board.

This resolution shall become effective immediately upon its adoption.

Council Vice-Chair Richie Floyd
Chair, HLUT Committee

RESOLUTION NO. ___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ST. PETERSBURG, FLORIDA SUPPORTING THE IMPLEMENTATION OF THE RECOMMENDATIONS SET FORTH IN THE CONNECTING SOUTH ST. PETERSBURG COMMUNITY REDEVELOPMENT AREA MOBILITY STUDY, SUBJECT TO ALL NECESSARY APPROVALS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, following the approval of an Interlocal Agreement in 2023, the City began a collaboration with the Pinellas Suncoast Transit Authority ("PSTA") and its funding partners to conduct the Connecting South St. Petersburg Community Redevelopment Area Mobility Study to engage with stakeholders and review data to evaluate options for enhancing mobility and transportation access for residents and workers in the South St. Petersburg Community Redevelopment Area; and

WHEREAS, following significant public outreach to identify community priorities, PSTA and its consultant team, supported by city staff, have developed a series of recommendations incorporated in a final draft report with prioritized projects for implementation of strategic transportation investments based on the study's findings; and

WHEREAS, a presentation related to the study was made to the PSTA Board of Directors at its February 2026 meeting and the PSTA Board of Directors remains in support of the recommendations set forth in the final study report; and

WHEREAS, the report was shared with and presented to the South St. Petersburg Community Redevelopment Area Citizen Advisory Committee ("CAC") at its June 2026 meeting, and the CAC voted unanimously to recommend approval of the study's recommendations; and

WHEREAS, at its July 16, 2026 meeting, the Housing, Land Use, and Transportation Committee voted in favor of advancing this Resolution to full Council for approval; and

WHEREAS, while the study was initiated by the PSTA, the City is the local agency that will most likely be responsible for the implementation of the recommendations set forth in the study, and such implementation may involve the City coordinating with other agencies such as the Florida Department of Transportation, Pinellas County, and the City of Gulfport.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the City Council hereby supports the implementation of the recommendations set forth in the South St. Petersburg Community Redevelopment Area Mobility Study, subject to all necessary approvals.

This Resolution shall take effect immediately upon its adoption.

MEMORANDUM

Agenda for the Meeting of July 23, 2026

TO: Lisset Hanewicz, City Council Chair; Members of City Council

FROM: Brett B. Pettigrew, Assistant City Attorney

DATE: July 17, 2026

SUBJECT: General election ballot order for municipal referendum questions

---

On July 9, 2026, City Council approved a preliminary ballot order for five municipal referendum questions that may be put before the City's electors during the November 3, 2026 general election. The following is a summary of the ballot titles and types for those referendum questions, listed in that preliminary order:

Ballot Order	Ballot Title	Referendum Type
1	Stormwater, Wastewater and/or Potable Water Improvements General Obligation Bond Referendum	Bond
2	Removing City-Owned Vacant Lots from Park and Waterfront Map to Create Housing	Charter Amendment
3	Authorizing Amendment of Harborage Marina Lease to Extend Term to 30 Years and Require Improvements	Park / Waterfront
4	Authorizing a 25-Year Lease Limitation for the Port of St. Petersburg	Charter Amendment
5	Technical, Clarifying, and Conforming Changes to Effectuate Holding Municipal Elections In Even-Numbered Years	Charter Amendment

The attached resolution is intended to be taken up by City Council *after* consideration of the one resolution and four ordinances that would call those referendum questions. At that time, Council should remove from the attached resolution any reference to a referendum that was not approved for the ballot and make any desired changes to the ballot order.

Finally, please be aware that the Pinellas County Supervisor of Elections (the "**SOE**") believes that municipal charter amendments must be placed on the ballot prior to all other types of municipal referendum questions. The City Attorney's Office reaches a different conclusion and has found examples of other jurisdictions in which charter amendments are preceded by other types of referendum questions on the ballot—including a general obligation bond referendum.

In response, the City Attorney's Office is preparing a request for the Division of Elections to provide an expedited opinion to the City Clerk on this question so that the ballot order can be resolved before the August 7, 2026 deadline established by the SOE for the submission of municipal ballot questions.

If the Division agrees with the SOE's interpretation, the order of the City's questions would need to be revised to place the Charter amendment questions before the other types of questions. Otherwise, City Council would be free to maintain the order shown in the attached resolution or any other order it decides is appropriate.

If you have any questions about any of the matters described above, please do not hesitate to contact me directly. Otherwise, I look forward to supporting your discussion of these election-related matters at the upcoming meeting.

RESOLUTION NO. 2026-_____

A RESOLUTION CONCERNING THE ORDER OF MUNICIPAL REFERENDUM QUESTIONS ON THE BALLOT OF THE MUNICIPAL GENERAL ELECTION SCHEDULED FOR NOVEMBER 3, 2026, AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, in accordance with City Charter sections 3.02 and 5.05 and City ordinance 625-H, a municipal general election is scheduled be held on Tuesday, November 3, 2026 (the "**Election**"); and

WHEREAS, contemporaneously with the adoption of this resolution, City Council adopted a separate resolution to call a referendum concerning the authorization of general obligation bonds not to exceed $600,000,000 to finance stormwater, wastewater, and potable water utility system improvements (the "**GO Bond Referendum**"); and

WHEREAS, contemporaneously with the adoption of this resolution, City Council adopted ordinance 639-H to call a referendum concerning amendment of the City Charter to remove certain City-owned vacant lots from the City Charter Park and Waterfront Map to allow subsequent and separate land use changes and potential sale of those lots for the construction of affordable or workforce housing (the "**Jamestown Referendum**"); and

WHEREAS, contemporaneously with the adoption of this resolution, City Council adopted ordinance 640-H to call a referendum concerning approval of an amendment of the City's lease of submerged lands at Harborage Marina (the "**Harborage Referendum**"); and

WHEREAS, contemporaneously with the adoption of this resolution, City Council adopted ordinance 641-H to call a referendum concerning amendment of the City Charter to extend lease limitations established for the Port of St. Petersburg (the "**Port Referendum**"); and

WHEREAS, contemporaneously with the adoption of this resolution, City Council adopted ordinance 642-H to call a referendum concerning amendment of the City Charter for the purpose of fully effectuating the 2022 referendum that rescheduled municipal elections for Mayor and City Council Members to occur in conjunction with national and state elections in even-numbered years (the "**Election Cleanup Referendum**"); and

WHEREAS, each of those referendum questions is to be placed upon the Election ballot to be voted on by the City's electors; and

WHEREAS, City Council desires to specify the order in which those referendum questions will be placed on the Election ballot.

NOW, THEREFORE, BE IT RESOLVED that, pursuant to City Charter section 5.03 and City Code section 10-5, City Council hereby establishes the following order for the applicable referendum questions to be placed on the Election ballot:

1. GO Bond Referendum

2. Jamestown Referendum

3. Harborage Referendum

4. Port Referendum

5. Election Cleanup Referendum

BE IT FURTHER RESOLVED that City Council requests that the City Clerk take all necessary and appropriate steps to place those referendum questions on the Election ballot in the order specified above or, if that order is determined to be inconsistent with applicable law, in an order that most closely approximates the one above in a manner that is consistent with applicable law.

This resolution will become effective immediately upon adoption.

TOTAL:	**$ 7,920.73**

A RESOLUTION CONFIRMING PRELIMINARY ASSESSMENT ROLLS FOR LOT CLEARING NO. 1684 ("LCA 1684") AS LIENS AGAINST THE RESPECTIVE REAL PROPERTY UPON WHICH SUCH COSTS WERE INCURRED; PROVIDING THAT SAID LIENS HAVE A PRIORITY AS ESTABLISHED BY CITY CODE SECTION 16.40.060.4.4; PROVIDING FOR INTEREST RATE(S) ON UNPAID BALANCES; ACKNOWLEDGING THAT NOTICE(S) OF LIEN(S) WILL BE FILED BY THE POD IN THE OFFICE OF THE CITY CLERK AND MAY BE RECORDED IN THE PUBLIC RECORDS OF THE COUNTY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, preliminary assessment rolls for Lot Clearing No.1684 ("LCA 1684") have been submitted by the POD (i.e., person officially designated) to the City Council pursuant to St. Petersburg Code Section 16.40.060.4.4; and

WHEREAS, notice of the public hearing was duly published in accordance with St. Petersburg City Code Section 16.40.060.4.4; and

WHEREAS, City Council met at the time and place specified in the notice and heard any and all objections that any affected party wished to offer as to why said assessments should not be made final.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that this Council confirms the preliminary assessment rolls for Lot Clearing No.1684 ("LCA 1684") as liens against the respective real property upon which such costs were incurred and that pursuant to Section 16.40.060.4.4 of the St. Petersburg City Code said liens shall be superior in dignity to all other liens except taxes.

BE IT FURTHER RESOLVED that the unpaid balance of the principal amount of any liens against the respective real property listed on LCA 1684 shall bear interest at the rate of (i) 8% per annum beginning 30 days after the effective date of this Resolution and (ii) 12% per annum beginning one year after the effective date of this Resolution.

BE IT FURTHER RESOLVED that this Council acknowledges that notice(s) of the lien(s) will be filed by the POD in the office of the City Clerk and may be recorded in the public records of the County.

This Resolution shall become effective immediately upon its adoption.

J-5

ST. PETERSBURG CITY COUNCIL

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: Ordinance 639-H, an ordinance concerning the removal of certain City-owned vacant lots from the City Charter Park and Waterfront Map to allow subsequent and separate land use changes and potential sale of those lots; making findings regarding the need to amend the Charter for that purpose; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

BACKGROUND: In the mid-1970s, the City began construction of a multi-family affordable housing complex currently known as Jamestown Apartments and Townhomes ("Jamestown"). Immediately to the north of Jamestown is a City park ("Unity Park") that is adjacent to park-like, recreational open space within the Jamestown Complex ("Jamestown Open Space").

On June 17, 1982, City Council adopted Ordinance 582-F for the purpose of adopting a document entitled "Detailed Community Redevelopment Plan—Jamestown Project Area" as a community redevelopment plan under Florida Statutes Chapter163 (as amended, the "1982 Plan") for an area generally described as "immediately west of the Central Business District and bounded by 9th and 16th Streets North and Arlington and 4th Avenues North."

The area covered by the 1982 Plan was subdivided into four (4) smaller areas, which were designated as phases I, IIA, IIB, and III. Only the areas covered by phases I and IIA are relevant to the proposed ordinance, and the use of those areas can be generally described as follows:

1) The area covered by phase I is used for Unity Park, Jamestown, and the Jamestown Open Space.

2) The area covered by phase IIA is used primarily for single- and multi-family residential housing immediately west of Jamestown. It also includes nine (9) City-owned parcels ("City Infill Lots"). Four (4) of the City Infill Lots are immediately north of the residential parcels, adjacent to 4th Avenue North, and the remaining five (5) City Infill Lots are located immediately south of the residential parcels and immediately north of six (6) commercial parcels off Burlington Avenue North.

The City Infill Lots were acquired by the City pursuant to elements of the 1982 Plan stating that the residential parcels in phase IIA should be "buffered from the surrounding major streets and land uses as much as possible" and that lots should be acquired by the City for the "development of a public open space buffer system."

On November 6, 1984, in a City-wide referendum held pursuant to Ordinance 780-F, voters approved an amendment to City Charter Section 1.02 that incorporated into the City Charter a map of City-owned park and waterfront property ("Charter Map") for the purpose of (i.) conclusively determining which parcels owned by the City at that time

were considered park or waterfront property and (ii.) establishing limitations on the use and disposition of those parcels.

Although the Charter Map grouped Unity Park, the Jamestown Open Space, and the City Infill Lots into a single composite "park" parcel, that grouping is inconsistent with historic and current use. Unity Park is maintained to landscaping standards for City parks and open to the public. Similarly, the adjacent Jamestown Open Space is maintained in a manner similar to a park and is open to Jamestown residents for recreational purposes. In contrast, the nine (9 City Infill Lots are fragmented by housing, streets, and alleys; maintained only as necessary to comply with City Code standards for a vacant lot; and posted with signage declaring each lot to be off-limits to the public.

Accordingly, the City Infill Lots do not function as a City park or serve in a park-like purpose. Additionally, the City Infill Lots are not needed for the "buffer" purposes contemplated by the 1982 Plan, which expired on June 17, 2012, after the 30-year period provided by the 1982 Plan.

On August 14, 2025, City staff presented the Housing, Land Use and Transportation Committee ("HLUT") with the proposed removal of the nine (9) City Infill Lots from the Charter Map for the purpose of creating affordable housing opportunities. On March 11, 2026, City staff presented the HLUT Committee with additional information related to the proposed removal of the City Infill Lots from the Charter Map, including the proposed plan to rezone the City Infill Lots from the current Neighborhood Suburban Estate (NSE) zoning to Neighborhood Suburban Multifamily-2 (NSM-2), to match the surrounding zoning. As part of the proposal, four (4) of the City Infill Lots will be placed in the City's Affordable Lot Disposition Program for the construction of affordable single-family homes, with the five (5) larger lots utilized for affordable multi-family development totaling approximately thirty-seven (37) units.

Before the City Infill Lots can be used for the proposed housing purposes, the City Charter must be amended to remove the City Infill Lots from the Charter Map. Following such an amendment, the City Infill Lots would no longer be classified as parkland under the City Charter, which would allow the City to use the City Infill Lots in accordance with then-applicable zoning and land use map designations. The specific parcels that would be removed by the amendment are described as follows:

Lots 1 and 12, Block F, HARVEY'S ADDITION SUBDIVISION
PINs: 24/31/16/37530/006/0010 & 24/31/16/37530/006/0120

Lots 1, 2, 11 and 12, Block G, HARVEY'S ADDITION SUBDIVISION
PINs: 24/31/16/37530/007/0010 & 24/31/16/37530/007/0110

Lots 17 and 18, Block I, HARVEY'S SUBDIVISION
PIN: 24/31/16/37512/009/0170

W 45 ft., more or less, of Lots 13 and 14, and all of Lots 15, 16 and 20, Block J, HARVEY'S SUBDIVISION
PINs: 24/31/16/37512/010/0130 & 24/31/16/37512/010/0200

Lots 12, 13, and 21, Block K, HARVEY'S SUBDIVISION
PINs: 24/31/16/37512/011/0120 & 24/31/16/37512/011/0210

Pursuant to Florida Statutes Section 166.031, the Charter may be amended pursuant to a referendum put to a vote of the electors at a general election held within the municipality, and a referendum to amend the Charter will be held in conjunction with the municipal general election scheduled for November 3, 2026.

Because the proposed Charter amendment concerns the scope of property subject to the referendum procedures in Charter subsection 1.02(d), the City has elected to follow the notice requirements set forth in that subsection including City Code subsection 30-1(b). The City Clerk has received proof of compliance with these notice requirements.

RECOMMENDATION: Administration recommends that City Council adopt the attached Ordinance 639-H concerning the removal of certain City-owned vacant lots from the City Charter Park and Waterfront Map to allow subsequent and separate land use changes and potential sale of those lots; making findings regarding the need to amend the Charter for that purpose; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

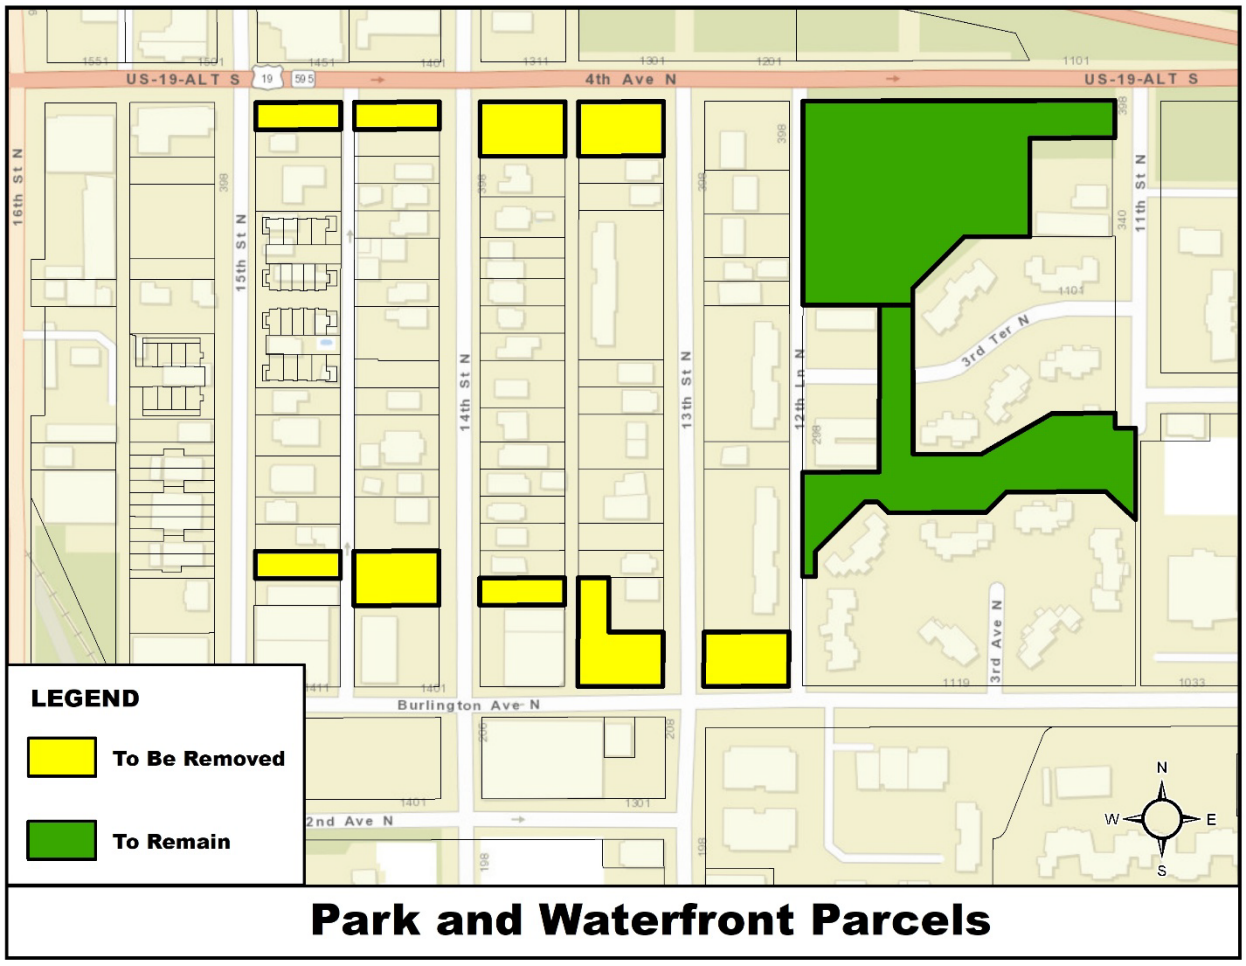
(Jamestown-City Infill Lots)



ORDINANCE NO. _____

AN ORDINANCE CONCERNING THE REMOVAL OF CERTAIN CITY-OWNED VACANT LOTS FROM THE CITY CHARTER PARK AND WATERFRONT MAP TO ALLOW SUBSEQUENT AND SEPARATE LAND USE CHANGES AND POTENTIAL SALE OF THOSE LOTS; MAKING FINDINGS REGARDING THE NEED TO AMEND THE CHARTER FOR THAT PURPOSE; CALLING A REFERENDUM DURING THE NOVEMBER 3, 2026 MUNICIPAL GENERAL ELECTION TO AUTHORIZE SUCH A CHARTER AMENDMENT; PROVIDING BALLOT TEXT FOR THAT REFERENDUM; AND PROVIDING AN EFFECTIVE DATE.

THE CITY OF ST. PETERSBURG ORDAINS THE FOLLOWING:

SECTION 1—FINDINGS: The City Council of the City of St. Petersburg, Florida, ("**City Council**") hereby makes the following findings:

(A) In the mid-1970s, the City began construction of a multi-family affordable housing complex currently known as "Jamestown Apartments and Townhomes" ("**Jamestown**"). Immediately to the north of Jamestown is a City park ("**Unity Park**") that is adjacent to park-like, recreational open space within the Jamestown complex (the "**Jamestown Open Space**").

(B) On June 17, 1982, City Council adopted ordinance 582-F for the purpose of adopting a document entitled "Detailed Community Redevelopment Plan—Jamestown Project Area" as a community redevelopment plan under Florida Statutes chapter 163 (as amended, the "**1982 Plan**") for an area generally described as "immediately west of the Central Business District and bounded by 9th and 16th Streets North and Arlington and 4th Avenues North."

(C) The area covered by the 1982 Plan was subdivided into four smaller areas, which were designated as phases I, IIA, IIB, and III. Only the areas covered by phases I and IIA are relevant to this ordinance, and the use of those areas can be generally described as follows:

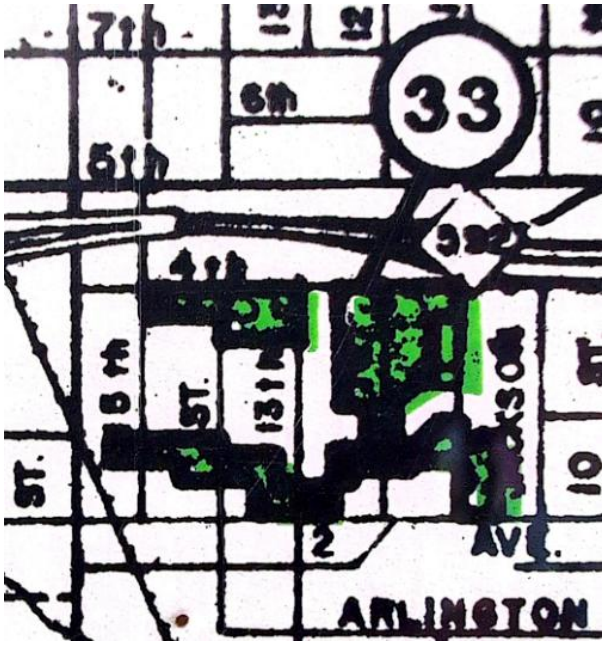
(1) The area covered by phase I is used for Unity Park, Jamestown, and the Jamestown Open Space.

(2) The area covered by phase IIA is used primarily for single- and multi-family residential housing immediately west of Jamestown. It also includes nine City-owned parcels (the "**City Infill Lots**"). Four of the City Infill Lots are immediately north of the residential parcels, adjacent to 4th Avenue North, and the remaining five City Infill Lots are located immediately south of the residential parcels and immediately north of six commercial parcels off Burlington Avenue North.

(D) The 1982 Plan stated that the residential parcels in phase IIA should be "buffered from the surrounding major streets and land uses as much as possible" and that lots should be acquired by the City for the "development of a public open space buffer system." The City Infill Lots were acquired by the City to further those elements of the 1982 Plan.

(E) On November 6, 1984, in a City-wide referendum held pursuant to ordinance 780-F, voters approved an amendment to the City Charter that incorporated into section 1.02 a map of City-owned park and waterfront property (the "**Charter Map**") for the purpose of (i) conclusively determining which parcels owned by the City at that time were considered park or waterfront property and (ii) establishing limitations on the use and disposition of those parcels.

(F) As shown in the excerpt below, the Charter Map included a composite parcel that is composed of Unity Park, the Jamestown Open Space, and the City Infill Lots. It was designated as parcel number 33 and identified on the key as "Jamestown."



(G) The visual depiction on the Charter Map was supplemented by the following legal description of that parcel, which was incorporated by reference into the Charter Map as "legal footnote" number 9:

> Lot 1, Block 1, Jamestown Replat Unit Three. Land designated as "Public Park" in Jamestown Replat Unit One. Lot 1, Block 1, Jamestown Replat Unit Four. Lots 1 and 12, Block F, Harvey's Subdivision. Lots 1, 2, 11 and 12, Block G, Harvey's Subdivision. Lots 17 and 18, Block I, Harvey's Subdivision. W 45 ft., more or less, of Lots 13 and 14. All of Lots 15, 16 and 20, Block J, Harvey's Subdivision. Lots 12, 13, and 21, Block K, Harvey's Subdivision. Lot 12, Block L, Harvey's Subdivision.

(H) Although the Charter Map grouped Unity Park, the Jamestown Open Space, and the City Infill Lots into a single composite "park" parcel, that grouping is inconsistent with historic and current use:

(1) Unity Park is maintained to landscaping standards for City parks and open to the public.

(2) Similarly, the adjacent Jamestown Open Space is maintained in a manner similar to a park and is open to Jamestown residents for recreational purposes.

(3) In contrast, the nine City Infill Lots are fragmented by housing, streets, and alleys; maintained only as necessary to comply with City Code standards for a vacant lot; and posted with signage declaring each lot to be off-limits to the public.

(I) Accordingly, the City Infill Lots do not function as a City park or serve a park-like purpose.

(J) Additionally, the City Infill Lots are not needed for the "buffer" purposes contemplated by the 1982 Plan, which expired on June 17, 2012, after the 30-year period provided by the plan had been completed.

(K) After sitting vacant for more than 40 years, the City Infill Lots should be integrated into the adjacent neighborhood for affordable or workforce housing purposes. According to analysis by City staff:

(1) Four of the parcels are approximately 5,000 square feet and would be appropriate for single-family housing. Housing on those parcels can be developed through the Affordable Lot Disposition Program without further action of City Council.

(2) The remaining five parcels are approximately 10,000 or 13,000 square feet each and would be appropriate for multi-family housing. Development of affordable or workforce housing on those parcels would occur through a request for proposals from developers that could include one or more parcels (i.e., a single developer could propose simultaneous development of multiple parcels). Acceptance of those proposals would require City Council approval.

(3) The current zoning and future land use map designations for the City Infill Lots are Neighborhood Suburban Estate (NS-E) and Recreation/Open Space (R/OS). If those designations are changed to match the current designations for the adjacent residential parcels, which are Neighborhood Suburban Multifamily-2 (NSM-2) and Residential High (RH), the City Infill Lots could be used to provide 41 units of housing—4 single-family units and 37 multi-family units.

(L) Before the City Infill Lots can be used for housing purposes in the manner described in the preceding findings, the City Charter must be amended to remove the City Infill Lots from the Charter Map. Following such an amendment, the City Infill Lots would no longer be classified as parkland under the City Charter, which would allow the City to use the City Infill Lots in accordance with applicable zoning and land use map designations. The specific parcels that would be removed by the amendment are identified with yellow shading on the diagram attached to this ordinance exhibit A.

(M) The applicable legal footnote for the "Jamestown" parcel contains a reference to Lot 12, Block L, Harvey's Subdivision, which has never been owned by the City and appears to have been added to that footnote by mistake. Accordingly, the amendment will also remove the reference to that lot.

(N) Pursuant to Florida Statutes section 166.031, the Charter may be amended pursuant to a referendum put to a vote of the electors at a general election held within the municipality, and a referendum to amend the Charter as described in this section will be held in conjunction with the municipal general election scheduled for November 3, 2026.

(O) Because the proposed Charter amendment concerns the scope of property subject to the referendum procedures in Charter subsection 1.02(d), the City has elected to follow the notice requirements set forth in that subsection and in City Code subsection 30-1(b) with respect to the City Infill Lots, and the City Clerk has received proof of compliance with those notice requirements.

(P) Because Florida Statutes subsection 163.3167(8) prohibits the use of a referendum to approve certain types of land use regulations, it is prudent to conduct the Charter amendment

independently of and prior to beginning any process to modify zoning and future land use map designations as described above. Accordingly, the ballot text will clarify that any such land use changes would be subsequent to and separate from the referendum called to amend the Charter.

(Q) For the reasons described in these findings, the actions taken by this ordinance serve a valid municipal purpose and are in the best interests of the City, and this ordinance is adopted in consideration of these findings.

SECTION 2—DATE OF REFERENDUM: The City Council hereby calls the Charter amendment referendum described in this ordinance (the "**Referendum**") to be placed on the ballot of the municipal general election scheduled for November 3, 2026.

SECTION 3—FORMATTING CONVENTIONS: With respect to the potential amendment of the Charter set forth in this ordinance, additions are indicated by underlining, deletions are indicated by ~~strikethrough text~~, and unchanged paragraphs omitted for brevity are indicated by three ellipsis dots on a separate line.

SECTION 4—CHARTER AMENDMENT: If the Referendum is approved by a majority vote, the City shall file a revised version of the St. Petersburg City Charter with the Florida Department of State that will amend Charter subsection 1.02 as follows, effective upon filing:

Sec. 1.02. Park and waterfront property; use, disposition.

. . .

(b) *Definitions.* The following terms shall have the definitions listed below when used in this Section 1.02 unless a different meaning is clearly evident from the context in which they appear:

(1) *City Park and Waterfront Map.* The "City Charter Park and Waterfront Map" means the map on file with the City Clerk that was approved in 1984 by the referendum called by Ordinance No. 780-F ~~is~~ and specifically adopted and incorporated herein by reference~~.~~ (including the original "legal footnotes" that were incorporated into the map by reference through parenthetical notations on the map key for selected parcels), as subsequently modified by the following textual definitions, which supersede the visual definition on the original map (and the text of the original legal footnote, if applicable):

A. Jamestown (parcel 33 / footnote 9) is defined as follows:

Lot 1, Block 1, Jamestown Replat Unit Three. Land designated as "Public Park" in Jamestown Replat Unit One. Lot 1, Block 1, Jamestown Replat Unit Four.

B. Pier Building (parcel D) is defined as stated in subsection (c)(4)B.2 concerning lease limitations.

. . .

(c) *The disposition of park and waterfront property.* With respect to the disposition of waterfront or park property the following shall govern:

. . .

(4) *Properties with Longer Term Lease Limitation.*

. . .

B. *Properties with Ten (10) Year Lease Limitation.* As provided for in Section 1.02(c)(2), the following properties may be leased for a period not exceeding ten (10) years upon the approval of a Resolution of City Council receiving an affirmative vote from at least six (6) members of City Council:

. . .

2. Any overwater structure extending east from the parcels of land identified on the City Park and Waterfront Map as Pier Parking Area (G) and Spa Beach (30).

. . .

[ORDINANCE CONTINUED ON NEXT PAGE]

SECTION 5—BALLOT TEXT: The City shall use the following caption and explanatory statement as the ballot title and ballot summary for the Referendum:

> Removing City-Owned Vacant Lots from Park and Waterfront Map to Create Housing
>
> The City Charter Park and Waterfront Map contains a composite parcel identified as "Jamestown" composed of: Unity Park, recreational open space within Jamestown apartments, and nine City-owned lots in the adjacent neighborhood that are vacant and closed to the public. Shall the City Charter be amended to remove those nine vacant lots from the Map to allow subsequent / separate land use changes and potential sale of those lots for affordable or workforce housing?
>
> YES
> NO

SECTION 6—SEVERABILITY: The provisions of this ordinance are intended to be severable, and a determination that any portion of this ordinance is invalid should not affect the validity of the remaining portions of this ordinance.

SECTION 7—COMPLIANCE WITH § 166.041(4), FLORIDA STATUTES. Pursuant to City Council resolution 2023-507, a business impact estimate was prepared for this ordinance and posted on the City's website no later than the date the notice of the proposed ordinance was published.

SECTION 8—EFFECTIVE DATE: In the event that this ordinance is not vetoed by the Mayor in accordance with the City Charter, it shall become effective after the fifth business day after adoption unless the Mayor notifies the City Council through written notice filed with the City Clerk that the Mayor will not veto the ordinance, in which case the ordinance shall take effect immediately upon filing such written notice with the City Clerk. In the event this ordinance is vetoed by the Mayor in accordance with the City Charter, it shall not become effective unless and until the City Council overrides the veto in accordance with the City Charter, in which case it shall become effective immediately upon a successful vote to override the veto.

J-6

ST. PETERSBURG CITY COUNCIL

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: Ordinance 640-H, an ordinance concerning the City's lease of submerged lands at Harborage Marina; making findings concerning amendment of that lease to extend the term to facilitate the construction of certain improvements; calling a referendum during the November 3, 2026 municipal general election to authorize such amendment; establishing conditions for such amendment if approved by that referendum; providing ballot text for that referendum; and providing an effective date.

BACKGROUND: In 1986, a City-wide referendum was held in accordance with Ordinance 923-F to amend Charter Section 1.02 to authorize the City to enter into a 25-year submerged land lease for ±11.4 acres of undeveloped submerged land in Bayboro Harbor. Following execution of such a lease by the City ("1986 Lease"), the tenant constructed a 255-slip marina facility on and around the leased premises, and this facility is currently known as Harborage Marina ("Marina").

In 2004, a second City-wide referendum concerning the Marina was held in accordance with Charter Section 1.02 that authorized the City to enter into a new, 30-year lease for the Marina pursuant to conditions stated in Ordinance 673-G ("2004 Referendum").

In 2007, pursuant to the authorization provided by the 2004 Referendum, the City entered into a new lease for the Marina that replaced the 1986 Lease. That new lease, as amended from time-to-time, ("Current Lease") expanded the premises to a total of ±13.424 acres of submerged land and obligated the tenant under the Current Lease, Harborage Marina, L.L.C., ("Harborage"), to construct new "mega-yacht" slips at the Marina. The Current Lease was subsequently amended four (4) times in accordance with the 2004 Referendum.

In 2018, a third City-wide referendum concerning the Marina was held in accordance with Charter Section 1.02 and authorized the City to amend the Current Lease for the Marina pursuant to conditions stated in Ordinance 336-H ("2018 Referendum"). Those conditions authorized amendment of the Current Lease to (i.) expand the scope of the leased premises to ±15.33 of submerged land to allow for a new dock and other improvements, and (ii.) extend the expiration date of the Current Lease to provide 30 years to amortize the cost of those improvements.

On December 21, 2018, a fifth amendment of the Current Lease was executed in accordance with the 2018 Referendum, and Harborage has performed the obligations added to the Current Lease by that fifth amendment.

Harborage has requested that the Current Lease be amended again to extend the term to a full 30 years from the date of amendment to facilitate amortization of approximately $2.15 million in new improvements to the Marina. The new improvements to be constructed at no expense to the City would include as follows:

- Extension of existing docks on the north side of the Marina to include a total of 200 linear feet of new docks.
- New boat lifts on the east side of the Marina.
- Expanded restrooms.

These improvements would become property of the City upon expiration or earlier termination of the Current Lease, and Harborage has estimated that construction of those improvements would increase the rent paid to the City by a cumulative amount of $4,514,140 over a 30-year period. Construction of those improvements would not require any change to the scope of the premises subject to the Current Lease.

Under City Charter section 1.02, a lease of commercially-zoned waterfront property that exceeds five years must be approved through a process established by that section, which requires approval by a majority vote in a City-wide referendum.

Because an amendment to provide the 30-year term requested by Harborage falls within the scope of that provision, Harborage has requested that the City call a referendum to approve such an amendment as part of the upcoming municipal general election scheduled for November 3, 2026.

City Council's adoption of the proposed ordinance would call such a referendum and establish conditions for approving the requested amendment if that referendum is approved.

The City has followed the required procedures for notice of the first reading of this ordinance under Charter subsection 1.02(d) including City Code subsection 30-1(b). The City Clerk has received proof of compliance with these notice requirements.

RECOMMENDATION: Administration recommends that City Council adopt the attached Ordinance 640-H concerning the City's lease of submerged lands at Harborage Marina; making findings concerning amendment of that lease to extend the term to facilitate the construction of certain improvements; calling a referendum during the November 3, 2026 municipal general election to authorize such amendment; establishing conditions for such amendment if approved by that referendum; providing ballot text for that referendum; and providing an effective date.

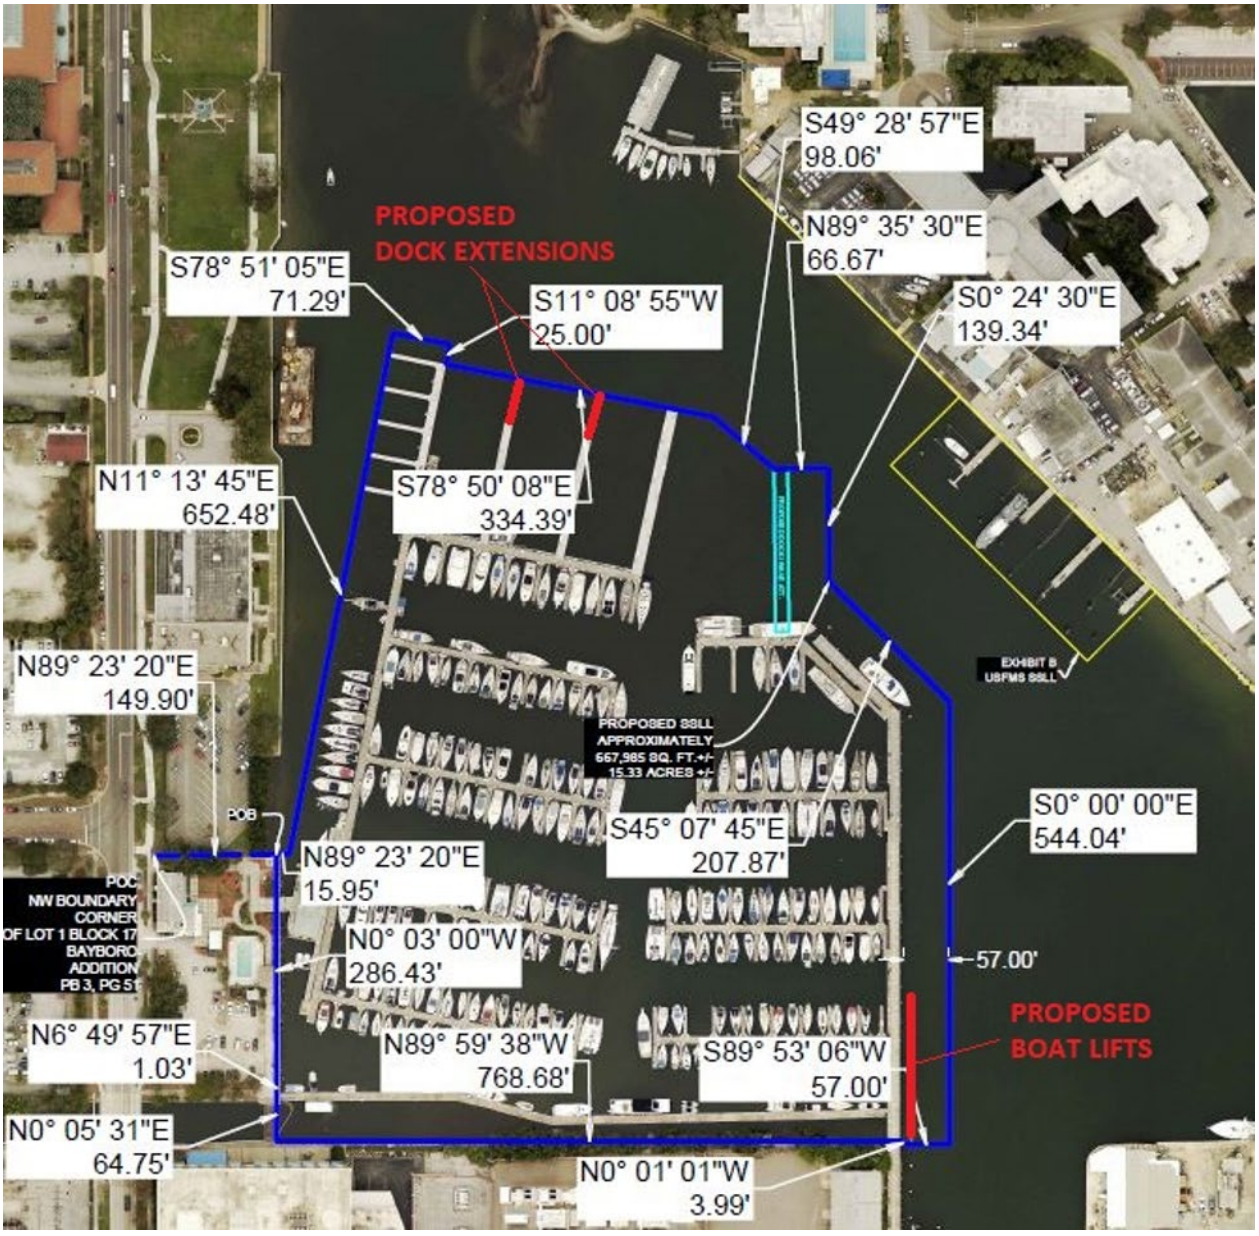
(Harborage Marina-Proposed New Improvements)



ORDINANCE NO. _____

AN ORDINANCE CONCERNING THE CITY'S LEASE OF SUBMERGED LANDS AT HARBORAGE MARINA; MAKING FINDINGS CONCERNING AMENDMENT OF THAT LEASE TO EXTEND THE TERM TO FACILITATE THE CONSTRUCTION OF CERTAIN IMPROVEMENTS; CALLING A REFERENDUM DURING THE NOVEMBER 3, 2026 MUNICIPAL GENERAL ELECTION TO AUTHORIZE SUCH AMENDMENT; ESTABLISHING CONDITIONS FOR SUCH AMENDMENT IF APPROVED BY THAT REFERENDUM; PROVIDING BALLOT TEXT FOR THAT REFERENDUM; AND PROVIDING AN EFFECTIVE DATE.

THE CITY OF ST. PETERSBURG ORDAINS THE FOLLOWING:

SECTION 1—FINDINGS: The City Council of the City of St. Petersburg, Florida, ("**City Council**") hereby makes the following findings:

(A) In 1986, a City-wide referendum was held in accordance with ordinance 923-F to amend Charter section 1.02 to authorize the City to enter into a 25-year submerged land lease for ±11.4 acres of undeveloped submerged land in Bayboro Harbor. Following execution of such a lease by the City (the "**1986 Lease**"), the tenant constructed a 255-slip marina facility on and around the leased premises, and this facility is currently known as Harborage Marina (the "**Marina**").

(B) In 2004, a second City-wide referendum concerning the Marina was held in accordance with Charter section 1.02 and authorized the City to enter into a new, 30-year lease for the Marina pursuant to conditions stated in ordinance 673-G (the "**2004 Referendum**").

(C) In 2007, pursuant to the authorization provided by the 2004 Referendum, the City entered into a new lease for the Marina that replaced the 1986 Lease. That new lease (as amended from time-to-time, the "**Current Lease**") expanded the premises to a total of ±13.424 acres

of submerged land and obligated the tenant under the Current Lease, Harborage Marina, L.L.C., ("**Harborage**") to construct new "mega-yacht" slips at the Marina.

(D) The Current Lease was amended four times in accordance with the 2004 Referendum.

(E) In 2018, a third City-wide referendum concerning the Marina was held in accordance with Charter section 1.02 and authorized the City to amend lease for the Marina pursuant to conditions stated in ordinance 336-H (the "**2018 Referendum**"). Those conditions authorized amendment of the Current Lease to (i) expand the scope of the leased premises to ±15.33 of submerged land to allow for a new dock and other improvements, and (ii) extend the expiration date of the Current Lease to provide 30 years to amortize the cost of those improvements.

(F) On December 21, 2018, a fifth amendment of the Current Lease was executed in accordance with the 2018 Referendum, and Harborage has performed the obligations added to the Current Lease by that fifth amendment.

(G) Harborage has requested that the Current Lease be amended again to extend the term to a full 30 years from the date of amendment to facilitate amortization of approximately $2.15 million in new improvements to the Marina. Those improvements would be constructed at no expense to the City and include:

(1) 200 linear feet of new docks at the location shown on the diagram attached to this ordinance as exhibit A (the "**Improvement Diagram**"), along with related fire suppression, water, and electric service.

(2) New boat lifts at the location shown on the Improvement Diagram.

(3) Expanded restrooms.

(H) Construction of those improvements would not require any change to the scope of the premises subject to the Current Lease, and Harborage has estimated that construction of those improvements would increase the rent paid to the City by a cumulative amount of $4,514,140 over a 30-year period. Additionally, those improvements would become property of the City upon expiration or earlier termination of the Current Lease.

(I) Under City Charter section 1.02, a lease of commercially-zoned waterfront property that exceeds five years must be approved through a process established by that section, which requires approval by a majority vote in a City-wide referendum.

(J) Because an amendment to provide the 30-year term requested by Harborage falls within the scope of that provision, Harborage has requested that the City call a referendum to

approve such an amendment as part of the upcoming municipal general election scheduled for November 3, 2026.

(K) City Council is adopting this ordinance to call such a referendum and to establish conditions for approving the requested amendment of the Current Lease if that referendum is approved by the voters.

(L) The City has followed the required procedures for notice of the first reading of this ordinance under Charter subsection 1.02(d) and City Code subsection 30-1(b), and the City Clerk has received proof of compliance with those notice requirements.

(M) For the reasons described in these findings, the actions taken by this ordinance serve a valid municipal purpose and are in the best interests of the City, and this ordinance is adopted in consideration of these findings.

SECTION 2—DATE OF REFERENDUM: The City Council hereby calls the referendum approving the disposition of waterfront property under Charter section 1.02 described in this ordinance (the "**2026 Referendum**"), to be placed on the ballot of the municipal general election scheduled for November 3, 2026.

SECTION 3—AUTHORIZATION FOR AMENDMENT: If the 2026 Referendum is approved by a majority vote, the City is authorized to amend the Current Lease subject to the following conditions (each, an "**Amendment**"):

(A) *Authority to Amend.* Authorization to amend the Current Lease in accordance with this section is not limited to a single Amendment, and multiple Amendments may be approved pursuant to this section as long as no aspect of an Amendment is inconsistent with the 2004 Referendum, the 2018 Referendum, or the 2026 Referendum (with any conflict among those referenda resolved in favor of the later referendum). But if the first Amendment approved in accordance with this section (the "**Initial Amendment**") is not fully executed on or before December 31, 2027, the authority provided by the 2026 Referendum will expire at the end of that date.

(B) *Approval Process.* A City Council resolution receiving at least six affirmative votes is required to approve each Amendment,

(C) *Premises.* The area subject to the Current Lease must not be expanded beyond what was authorized under the 2018 Referendum.

(D) *Duration.* The maximum duration of the Current Lease must be no more than 30 years from the effective date of the Initial Amendment.

(E) *Improvements.* The Current Lease must require the tenant to complete construction of the following improvements at no cost to the City:

(1) 200 linear feet of new docks at the location shown on the Improvement Diagram, with fire suppression, water, and electric service.

(2) New boat lifts at the location shown in the Improvement Diagram.

(3) Expanded restrooms.

(F) *Ownership.* Pursuant to the terms of the Current Lease, each improvement described in subsection (E) becomes property of the City upon expiration or earlier termination of the Current Lease.

(G) *Nature of Conditions.* These conditions are intended to establish certain minimum standards for each Amendment, and they do not prevent an Amendment or the Current Lease from including provisions that provide more detail than these conditions or that concern matters not mentioned in these conditions.

SECTION 4—BALLOT TEXT: The City shall use the following caption and explanatory statement as the ballot title and ballot summary for the 2026 Referendum, with the actual ordinance number inserted prior to submission for use on the applicable ballot:

> Authorizing Amendment of Harborage Marina Lease to Extend Term to 30 Years and Require Improvements
>
> May City Council approve amendment of the lease of City-owned submerged lands at Harborage Marina subject to conditions in ordinance _____? Such amendment would extend the term of the lease to 30 years and require the tenant to construct new improvements at no cost to the City, including 200 linear feet of docks, boat lifts, and expanded restrooms. Those improvements would be owned by the City at the end of the lease.
>
> YES
> NO

SECTION 5—CONFLICT: If any provision of this ordinance conflicts with ordinances 673-G or 336-H, the provision of this ordinance will control. Otherwise, ordinances 673-G and 336-H are intended to be unaffected by this ordinance.

SECTION 6—SEVERABILITY: The provisions of this ordinance are intended to be severable, and a determination that any portion of this ordinance is invalid should not affect the validity of the remaining portions of this ordinance.

SECTION 7—COMPLIANCE WITH § 166.041(4), FLORIDA STATUTES. Pursuant to City Council resolution 2023-507, a business impact estimate was prepared for this ordinance and posted on the City's website no later than the date the notice of the proposed ordinance was published.

SECTION 8—EFFECTIVE DATE: In the event that this ordinance is not vetoed by the Mayor in accordance with the City Charter, it shall become effective after the fifth business day after adoption unless the Mayor notifies the City Council through written notice filed with the City Clerk that the Mayor will not veto the ordinance, in which case the ordinance shall take effect immediately upon filing such written notice with the City Clerk. In the event this ordinance is vetoed by the Mayor in accordance with the City Charter, it shall not become effective unless and until the City Council overrides the veto in accordance with the City Charter, in which case it shall become effective immediately upon a successful vote to override the veto.

Authorizing Amendment of Harborage Marina Lease to Extend Term to 30 Years and Require Improvements

May City Council approve amendment of the lease of City-owned submerged lands at Harborage Marina subject to conditions in Ordinance ___? Such amendment would extend the term of the lease to 30 years and require the tenant to construct new improvements at no cost to the City, including 200 linear feet of docks, boat lifts, and expanded restrooms. Those improvements would be owned by the City at the end of the lease.

ST. PETERSBURG CITY COUNCIL

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: Ordinance 641-H, an ordinance concerning lease limitations established for the Port of St. Petersburg under the City Charter; making findings regarding the need to amend the Charter to increase that limitation; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

BACKGROUND: On November 6, 1984, in a City-wide referendum held pursuant to ordinance 780-F, voters approved an amendment to City Charter section 1.02 for the purpose of providing certain protections for City-owned park and waterfront property.

Such amendment incorporated into the Charter a map of City-owned park and waterfront property ("Map") for the purpose of conclusively determining which parcels of property owned by the City at that time were considered park or waterfront property, subject to limitations on leasing, which is defined by the Charter to include "any non-permanent disposition, of an interest in real property, including but not limited to, leases, permits, licenses and temporary easements."

The Port of St. Petersburg is a multi-use, City-owned facility that is located south of the core downtown area, adjacent to Albert Whitted Airport, on property identified on the Map as Parcel E ("Port"). The Port features a 1,200-linear-foot wharf and ±4.4 acres of adjacent uplands that are surrounded by a variety of government, institutional, and academic organizations engaged in maritime research, with the Port more particularly described as follows:

> Lot 1, Block 1, PORT OF ST. PETERSBURG REPLAT
> PIN: 30-31-17-72688-001-0010

Current utilization of Port property can be summarized as follows: 1.82% for administration and support services; 35.68% for cruise operations; and 62.5% for three principal private tenants—the Cross Bay Ferry, the University of South Florida, and the St. Pete Innovation District ("SPID").

SPID utilizes the Port to operate a Maritime and Defense Technology Hub ("Hub") in a 32,000-square-foot, City-owned building pursuant to a five-year license with the City that currently runs through March 31, 2029.

The City is currently working to develop a new Master Plan and Reinvestment Strategy for the Port that would govern the evolution of Port property to meet new economic and social opportunities over the next 10 years and beyond. The plan is likely to call for the construction of various capital projects to support and service vessels using the Port (generally, "Port Redevelopment Projects"). Some of those Port Redevelopment Projects

are likely to be constructed by private entities relying upon financing that requires amortization over a multi-year period—frequently up to 25 years.

Additionally, SPID desires to expand the size of the Hub by constructing a new structure on adjacent property to the west that is currently used for surface parking ("Hub Expansion"). The Hub Expansion is also likely to rely upon funding sources that require amortization over a similar multi-year period.

The text of Charter Section 1.02 provides default lease limitations for City-owned park and waterfront property, with a three (3) year limit for residentially-zoned property and a five (5) year limit for commercially-zoned property. But the Map establishes longer lease limitations for 10 of the 109 parcels that are expressly identified on the Map.

The Port is one of those parcels and is designated on the Map as "CITY-OWNED LAND WITH [A] 10 YEAR LEASE LIMITATION." Accordingly, any lease of Port property over 10 years can be authorized only through the process established by City Charter Section 1.02, which requires approval by a majority vote in a City-wide referendum.

Because the Hub Expansion and any Port Redevelopment Project constructed by a private entity are likely to require financing that must be amortized over a period of time exceeding 10 years, the lease for each such project would need to be approved through a separate City-wide referendum. With municipal elections held only in even-numbered years, conducting a separate referendum for each lease will create uncertainty and delay in the redevelopment process, and it could result in piecemeal redevelopment if only some of the referendum questions are approved.

Since the Map was incorporated into the Charter in 1984, the Charter has been amended to increase the duration of some of the original lease limitations, including a 2004 amendment called by Ordinance 677-G that increased the lease limitation for Albert Whitted Airport from 5 years to 25 years.

Amending the Charter to increase the lease limitation for the Port from 10 years to 25 years would make the Port consistent with Albert Whitted Airport, and it would facilitate construction of the Hub Expansion and the Port Redevelopment Projects by eliminating the issues described above. That sort of amendment is contemplated by Charter subsection 1.02(c)(1), which allows longer limitations added to subsection (c)(4) to supersede shorter limitations elsewhere in the Charter.

Pursuant to Florida Statutes Section 166.031, the Charter may be amended pursuant to a referendum put to a vote of the electors at a general election held within the municipality, and a referendum to amend the Charter as described in this section will be held in conjunction with the municipal general election scheduled for November 3, 2026.

Because the proposed Charter amendment concerns the scope of property subject to the referendum procedures in Charter subsection 1.02(d), the City has elected to follow the notice requirements set forth in that subsection including City Code subsection30-1(b). The City Clerk has received proof of compliance with these notice requirements.

RECOMMENDATION: Administration recommends that City Council adopt the attached Ordinance 641-H concerning lease limitations established for the Port of St. Petersburg under the City Charter; making findings regarding the need to amend the Charter to increase that limitation; calling a referendum during the November 3, 2026 municipal general election to authorize such a Charter amendment; providing ballot text for that referendum; and providing an effective date.

ORDINANCE NO. _____

AN ORDINANCE CONCERNING LEASE LIMITATIONS ESTABLISHED FOR THE PORT OF ST. PETERSBURG UNDER THE CITY CHARTER; MAKING FINDINGS REGARDING THE NEED TO AMEND THE CHARTER TO INCREASE THAT LIMITATION; CALLING A REFERENDUM DURING THE NOVEMBER 3, 2026, MUNICIPAL GENERAL ELECTION TO AUTHORIZE SUCH A CHARTER AMENDMENT; PROVIDING BALLOT TEXT FOR THAT REFERENDUM; AND PROVIDING AN EFFECTIVE DATE.

THE CITY OF ST. PETERSBURG ORDAINS THE FOLLOWING:

SECTION 1—FINDINGS: The City Council of the City of St. Petersburg, Florida, ("**City Council**") hereby makes the following findings:

(A) On November 6, 1984, in a City-wide referendum held pursuant to ordinance 780-F, voters approved an amendment to City Charter section 1.02 for the purpose of providing certain protections for City-owned park and waterfront property.

(B) Such amendment incorporated into the Charter a map of City-owned park and waterfront property (the "**Map**") for the purpose of conclusively determining which parcels of property owned by the City at that time were considered park or waterfront property subject to limitations on leasing, which is defined by the Charter to include "any non-permanent disposition, of an interest in real property, including but not limited to, leases, permits, licenses and temporary easements."

(C) The Port of St. Petersburg is a multi-use, City-owned facility that is located south of the core downtown area, adjacent to Albert Whitted Airport, on property designated on the Map as parcel E (the "**Port**"). The Port features a 1,200-linear-foot wharf and approximately 4.4 acres of adjacent uplands that are surrounded by a variety of government, institutional, and academic organizations engaged in maritime research.

(D) Current utilization of Port property can be summarized as follows: 1.82% for administration and support services; 35.68% for cruise operations; and 62.5% for three principal private tenants—the Cross Bay Ferry, the University of South Florida, and the St. Pete Innovation District ("**SPID**")

(E) SPID utilizes the Port to operate a Maritime and Defense Technology Hub (the "**Hub**") in a 32,000-square-foot, City-owned building pursuant to a five-year license with the City that currently runs through March 31, 2029.

(F) The City is currently working to develop a new Master Plan and Reinvestment Strategy for the Port that would govern the evolution of Port property to meet new economic and social opportunities over the next 10 years and beyond. That plan is likely to call for the construction of various capital projects to support and service vessels using the Port (generally, "**Port Redevelopment Projects**"). Some of those Port Redevelopment Projects are likely to be constructed by private entities relying upon financing that requires amortization over a multi-year period—frequently up to 25 years.

(G) Additionally, SPID desires to expand the size of the Hub by constructing a new structure on adjacent property to the west that is currently used for surface parking (the "**Hub Expansion**"). The Hub Expansion is also likely to rely upon funding sources that require amortization over a similar multi-year period.

(H) The text of Charter section 1.02 provides default lease limitations for City-owned park and waterfront property, with a three-year limit for residentially zoned property and a five-year limit for commercially zoned property. But the Map establishes longer lease limitations for 10 of the 109 parcels that are expressly identified on the Map.

(I) The Port is one of those parcels and is designated on the Map as "CITY-OWNED LAND WITH [A] 10 YEAR LEASE LIMITATION." Accordingly, any lease of Port property over 10 years can be authorized only through the process established by City Charter section 1.02, which requires approval by a majority vote in a City-wide referendum.

(J) Because the Hub Expansion and any Port Redevelopment Project constructed by a private entity are likely to require financing that must be amortized over a period of time exceeding 10 years, the lease for each such project would need to be approved through a separate City-wide referendum. With municipal elections held only in even-numbered years, conducting a separate referendum for each lease will create uncertainty and delay in the redevelopment process, and it could result in piecemeal redevelopment if only some of the referendum questions are approved.

(K) Since the Map was incorporated into the Charter in 1984, the Charter has been amended to increase the duration of some of the original lease limitations, including a 2004 amendment called by ordinance 677-G that increased the lease limitation for Albert Whitted Airport from 5 years to 25 years.

(L) Amending the Charter to increase the lease limitation for the Port from 10 years to 25 years would make the Port consistent with Albert Whitted Airport, and it would facilitate construction of the Hub Expansion and the Port Redevelopment Projects by eliminating the issues described above. That sort of amendment is contemplated by Charter subsection 1.02(c)(1), which allows longer limitations added to subsection (c)(4) to supersede shorter limitations elsewhere in the Charter.

(M) Pursuant to Florida Statutes section 166.031, the Charter may be amended pursuant to a referendum put to a vote of the electors at a general election held within the municipality, and a referendum to amend the Charter as described in this section will be held in conjunction with the municipal general election scheduled for November 3, 2026.

(N) Because the proposed Charter amendment concerns the scope of property subject to the referendum procedures in Charter subsection 1.02(d), the City has elected to follow the notice requirements set forth in that subsection and in City Code subsection 30-1(b) with respect to the Port parcel, and the City Clerk has received proof of compliance with those notice requirements.

(O) For the reasons described in these findings, the actions taken by this ordinance serve a valid municipal purpose and are in the best interests of the City, and this ordinance is adopted in consideration of these findings.

SECTION 2—DATE OF REFERENDUM: The City Council hereby calls the Charter amendment referendum described in this ordinance (the "**Referendum**") to be placed on the ballot of the municipal general election scheduled for November 3, 2026.

SECTION 3—FORMATTING CONVENTIONS: With respect to the potential amendment of the Charter set forth in this ordinance, additions are indicated by <u>underlining</u>, deletions are indicated by ~~strikethrough text~~, and unchanged paragraphs omitted for brevity are indicated by three ellipsis dots on a separate line.

SECTION 4—CHARTER AMENDMENT: If the Referendum is approved by a majority vote, the City shall file a revised version of the St. Petersburg City Charter with the Department of State that will amend Charter subsection 1.02(c)(4)A as follows, effective upon filing:

(4) *Properties with Longer Term Lease Limitation.*

A. *Properties with Twenty-five (25) Year Lease Limitation.* As provided for in Section 1.02(c)(2), the following properties may be leased for a period not exceeding twenty-five (25) years upon the approval of a Resolution of City Council receiving an affirmative vote from at least six (6) members of City Council:

1. Albert Whitted Airport

Lot 2, Block 1, Albert Whitted Airport Second Replat and Addition as recorded in Plat Book 112 Pages 23 and 24, Public Records of Pinellas County, Florida.

2. Airport / Port Operations Area (parcel E)

SECTION 5—BALLOT TEXT: The City shall use the following caption and explanatory statement as the ballot title and ballot summary for the Referendum:

Authorizing a 25-Year Lease Limitation for the Port of St. Petersburg

The City Charter currently limits leases at the Port of St. Petersburg to 10 years without approval by citywide referendum. Shall the Charter be amended to increase that limitation to 25 years? That amendment would make the Port consistent with adjacent Albert Whitted Airport and provide the City with additional flexibility to enter into agreements with private entities for redevelopment of Port facilities. That amendment would not change the permitted use of the Port.

YES
NO

SECTION 6—SEVERABILITY: The provisions of this ordinance are intended to be severable, and a determination that any portion of this ordinance is invalid should not affect the validity of the remaining portions of this ordinance.

SECTION 7—COMPLIANCE WITH § 166.041(4), FLORIDA STATUTES. Pursuant to City Council resolution 2023-507, a business impact estimate was prepared for this ordinance

and posted on the City's website no later than the date the notice of the proposed ordinance was published.

SECTION 8—EFFECTIVE DATE: In the event that this ordinance is not vetoed by the Mayor in accordance with the City Charter, it shall become effective after the fifth business day after adoption unless the Mayor notifies the City Council through written notice filed with the City Clerk that the Mayor will not veto the ordinance, in which case the ordinance shall take effect immediately upon filing such written notice with the City Clerk. In the event this ordinance is vetoed by the Mayor in accordance with the City Charter, it shall not become effective unless and until the City Council overrides the veto in accordance with the City Charter, in which case it shall become effective immediately upon a successful vote to override the veto.

MEMORANDUM

Agenda for the Meetings of July 9 and July 23, 2026

TO: Lisset Hanewicz, City Council Chair; Members of City Council

FROM: Brett B. Pettigrew, Assistant City Attorney

DATE: June 26, 2026

SUBJECT: Proposed cleanup Charter amendment referendum to fully effectuate the 2022 referendum rescheduling of municipal elections to even years

---

On November 8, 2022, 69.97% of voters in a citywide referendum called pursuant to ordinance 510-H approved amendment of the City Charter to reschedule municipal elections from odd-numbered years to even-numbered years (the "**2022 Referendum**"). As stated in the ballot text approved by those voters, the purpose of the 2022 Referendum was to "hold those elections in conjunction with national and state elections in even-numbered years beginning in 2024."

Unfortunately, that ordinance inadvertently omitted some textual amendments to the Charter that were necessary to fully effectuate the voter-approved transition to even-year municipal elections. To address those omissions for the 2024 and 2026 municipal election cycles, City Council adopted ordinances 586-H and 625-H, respectively, to confirm that certain language remaining in the Charter after the 2022 Referendum had been superseded and to ratify election dates that conformed to the 2022 Referendum.

To eliminate the need to adopt such ratification ordinances for future election cycles, the City Attorney's Office recommends placing the attached Charter amendment on the ballot of the 2026 municipal general election. Generally speaking, that amendment would accomplish three main goals for "cleanup" purposes:

- Conform the scheduling provisions of Charter section 5.05 to the even-year election schedule approved by the 2022 Referendum.

- Make a variety of technical, clarifying, and conforming changes to Charter section 5.05 to improve readability and consistency and to reflect current election administration practices.

- Conform the scheduling provisions of Charter section 8.01 to the even-year election schedule approved by the 2022 Referendum by scheduling the decennial Charter Review Commission process to begin in years ending in nine and end in years ending in zero (e.g., 2029–2030).

Although this proposed amendment has not been discussed at any Council committee, the cleanup changes that it would effectuate are consistent with the 2022 Referendum, with current administrative practices, and with common understanding of the Charter's requirements for holding a municipal election.

I look forward to discussing the proposed ordinance with you at the City Council meetings of July 9 and July 23, 2026. In the meantime, please do not hesitate to contact me directly if you have any questions about the ordinance prior to those meetings.

ORDINANCE NO. _____

AN ORDINANCE CONCERNING AMENDMENT OF THE CITY CHARTER FOR THE PURPOSE OF FULLY EFFECTUATING THE 2022 REFERENDUM THAT RESCHEDULED MUNICIPAL ELECTIONS FOR MAYOR AND CITY COUNCIL MEMBERS TO OCCUR IN CONJUNCTION WITH NATIONAL AND STATE ELECTIONS IN EVEN-NUMBERED YEARS; MAKING FINDINGS CONCERNING THE NEED TO MAKE SUCH AN AMENDMENT; CALLING A REFERENDUM DURING THE NOVEMBER 3, 2026 MUNICIPAL GENERAL ELECTION TO AUTHORIZE SUCH AN AMENDMENT; PROVIDING BALLOT TEXT FOR THAT REFERENDUM; AND PROVIDING AN EFFECTIVE DATE.

THE CITY OF ST. PETERSBURG ORDAINS THE FOLLOWING:

SECTION 1—FINDINGS: The City Council of the City of St. Petersburg, Florida, ("**City Council**") hereby makes the following findings:

(A) On November 8, 2022, 69.97% of voters in a citywide referendum called pursuant to ordinance 510-H approved amendment of the City Charter to reschedule municipal elections from odd-numbered years to even-numbered years (the "**2022 Referendum**").

(B) The ballot text for the 2022 Referendum was as follows:

> Rescheduling municipal elections to occur in conjunction with national and state elections in even years
>
> The City Charter currently requires elections for Mayor and Council Members to occur in odd-numbered years. Shall the Charter be amended to hold those elections in conjunction with national and state elections in even-numbered years beginning in 2024? That change will extend the term of current City elected officials by

approximately one year and is intended to increase voter turnout, add early voting at no additional cost, and reduce cost to the City.

YES
NO

(C) Although Ordinance 510-H contained a textual amendment of Charter section 3.02 that provided for a transition from odd-year elections to even-year elections, the ordinance inadvertently omitted other textual amendments to the Charter that were necessary to fully effectuate the voter-approved transition to even-year municipal elections.

(D) For the 2024 and 2026 municipal election cycles, City Council adopted ordinances 586-H and 625-H, respectively, to confirm that certain language remaining in the Charter after the 2022 Referendum was superseded and no longer applied and to ratify election dates that conformed to the 2022 Referendum. Amending the Charter to remove that superseded language will eliminate the need to adopt such ratifying ordinances for future municipal election cycles.

(E) Accordingly, the Charter should be amended to make technical, clarifying, and conforming changes that are necessary and appropriate to fully effectuate the 2022 Referendum. Those "cleanup" amendments can be generally described as follows:

(1) Charter section 5.05 should be amended to require that municipal primary and general elections will occur on the same dates as the state primary and general elections. That section should also clarify that, if the state returns to a two-primary system (which it had through 2005 and which recent legislation proposed the reintroduction of), the municipal primary election will coincide with the first state primary election, rather than the second state primary election (which would be a smaller, runoff election). That approach will ensure that municipal elections remain aligned with state elections regardless of any future change to the schedule for state elections.

(2) Charter section 5.05 should also be amended to improve readability (the relevant portions are currently large blocks of text that are difficult to parse) and consistency (with state law and with other provisions of the Charter) and to reflect current practices for administration of elections (e.g., that voting takes place in multiple polling places established by the Pinellas County Supervisor of Elections, rather than a single place established by the City).

(3) Charter section 8.01 should be amended to require that the Charter Review Commission ("**CRC**") will be formed in years ending in nine and that any amendment

proposed by CRC will be placed on the ballot of municipal general election in years ending in zero. That approach is consistent with the 2022 Referendum, which moved future elections later by one year to accomplish the transition to even-year elections.

(F) Pursuant to Florida Statutes section 166.031, the Charter may be amended pursuant to a referendum put to a vote of the electors at a general election held within the municipality, and a referendum to amend the Charter as described in this section will be held in conjunction with the municipal general election scheduled for November 3, 2026.

(G) For the reasons described in these findings, the actions taken by this ordinance serve a valid municipal purpose and are in the best interests of the City, and this ordinance is adopted in consideration of these findings.

SECTION 2—DATE OF REFERENDUM: The City Council hereby calls the Charter amendment referendum described in this ordinance (the "**Referendum**") to be placed on the ballot of the municipal general election scheduled for November 3, 2026.

SECTION 3—FORMATTING CONVENTIONS: With respect to the potential amendment of the Charter set forth in this ordinance, additions are indicated by underlining, deletions are indicated by ~~strikethrough text~~, and unchanged paragraphs omitted for brevity are indicated by three ellipsis dots on a separate line.

SECTION 4—CHARTER AMENDMENT: If the Referendum is approved by a majority vote, the City shall file a revised version of the St. Petersburg City Charter with the Florida Department of State that will amend the Charter as stated in this section, with those amendments effective upon filing.

(A) Charter section 5.05, subsections (a)–(b), will be amended as follows:

Sec. 5.05. Elections.

(a) *Primary elections.*

(1) On the ~~Tuesday which is ten weeks prior to each general municipal election, there shall be held~~ date of each state primary election, the City shall hold a nonpartisan primary election for the nomination of candidates for Council Members and Mayor, if applicable~~, which primary shall be called by the Council by proper resolution,~~. If there are two state primary elections, the municipal primary election will be held on the date of the earlier of the two state primary elections.

(2) ~~notice of which~~ Notice of the municipal primary election shall be published for five consecutive days in a ~~daily~~ newspaper ~~published~~ of general circulation in the City~~, which shall contain a list of such candidates, the offices to be filled and the time when and the place where such election shall be held, and the~~. That notice must include the date of the election, a list of the offices and candidates that will appear on the ballot for the election, and information about methods of voting in the election (which may be provided through reference to information provided by the Supervisor of Elections). The last publication of that notice shall appear at least ~~ten (~~10~~)~~ days prior to the date of ~~holding said~~ the primary election.

(3) The two candidates from each district receiving the highest number of votes cast by the electors of said district shall be declared the primary nominees~~,~~ and shall ~~be entitled to~~ have their names ~~printed~~ placed on the ballot to be used in the general ~~municipal~~ election.

(4) If a candidate for Mayor receives more than ~~fifty percent (~~50%~~)~~ of the votes cast in the primary election, then that candidate shall be considered duly elected and shall not be ~~required to be~~ placed on the general election ballot. If no candidate for Mayor receives more than ~~fifty percent (~~50%~~)~~ of the vote in the primary election, then the two candidates for Mayor receiving the highest number of votes cast by the electors at large shall be declared the primary nominees~~,~~ and ~~shall be entitled to~~ have their names printed on the ballot to be used in the general ~~municipal~~ election.

(5) Only the names entitled to be on the ballot pursuant to this s~~S~~ubsection ~~5.05~~(a) and no others shall be certified by the City Clerk as candidates duly nominated for office.

(6) A tie between two ~~(2)~~ or more candidates for the same nomination shall be decided by lot under the direction of the City Clerk.

(7) If there are only two ~~(2)~~ candidates for nomination for an office in a primary election, no primary election shall be held for that office and both candidates shall be certified by the City Clerk as candidates duly nominated for that office.

(8) ~~In situations where~~ If there is only one candidate for nomination to an office, neither the primary election nor the general election will be held for that office and the candidate shall be declared elected to that office.

(b) *General elections.*

(1) On the~~ first Tuesday following the first Monday in November of each odd-numbered year~~ date of each state general election, the City shall hold a municipal general ~~municipal~~ election~~ shall be held~~.

(2) The City Clerk, on or before the tenth day before the general ~~municipal~~ election, shall cause a notice of that election to be published ~~calling such election~~ for three ~~(3)~~ consecutive days in a ~~daily~~ newspaper ~~published~~ of general circulation in the City, which ~~shall contain a list of such candidates, the office to be filled, and the time when and the place where such election will be held~~must include the same items required under subsection (a) for notice of a primary election.

(3) In the general ~~municipal~~ election, the electors of the City at large shall, from among the candidates on the ballot, vote for one candidate from each district and, if applicable, for one candidate for Mayor; the candidate from each district receiving the highest number of votes shall be declared elected as Council Member from said district, and the candidate for Mayor receiving the highest number of votes shall be declared elected as Mayor.

(4) A tie between two ~~(2)~~ or more candidates for the same office shall be decided by lot under the direction of the City Clerk.

. . .

(B) Charter section 8.01, subsections (a), (b), (d), and (f), will be amended as follows:

Sec. 8.01. Charter Review Commission.

(a) *Purpose; Frequency.* A Charter Review Commission consisting of nine members must be established every ten years for the purpose of reviewing, on behalf of the citizens of St. Petersburg, the operation of City government and proposing amendments to this Charter to be placed on

the ballot of the municipal general election occurring in each year ending in ~~nine~~ zero.

(b) *Appointments.*

(1) No later than August 1 of each year ending in ~~eight~~ nine, the Mayor, with approval of City Council, shall establish a standard application to be used by each person applying to serve on the Charter Review Commission. At a minimum, that standard application must be submitted prior to appointment and must confirm, under penalty of perjury, that the applicant satisfies the qualifications established by this section. This provision does not prevent a Council Member or the Mayor from requesting additional information from an applicant through a supplemental application, interview, or otherwise.

(2) No later than September 15 of each year ending in ~~eight~~ nine, each Council Member and the Mayor shall appoint one member to the Charter Review Commission by submitting the name of that appointment in writing to the City Clerk.

. . .

(d) *Procedures.*

. . .

(2) In November of each year ending in ~~eight~~ nine, the Charter Review Commission shall hold an organizational meeting, and at that organizational meeting, the body shall elect a Chair and Vice Chair from among its membership. Further meetings of the Charter Review Commission shall be held upon the call of the Chair or any three members of the Charter Review Commission. A majority of the members of the Charter Review Commission constitutes a quorum.

. . .

(f) *Report and Amendments*.

. . .

(2) The Charter Review Commission shall submit the report required by this section no later than the earliest to occur of the following dates in each year ending in ~~nine~~ zero: (i) July 31 preceding the applicable election or (ii) 15 days prior to the last regular meeting of City Council scheduled to occur before the deadline established by the Supervisor of Elections for placing a charter amendment on the ballot of the applicable election. Following submission of the report in accordance with this subsection (2), the Chair of City Council shall place that report on the agenda of a regular meeting of City Council prior to the deadline established by the Supervisor of Elections.

. . .

SECTION 5—BALLOT TEXT: The City shall use the following caption and explanatory statement as the ballot title and ballot summary for the Referendum:

Technical, Clarifying, and Conforming Changes to Effectuate Holding Municipal Elections In Even-Numbered Years

In 2022, voters in a citywide referendum approved amendment of the City Charter to reschedule elections for Mayor and Council Members to even-numbered years so that City elections would align with national and state elections beginning in 2024. Shall the Charter be amended to make technical, clarifying, and conforming changes necessary and appropriate to fully effectuate the intent of the 2022 referendum, including alignment of the Charter-review process with the current election schedule?

YES
NO

SECTION 6—SEVERABILITY: The provisions of this ordinance are intended to be severable, and a determination that any portion of this ordinance is invalid should not affect the validity of the remaining portions of this ordinance.

SECTION 7—COMPLIANCE WITH § 166.041(4), FLORIDA STATUTES. Pursuant to City Council resolution 2023-507, a business impact estimate was prepared for this ordinance and posted on the City's website no later than the date the notice of the proposed ordinance was published.

SECTION 8—EFFECTIVE DATE: In the event that this ordinance is not vetoed by the Mayor in accordance with the City Charter, it shall become effective after the fifth business day after adoption unless the Mayor notifies the City Council through written notice filed with the City Clerk that the Mayor will not veto the ordinance, in which case the ordinance shall take effect immediately upon filing such written notice with the City Clerk. In the event this ordinance is vetoed by the Mayor in accordance with the City Charter, it shall not become effective unless and until the City Council overrides the veto in accordance with the City Charter, in which case it shall become effective immediately upon a successful vote to override the veto.

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Accepting a bid and approving award of an agreement with Hanover Uniform Company for custom uniform and apparel services for citywide use in the amount of $950,000.

Explanation: The Procurement and Supply Management Department issued IFB- 26-208 on April 15, 2026. The bids were due on May 14, 2026, and opened thereafter. The Procurement and Supply Management Department received fourteen bids for custom uniform and apparel services and are tabulated as follows:

Bidders	**Amount**
Chef Works	$89,812.40
Hanover Uniform Company	99,257.75
Custom Concepts of St. Petersburg, Inc.	110,130.00
Young Guns Embroidery, Inc.	110,695.80
Active Promotions	111,718.25
Quokka Brew	113,456.00
WB Mason	116,296.25
Keyport Army Navy	117,165.70
Global Trading, Inc	125,887.75
Touch Printing LLC	126,295.75
Vampt Co	130,265.10
Suncoast Promotional Products, Inc.	137,651.35
Grand Illusion Creative Resources	162,656.50
Craft-Tee LLC	171,966.00

The Procurement and Supply Management Department recommends for award:

Hanover Uniform Company (Baltimore, MD) …… $950,000
(Three-years @ 316,666 per year)

Chef Works withdrew their bid citing an inability to honor their submitted market basket pricing; accordingly, Hanover Uniform Company, the lowest responsive and responsible bidder, has met the requirements of IFB-26-208, dated April 15, 2026. An agreement will be issued for the initial 3-year term. The agreement will have 2, 1-year renewal options and will be binding only for actual products delivered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the General Fund (0001), Various Departments, Various Divisions; Stormwater Utility Fund (4011), Stormwater, Pavement and Traffic Operations Department (400), Various Divisions; Sanitation Operating Fund (4021), Sanitation Department (450), Various Divisions; and the Water Resources Operating Fund (4001), Water Resources Department (420), Various Divisions.

RESOLUTION NO. 2026-_____

A RESOLUTION ACCEPTING THE BID AND APPROVING THE AWARD OF A THREE-YEAR AGREEMENT WITH TWO ONE-YEAR RENEWAL OPTIONS WITH HANOVER UNIFORM COMPANY FOR CUSTOM UNIFORM AND APPAREL SERVICES FOR CITYWIDE USE FOR A TOTAL CONTRACT AMOUNT NOT TO EXCEED $950,000 FOR THE INITIAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on April 15, 2026, the Procurement & Supply Management Department issued IFB No. 26-208 for custom uniform and apparel services for the Procurement and Supply Management Department; and

WHEREAS, the Procurement & Supply Management Department received fourteen (14) bids in response to IFB No. 26-208, however, Chef Works withdrew their bid; and

WHEREAS, Hanover Uniform Company, the lowest responsible and responsive bidder, has met the requirements of IFB No. 26-208; and

WHERAS, the city desires to accept the bid to enter into a three-year Agreement with two one-year renewal options with Hanover Uniform Company for a total contract amount not to exceed $950,000; and

WHEREAS, the Procurement & Supply Management Department recommends approval of this resolution; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the bid is accepted and the award of a three-year agreement with two one-year renewal options with Hanover Uniform Company for custom uniform and apparel services for city wide use for a total contract amount not to exceed $950,000 for the initial term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is hereby authorized to execute all documents necessary to effectuate this transaction.

This resolution shall become effective immediately upon its adoption.

CA-2

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the renewal of an agreement with Palmdale Oil Company, LLC for marine grade gasoline and diesel fuel in the amount of $3,500,000.

Explanation: The vendor furnishes and delivers unleaded 90 octane gasoline without ethanol, 45 octane ultralow sulfur diesel No.2 off-road red-dyed, and marine fuel additives in tank wagon loads of 4,400 gallons or less. This fuel is used for resale to the general boating public at the St. Petersburg Marina and to the Marine Unit of the Police Department. The pricing is based on a fixed delivery price per gallon with an estimated annual delivery of 350,000 gallons of fuel. The price per gallon of fuel is based on the Port of Tampa average terminal rack prices published daily in Oil Price Information Service (OPIS). Fuel pricing is priced the day the order is placed, plus the fixed fee for delivery and applicable taxes.

The Procurement and Supply Management Department, in cooperation with the Enterprise Facilities Department, recommends for renewal:

Palmdale Oil Company, LLC (Palm Beach Gardens, FL) …… $3,500,000

The original agreement was executed on August 1, 2024 and $2,451,092.24 has been spent to date. The vendor has agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from August 1, 2026, through July 31, 2027, with a one-year renewal option remaining. Payment will be binding only for actual services rendered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the Marina Operating Fund (4041), Enterprise Facilities Department, Marina Division (282-1885); and the General Fund (0001), Police Department, Traffic and Marine Division (140-1477).

RESOLUTION NO. 2026-____

A RESOLUTION APPROVING THE RENEWAL OPTION TO THE AGREEMENT WITH PALMDALE OIL COMPANY, LLC FOR MARINE GRADE GASOLINE AND DIESEL FUEL FOR THE ENTERPRISE FACILITIES DEPARTMENT TO EXTEND THE TERM THROUGH JULY 31, 2027 AND INCREASE THE TOTAL CONTRACT AMOUNT BY $3,500,000 FOR THE RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on August 1, 2024, the City entered into an agreement with Palmdale Oil Company, LLC for marine grade gasoline and diesel fuel for the Enterprise Facilities Department ("Agreement"); and

WHEREAS, the total spend to date for this contract is $2,451,092.24; and

WHEREAS, the City desires to exercise the renewal option in the Agreement to extend the term through July 31, 2027, and increase the total contract amount by $3,500,000 for the renewal term; and

WHEREAS, Palmdale Oil Company, LLC has agreed to renew the Agreement under the same terms and conditions; and

WHEREAS, the Procurement & Supply Management Department, in cooperation with the Enterprise Facilities Department, recommends approval of this Resolution.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the renewal option to the Agreement with Palmdale Oil Company, LLC for marine grade gasoline and diesel fuel for the Enterprise Facilities Department to extend the term through July 31, 2027, and increase the total contract amount by $3,500,000 for the renewal term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate this transaction.

This Resolution shall become effective immediately upon its adoption.

CA-3

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the renewal of an agreement with The Howard E Nyhart Company Incorporated for actuarial services for pension programs and other post-employment benefits in the amount of $609,220.

Explanation: The vendor provides professional actuarial services including valuation, reporting, consultation and advisory services for the city's three pension programs and other post-employment benefits (OPEB). These services include cost studies for proposed pension and OPEB changes, and annual financial disclosures for the three retirement systems, per the requirements of Statement 67 and 68 of the Government Accounting Standards Board (GASB 67/68).

The Procurement and Supply Management Department, in cooperation with the Human Resources Department, recommends for renewal:

The Howard E Nyhart Company Incorporated (Indianapolis, IN) …… $609,220
(Three-years @ approximately $203,073.33/year)

The original agreement was executed on January 26, 2022 and $677,829.90 has been spent during the initial term. The vendor has agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from November 1, 2026 through October 31, 2029 with no renewals remaining. Payment will be binding only for actual services rendered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the General Fund (0001), Human Resources Department, Pension Management Division (090.1921) and the Health Insurance Fund (5121), Human Resources Department, Group Benefits Division (090.1177). Funding for future years will be included in the City's annual operating budget subject to approval by City Council.

Attachments: Resolution

RESOLUTION NO. 2026-_____

A RESOLUTION APPROVING THE RENEWAL OPTION TO THE AGREEMENT WITH THE HOWARD E. NYHART COMPANY, INCORPORATED FOR ACTUARIAL SERVICES FOR PENSION PROGRAMS AND OTHER POST-EMPLOYMENT BENEFITS TO EXTEND THE TERM UNTIL OCTOBER 31, 2029 AND INCREASE THE CONTRACT AMOUNT IN THE AMOUNT OF $609,220 FOR THIS RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESINGEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City and The Howard E. Nyhart Company, Incorporated entered into an agreement on January 26, 2022 for actuarial services for pension programs and other post-employment benefits; and

WHEREAS, the total spend for this agreement is $677,829.90; and

WHEREAS, The Howard E. Nyhart Company, Incorporated has agreed to renew under the same terms and conditions; and

WHEREAS, the Procurement and Supply Management Department, in cooperation with the Human Resources Department, recommends approval of this resolution.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the renewal option to the agreement with The Howard E. Nyhart Company, Incorporated for actuarial services for pension programs and other post-employment benefits to extend the term until October 31, 2029 and increase the contract amount in the amount of $609,220 for this renewal term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate this transaction.

This Resolution shall become effective immediately upon its adoption.

CA-4

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz Chair, and Members of City Council

Subject: Approving the renewal of agreements for industrial supplies with Mine & Mill Supply Company and Fastenal Company, for citywide usage, in the amount of $550,000.

Explanation: The vendors furnish and deliver hand tools such as shovels, rakes, hammers, saws, screwdrivers, and pliers. They also furnish and deliver hardware items such as flashlights, abrasives, rope, lubricants, and spray paint. These items are stocked at the Consolidated Warehouse (CW).

The Procurement and Supply Management Department recommends for renewal:

Industrial Supplies $550,000
Mine & Mill Supply Company (Lakeland, FL)
Fastenal Company (Winona, MN)

The original agreements were executed on July 11, 2023 and $725,223 has been spent during the initial term. The vendors have agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from August 1, 2026 through July 31, 2028 with no renewals remaining.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the Water Resources Operating Fund (4001), Water Resources Department (420), Various Divisions and the General Fund (0001), Stormwater, Pavement and Traffic Operations Department (400), Various Divisions.

RESOLUTION 2026-_____

A RESOLUTION APPROVING THE RENEWAL OPTION TO THE AGREEMENTS WITH MINE & MILL SUPPLY COMPANY AND FASTENAL COMPANY FOR INDUSTRIAL SUPPLIES FOR CITYWIDE USE TO EXTEND THE TERM THROUGH JULY 31, 2028 AND INCREASE THE CONTRACT FOR A TOTAL COMBINED AMOUNT OF $550,000 FOR THIS RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THESE TRANSACTIONS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City entered into agreements with Mine & Mill Supply Company and Fastenal Company (collectively "Vendors") effective on July 11, 2023, for industrial supplies for citywide use; and

WHEREAS, the City desires to exercise the renewal option to extend the term through July 31, 2028 and increase the contract for a total combined amount of $550,000 for this renewal term; and

WHEREAS, the Vendors have agreed to renew under the same terms and conditions of this bid; and

WHEREAS, the Procurement & Supply Management Department recommends approval of this Resolution.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the renewal option to the agreements with Mine & Mill Supply Company and Fastenal Company for industrial supplies for citywide use to extend the term through July 31, 2028 and increase the contract for a total combined amount of $550,000 for this renewal term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate these transactions.

This Resolution shall become effective immediately upon its adoption.

ST. PETERSBURG CITY COUNCIL

Consent Agenda

Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair and Members of City Council

Subject: A resolution authorizing the Mayor or his designee to apply for assistance from the State of Florida, Department of Environmental Protection under the State Revolving Fund (SRF) loan program for drinking water facilities for the Washington Terrace Pumping and Storage Project; identifying pledged revenues for repayment of the loan; authorizing the Mayor or his designee to execute the loan agreement, subject to the approval of the City Attorney's Office and Chief Financial Officer or her designee; providing that the Mayor or his designee will be responsible for carrying out the City's responsibilities set forth in the loan agreement and for assuring compliance with the SRF loan program requirements; and providing an effective date.

Explanation: The American Relief Act (ARA), 2025, P.L. 118-158 requires the State Revolving Fund (SRF) to administer the Supplemental Appropriations for Hurricanes Helene and Milton and the Hawai'i Wildfires (SAHM). SRF requirements and procedures apply to these supplemental funds. The Department has determined that funds in the amount of approximately $844.7 million are available in State Fiscal Year (SFY) 2026 to the Drinking Water State Revolving Fund (DWSRF). The ARA SAHM funding will be 50% subsidization (principal forgiveness) with a 50% loan component for all eligible systems.

The City of St. Petersburg has been selected to proceed with submitting a Drinking Water State Revolving Fund Loan Application for Oberly Vertical Turbine Project. The loan program will provide subsidized funding to complete much needed improvements to this drinking water facility.

On March 23rd, 2026 City Council originally approved resolution 2026-133 for the application to Oberley Vertical Turbine project; however the Water Resources Department in collaboration with the Engineering Department recommends including the Washington Terrace Pumping and Storage Project to the application in the case that there are opportunities for future funding allocations, and to simplify the procurement process for both facilities.

Recommendation: Based on the above information, administration recommends City Council approve the attached resolution authorizing the Mayor or his designee to apply for assistance from the State of Florida, Department of Environmental Protection under the State Revolving Fund (SRF) loan program for drinking water facilities for the Washington Terrace Pumping and Storage Project; identifying pledged revenues for repayment of the loan; authorizing the Mayor or his designee to execute the loan agreement, subject to the approval of the City Attorney's Office and Chief Financial Officer or her designee; providing that the Mayor or his designee will be responsible for carrying out the city's responsibilities set forth in the loan agreement and for assuring compliance with the SRF loan program requirements; and providing an effective date

Cost/Funding/Assessment Information: The City of St. Petersburg would agree to a loan structure in which, if awarded, of the $35,139,169 awarded to the City, 50% of the total amount would be repaid in a long-term loan with 0% interest. The total cost to the City for this project would equal $17,569,584.

RESOLUTION NO. 2026 - ____

A RESOLUTION AUTHORIZING THE MAYOR OR HIS DESIGNEE TO APPLY FOR ASSISTANCE FROM THE STATE OF FLORIDA, DEPARTMENT OF ENVIRONMENTAL PROTECTION UNDER THE STATE REVOLVING FUND ("SRF") LOAN PROGRAM FOR DRINKING WATER FACILITIES FOR THE WASHINGTON TERRACE PUMPING AND STORAGE PROJECT; IDENTIFYING PLEDGED REVENUES FOR REPAYMENT OF THE LOAN; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE THE LOAN AGREEMENT, SUBJECT TO THE APPROVAL OF THE CITY ATTORNEY'S OFFICE AND CHIEF FINANCIAL OFFICER OR HER DESIGNEE; PROVIDING THAT THE MAYOR OR HIS DESIGNEE WILL BE RESPONSIBLE FOR CARRYING OUT THE CITY'S RESPONSIBILITIES SET FORTH IN THE LOAN AGREEMENT AND FOR ASSURING COMPLIANCE WITH THE SRF LOAN PROGRAM REQUIREMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of St. Petersburg (the "City Council") has determined it to be in the best interest of the City of St. Petersburg (the "City") to apply for a loan from the State of Florida, Department of Environmental Protection under the SRF Loan Program for Drinking Water Facilities for the Washington Terrace Pumping and Storage Project.

NOW, THEREFORE, BE IT RESOLVED by the City Council of St. Petersburg, Florida that:

Section 1. The Mayor or his designee is hereby authorized to submit a loan application to the State of Florida, Department of Environmental Protection under the SRF Loan Program for Drinking Water Facilities for the Washington Terrace Pumping and Storage Project.

Section 2. The loan will be repaid from Net Revenues of the System on a subordinated basis to all Bonds (as such terms are defined in the hereinafter defined Bond Resolution) issued pursuant to Resolution No. 99-227 adopted by the City Council on April 22, 1999, as amended and supplemented from time to time, as particularly amended by Resolution

No. 2005-559 adopted by the City Council on October 20, 2005, Resolution No. 2008-256 adopted by the City Council on May 15, 2008, and Resolution No. 2013-400 adopted by the City Council on October 3, 2013 (collectively, the "Bond Resolution").

Section 3. The Mayor or his designee is hereby authorized to execute the loan agreement, subject to the approval of the City Attorney's Office and the Chief Financial Officer or her designee.

Section 4. The Mayor or his designee is responsible for carrying out the City's responsibilities set forth in the loan agreement and assuring compliance with the SRF Loan Program requirements.

This Resolution shall take effect immediately upon adoption.

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving an agreement with Core & Main LP, a sole source supplier, for Sensus residential and commercial water meters, for the Water Resources Department, in the amount of $10,000,000.

Explanation: The vendor will furnish and deliver water meters for potable and reclaimed water for both residential and commercial use. The water meters will be stocked at the Consolidated Warehouse. Core & Main LP is the only authorized distributor of Sensus water meters and products in the State of Florida.

The Procurement and Supply Management Department, in cooperation with the Water Resources Department, recommends for approval:

Core & Main LP (St. Louis, MO) …….. $10,000,000

This purchase is being made in accordance with Section 2-196 (a)(5) of the Procurement Code, which allows for a sole source procurement to be used for the purchases of supplies, services, or construction when such supply, services, or construction is available from only one source. The Procurement and Supply Management Director has reviewed the sole source documents and determined the purchase of Sensus residential and commercial water meters shall be made a sole source. An agreement will be issued for the initial five-year term. The agreement has successive on-going renewal options based on mutual consent of both parties and will be binding only for actual products delivered and services rendered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the Water Resources Capital Projects Fund (4003) DIS Backflow Meter Replacement FY26 Project (21414). Funding for future years will be included in the City's annual budget and is subject to approval by City Council.

RESOLUTION NO. 2026-_____

A RESOLUTION APPROVING THE AWARD OF A FIVE-YEAR AGREEMENT WITH SUCCESSIVE ON-GOING RENEWAL OPTIONS WITH CORE & MAIN LP FOR SENSUS RESIDENTIAL AND COMMERCIAL WATER METERS FOR THE WATER RESOURCES DEPARTMENT FOR A TOTAL CONTRACT AMOUNT NOT TO EXCEED $10,000,000 FOR THE INITIAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City desires to enter into a five-year agreement with successive on-going renewal options with Core & Main LP for Sensus residential and commercial water meters for the Water Resources Department for a total contract amount not to exceed $10,000,000 for the initial term; and

WHEREAS, this purchase is being made in accordance with Section 2-196 (a) of the Procurement Code, which allows for a sole source procurement to be used for the purchases of supplies, services, or construction when such supply, services, or construction is available from only one source; and

WHEREAS, the Procurement and Supply Management Director has reviewed the sole source documents and determined the purchase of Sensus residential and commercial water meters shall be made as a sole source procurement; and

WHEREAS, the Procurement & Supply Management Department in cooperation with the Water Resources Department recommends approval of this Resolution; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the award of a five-year agreement with successive on-going renewal options with Core & Main LP for Sensus residential and commercial water meters for the Water Resources Department for a total contract amount not to exceed $10,000,000 for the initial term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is hereby authorized to execute all documents necessary to effectuate this transaction.

This resolution shall become effective immediately upon its adoption.

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the donation of three Ford Interceptors that have been fully depreciated to the Florida A&M University Police Department.

Explanation: It is recommended that three Ford Interceptors be donated to Florida A&M University Police Department for their use. The assets are fully depreciated and there is no cost impact to the city. The vehicles are customized for only police services and cannot be re-purposed for use in other city departments.

The three Ford Interceptors were acquired in October 2015 for one vehicle at $28,145 and December 2015 for two vehicles at $29,844. The vehicles have completed their life in service of 7 years for the City of St Petersburg. The assets are in fair condition.

This donation is in accordance with the Administrative Policy 050700 Disposition of Surplus Property. This policy covers the classification, transfer, and disposal of surplus property. It is the objective of this program to maximize returns on excess and surplus property by transferring the property or disposing of it through a public auction, sealed bids, posted prices, trade-in, destruction or abandonment, or donation.

The Police Department will coordinate the donation of the asset to Florida A&M University Police Department.

Cost/Funding/Assessment Information: Donation of the three Ford Interceptors will have no impact on the City as the net book value of the asset is zero ($0).

Attachments: Resolution

RESOLUTION NO. 2026-____

A RESOLUTION APPROVING THE DONATION OF THREE FORD INTERCEPTORS THAT HAVE BEEN FULLY DEPRECIATED TO FLORIDA A&M UNIVERSITY POLICE DEPARTMENT; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THE DONATION OF THESE VEHICLES TO FLORIDA A&M UNIVERSITY POLICE DEPARTMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the St. Petersburg Police Department no longer has an operational need for three Ford Interceptors and Administration desires to donate these vehicles to Florida A&M University Police Department; and

WHEREAS, the Fleet Department will transfer the title and all liability and maintenance responsibility of these vehicles to Florida A&M University Police Department.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the donation of three Ford Interceptors that have been fully depreciated to Florida A&M University Police Department is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is hereby authorized to execute all documents necessary to effectuate the donation of these vehicles to Florida A&M University Police Department.

CB-2

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the renewal of an agreement with Clonetab Inc for database cloning, backup, and recovery automation services in the amount of $122,299.62.

Explanation: The vendor will supply the Clonetab CTClone and CTSnap software that includes an end user License for one instance of Clonetab CTClone cloning solution for eBusiness Suite 12.2.7 with backend Oracle Database 19C on-premises along with CTSnap license for taking snapshots of six target instances.

This product has aided in the cloning process for EBS non-production instances. A clone usually takes about 40 hours to complete, this product has shortened it to 8 hours and automated several tasks to produce stable and consistent clones. A minimum of two clones are created every month. This has allowed the EBS team to resume tasks quickly with minimal interruption while the database administrators can focus on upgrades and optimization tasks.

The Procurement and Supply Management Department, in cooperation with the Department of Technology Services, recommends for renewal:

Clonetab Inc (Tracy, CA) …… $122,299.62
(Three-years @ $40,766.54/year)

The original agreement was executed on October 17, 2023 and $171,868.80 has been spent to date. The vendor has agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from October 17, 2026 through October 16, 2029, with successive renewal options available. Payment will be binding only for actual services rendered.

Cost/Funding/Assessment Information: Funding will be available in the Technology Services Fund (5011), Department of Technology Services, Computer Operations Division (850-2561) after City Council approval of the FY27 budget. Funding for future years will be included in the City's annual operating budget subject to approval by City Council.

RESOLUTION NO. ____

A RESOLUTION APPROVING THE THREE-YEAR RENEWAL OPTION TO THE AGREEMENT WITH CLONETAB INC FOR DATABASE CLONING, BACKUP, AND RECOVERY AUTOMATION SERVICES FOR THE DEPARTMENT OF TECHNOLOGY SERVICES; PROVIDING THAT THE CONTRACT AMOUNT SHALL NOT EXCEED $122,299.62 FOR THIS RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on October 17, 2023, the City entered into an agreement with Clonetab Inc for database cloning, backup, and recovery automation services ("Agreement"); and

WHERAS, the City desires to renew the Agreement for a three-year term at an amount not to exceed $122,299.62; and

WHEREAS, Clonetab Inc, agrees to renew the Agreement under the same terms and conditions; and

WHEREAS, the Procurement and Supply Management Department, in cooperation with the Department of Technology Services, recommends approval of this resolution.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the three-year renewal option to the agreement with Clonetab Inc for database cloning, backup, and recovery automation service and that the contract amount shall not exceed $122,299.62 for this renewal term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate this transaction.

This resolution shall become effective immediately upon its adoption.

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving an agreement with The Computer Solution Company of Virginia, LLC, a sole source supplier, for a Laboratory Information Management System (LIMS), for the Police Department, in the amount of $170,300.

Explanation: The vendor will provide, implement, host, and support a Laboratory Information Management System (LIMS) software for six users. The system will be used to manage forensic laboratory cases, track evidence through its lifecycle, maintain chain-of-custody records, and support accreditation and regulatory compliance requirements.

The Procurement and Supply Management Department, in cooperation with the Police Department, recommends for award:

The Computer Solution Company of Virginia, LLC (Niagara Falls, NY) …… $170,300

This purchase is being made in accordance with Section 2-196(a)(5) of the Procurement Code, which allows for a sole source procurement to be used for the purchase of a supply, service, or software that is a component or replacement part, an expansion or upgrade, or a specialized service for which there is no commercially available substitute and which can be purchased only from the manufacturer, distributor, or a manufacturer's service representative. The Procurement and Supply Management Director has reviewed all documentation and determined the purchase of the LIMS software implementation, hosting, and support services shall be made as sole source. An agreement will be issued for the initial one-year term. The agreement will have subsequent renewal options and will be binding only for actual services rendered.

Cost/Funding/Assessment Information: Funding has been previously appropriated in the General Fund (0001), Police Department, Fiscal Support Division (140-1389), Crime Gun Intelligence Center Project (19951) and the Local Law Enforcement State Trust Fund (1601), Police Department, Local Law Enforcement State Trust Division (140-2857).

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the renewal of an agreement with TriNova, Inc., a sole source supplier, for chlorination equipment for the Water Resources Department, in the amount of $300,000.

Explanation: The vendor furnishes and delivers equipment used at the wastewater treatment plants to measure and maintain the proper levels of chlorination in the potable waste disinfection process. The equipment includes systems that control feed rates, analyze chorine, bleach, and pH data to provide continuous water monitoring and alarm notification. The City has standardized the system's critical OEM replacement parts to De/Nora/Capital Controls, and ProMinent Fluid Controls to maintain system-wide compatibility and reliability. ProMinent Fluid Controls and De Nora/Capital Controls equipment are available locally only through TriNova, Inc., therefore, a sole source procurement is recommended.

The Procurement and Supply Management Department, in cooperation with the Water Resources Department, recommends for renewal:

TriNova, Inc. (Lakeland, FL) $300,000

The original agreement was executed on August 3, 2023, and $295,780 has been spent during the initial term. The vendor has agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on the vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from August 3, 2026 through August 2, 2028, with no renewal option remaining. Payment will be made only for goods delivered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the Water Resources Operating Fund (4001), Water Resources Department, Various Divisions.

RESOLUTION NO. 2026-____

A RESOLUTION APPROVING THE RENEWAL OPTION TO THE AGREEMENT WITH TRINOVA, INC. FOR CHLORINATION EQUIPMENT FOR THE WATER RESOURCES DEPARTMENT TO EXTEND THE TERM THROUGH AUGUST, 2, 2028 AND INCREASE THE TOTAL CONTRACT AMOUNT BY $300,000 FOR THE RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, on August 3, 2023, the City entered into an agreement with TriNova, Inc., a sole source supplier, for chlorination equipment for the Water Resources Department ("Agreement"); and

WHEREAS, the total spend to date for this contract is $295,780; and

WHEREAS, the City desires to exercise the renewal option in the Agreement to extend the term through August 2, 2028, and increase the total contract amount by $300,000 for the renewal term; and

WHEREAS, TriNova, Inc. has agreed to renew the Agreement under the same terms and conditions; and

WHEREAS, the Procurement & Supply Management Department, in cooperation with the Water Resources Department, recommends approval of this Resolution.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the renewal option to the Agreement with TriNova, Inc. for chlorination equipment for the Water Resources Department to extend the term through August 2, 2028, and increase the total contract amount by $300,000 for the renewal term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate this transaction.

This Resolution shall become effective immediately upon its adoption.

CB-5

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving the renewal of an agreement with PFM Financial Advisors LLC for financial advisory services, as a registered municipal advisor, in the amount of $150,000.

Explanation: The vendor provides debt and investment advising services and will assist with both negotiated and competitive multiple debt issues (bonds, notes, loans, capital leases and other debt obligations) whether taxable or tax-exempt, fixed rate or variable. Services may also include consultation on escrow investment restructuring, arbitrage discussions, disclosure issues, recruitment and evaluation of outside investment bankers, consulting with bond rating agencies, coordinating and supervising debt closing, analyzing the bond market and financing opportunities.

The Procurement and Supply Management Department, in cooperation with the Finance Department, recommends for renewal:

PFM Financial Advisors LLC (Philadelphia, PA) …… $150,000

The original agreement was executed on October 1, 2022, and $299,907 has been spent to date. The vendor has agreed to renew under the same terms and conditions. Administration recommends renewal of the agreement based on vendor's past satisfactory performance and demonstrated ability to comply with the terms and conditions of the agreement. The renewal will be effective from October 1, 2026 through September 30, 2027, with no renewal options remaining. Payment will be binding only for actual services rendered.

Cost/Funding/Assessment Information: Financial advisory transactional fees are based on percentage of debt issued and are appropriated from debt proceeds at the time of the issuance of bonds. Non-transactional fees are based on agreed upon hourly rates and vary based on the non-transactional work requested by the City and are paid from the appropriate annual operating budget.

Attachments: Resolution

RESOLUTION 2026-_____

A RESOLUTION APPROVING AN AMENDMENT TO THE AGREEMENT WITH PFM FINANCIAL ADVISORS LLC DATED OCTOBER 1, 2022, AS AMENDED, FOR FINANCIAL ADVISORY SERVICES TO EXTEND THE TERM THROUGH SEPTEMBER 30, 2027 AND INCREASE THE CONTRACT AMOUNT IN THE AMOUNT OF $150,000 FOR THIS RENEWAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City and PFM Financial Advisors LLC entered into an agreement on October 1, 2022, for financial advisory services; and

WHEREAS, the agreement dated October 1, 2022, has been previously amended; and

WHEREAS, Administration desires to further amend the Agreement to extend the term through September 30, 2027 and increase the contract amount in the amount of $150,000 for this renewal term; and

WHEREAS, the Procurement & Supply Management Department, in cooperation with the Finance Department, recommends approval of this Resolution.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that an amendment to the agreement with PFM Financial Advisors LLC dated October 1, 2022, as amended, for financial advisory services to extend the term through September 30, 2027 and increase the contract amount in the amount of $150,000 for this initial term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate this transaction.

This Resolution shall become effective immediately upon its adoption.

CB-6

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Accepting a bid and approving award of an agreement with Prison Rehabilitative Industries and Diversified Enterprises, Inc. for Office Paper Products for the Procurement and Supply Management Department, in the amount of $420,000.

Explanation: The Procurement and Supply Management Department issued two Invitations for Bids (IFBs); however, both solicitations were unsuccessful because all bids received were deemed non-responsive, resulting in the disqualification of all vendors and the closure of both solicitations without an award.

To ensure the City's operational needs were met in the most efficient and cost-effective manner, The Procurement and Supply Management Department Director determined that direct negotiations with prospective vendors were in the City's best interest pursuant to Section 2-191(k) of the City's Procurement Code.

Negotiations were conducted with Mac Papers & Packaging, W.B. Mason, and Prison Rehabilitative Industries and Diversified Enterprises, Inc. The estimated annual pricing submitted by each participating vendor is as follows:

Bidders	**Estimated Yearly Amount**
Prison Rehabilitative Industries and Diversified Enterprises, Inc (Brandon, FL)	$134,857.45
W.B. Mason (Brockton, MA)	166,920.30
Mac Papers & Packaging (Tampa, FL)	218,162.10

The vendor will furnish and deliver office paper products, including, but not limited to, customized utility billing envelopes, utility billing paper, and copier paper. Products will be delivered to the City of St. Petersburg’s Consolidated Warehouse on an as-needed basis.

The Procurement and Supply Management Department recommends for award:

Prison Rehabilitative Industries and Diversified Enterprises, Inc.....$420,000
(Three-years @ $140,000 per year)

Prison Rehabilitative Industries and Diversified Enterprises, Inc. has been determined to be the lowest responsive and responsible bidder. An agreement will be issued for the initial three-year term. The agreement will have two, one-year renewal options and will be binding only for actual products delivered.

Cost/Funding/Assessment Information: Funds have been previously appropriated in the Supply Management Fund (5031), Procurement and Supply Management Department, Supply Management Division (060-1053). Funding for future years will be included in the City's annual operating budget subject to approval by City Council.

RESOLUTION NO. 2026-____

A RESOLUTION APPROVING THE AWARD OF A THREE-YEAR BLANKET PURCHASE AGREEMENT WITH TWO ONE-YEAR RENEWAL OPTIONS TO PRISON REHABILITATIVE INDUSTRIES AND DIVERSIFIED ENTERPRISES, INC. FOR OFFICE PAPER PRODUCTS FOR THE PROCUREMENT AND SUPPLY MANAGEMENT DEPARTMENT FOR AN AMOUNT NOT TO EXCEED $420,000 FOR THE INITIAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Procurement & Supply Management Department received no bids in response to IFBs for Office Paper Products for the Procurement and Supply Management Departments; and

WHEREAS, pursuant to Section 2-191(k) of the City Code, in the event that bids for any supplies, services, software, or construction are solicited and no responsive bids are received, the POD, when determined by the POD to be in the best interest of the City, is authorized to negotiate directly with potential bidders for the provision of such supplies, services, software, or construction; and

WHEREAS, the contract resulting from such negotiation authorized pursuant to Section 2-191(k) is subject to City Council approval; and

WHEREAS, City Administration has completed the negotiation process and desires to enter into a three-year agreement with two one-year renewal options with Prison Rehabilitative Industries and Diversified Enterprises, Inc.; and

WHEREAS, the Procurement & Supply Management Department recommends approval of this Resolution.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the award of a three-year blanket purchase agreement with two one-year renewal options to Prison Rehabilitative Industries and Diversified Enterprises, Inc. for office paper products for the Procurement and Supply Management Department for an amount not to exceed $420,000 for the initial term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is hereby authorized to execute all documents necessary to effectuate this transaction.

This Resolution shall become effective immediately upon its adoption.

CB-7

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: Approving an agreement with MentorAPM, LLC, a sole source supplier, for MentorLENS software, implementation, and maintenance, for the Asset Management Office, in the amount of $400,000.

Explanation: The vendor will furnish MentorLENS, a cloud-based software subscription that converts field photographs of equipment nameplates into structured asset data and uses AI to assess equipment condition from photos and thermal imaging. The software integrates directly with the City's Oracle Work & Asset Cloud Service (WACS) to load asset data and condition assessments into the City's asset register. MentorAPM is the only vendor offering this combined nameplate-to-data and AI condition assessment workflow with native Oracle WACS integration.

The Procurement and Supply Management Department, in cooperation with the Asset Management Office, recommends for approval:

MentorAPM, LLC (Phoenix, AZ) …….. $400,000
(Implementation Services 13,000
Years 1-3 @ 72,000 per year, fixed
Years 4-5 @ subject to increase of no more than 8% per year)

This purchase is being made in accordance with Section 2-196 (a)(5) of the Procurement Code, which allows for a sole source procurement to be used for the purchases of supplies, services, or construction when such supply, services, or construction is available from only one source. The Procurement and Supply Management Director has reviewed the sole source documents and determined the purchase of MentorLENS software, implementation, and maintenance shall be made a sole source. An agreement will be issued for the initial five-year term. The agreement will have successive renewals based on mutual agreement from both the City and the vendor.

Cost/Funding/Assessment Information: Funding for implementation services and year one have been previously appropriated in the General Fund (0001), Public Works Administration Department, Asset Management Division (040-1019). Funding for future years will be included in the City's annual operating budget subject to approval by City Council.

RESOLUTION NO. 2026-_____

A RESOLUTION ACCEPTING THE BID AND APPROVING THE AWARD OF A FIVE-YEAR AGREEMENT WITH MENTORAPM, LLC A SOLE SOURCE SUPPLIER FOR MENTORLENS SOFTWARE, IMPLEMENTATION, AND MAINTENANCE FOR THE ASSET MANAGEMENT OFFICE FOR A TOTAL CONTRACT AMOUNT NOT TO EXCEED $400,000 FOR THE INITIAL TERM; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THIS TRANSACTION; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City desires to enter into a five-year agreement with MENTORAPM, LLC for software, implementation, and maintenance for the Asset Management Office for a total contract amount not to exceed $400,000; and

WHEREAS, this purchase is being made in accordance with Section 2-196 (a)(5) of the Procurement Code, which allows for a sole source procurement to be used for the purchases of supplies, services, or construction when such supply, services, or construction is available from only one source; and

WHEREAS, the Procurement and Supply Management Director has reviewed the sole source documents and has determined that the purchase of MENTORAPM, LLC software, implementation, and maintenance shall be made as a sole source procurement; and

WHEREAS, the Procurement & Supply Management Department in cooperation with the Asset Management Office recommends approval of this resolution; and

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the bid is accepted and the award of a five-year agreement with MENTORAPM, LLC for software, implementation, and maintenance for the Asset Management Office, for a total contract amount not to exceed $400,000 for the initial term is hereby approved.

BE IT FURTHER RESOLVED that the Mayor or his designee is hereby authorized to execute all documents necessary to effectuate this transaction.

This resolution shall become effective immediately upon its adoption.

CB-8

ST. PETERSBURG CITY COUNCIL

Consent Agenda

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: A resolution authorizing the Mayor, or his designee, to execute a License Agreement with the Pinellas Studio of Dance, Inc., a Florida profit corporation, for a period of thirty-six (36) months to utilize ±6,140 sq. ft. of space within the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, Florida, at a rental rate of $300.00 per month, subject to certain terms and conditions; and authorizing the execution all documents necessary to effectuate same; waiving the reserve for replacement requirement of City Council Resolution No. 79-740A; and providing an effective date. ***(Requires affirmative vote of at least six (6) members of City Council.)***

EXPLANATION: The Real Estate and Property Management Department received a request from the Pinellas Studio of Dance, Inc., a Florida profit corporation ("Licensee"), to enter into a license agreement to continue its use of the second-floor space (consisting of ±6,140 sq. ft.) within the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, Florida ("Premises"). The Licensee has utilized the Premises since July, 2004.

The proposed License Agreement ("License") is for a term of thirty-six (36) months, subject to City Council approval, with the terms and conditions providing the Licensee with the same basic rights and privileges it has enjoyed during the preceding term. The Licensee will provide instruction, classes and an annual special event for advanced dance students. The rental rate will be three hundred dollars ($300.00) per month, plus applicable sales tax during the term. The Licensee is responsible for daily cleaning and removal of all trash and debris, in addition to providing and paying for all costs (for certain utilities/services including, but not limited to, telephone, internet service, and cable/satellite television in association with its use of the Premises. Additionally, the Licensee will maintain a commercial general liability insurance policy in the amount of $1,000,000 per occurrence and $2,000,000 in the aggregate, protecting the City against all claims or demands that may arise or be claimed on account of the Licensee's use of the Premises. The License may be terminated without cause by either party with sixty (60) days written notice prior to the scheduled date of termination. Under the terms of the License, the City is under no obligation to provide a replacement facility under any circumstances.

City Council Resolution No. 79-740A, dated October 4, 1979, establishes policies for the sale and leasing of City-owned park and waterfront property. This resolution requires that when leasing City property to a non-profit, private organization ". . . the organization pays operating costs plus a reserve for replacement." The Licensee charges fees to provide services through the City's Parks and Recreation programs and has limited financial resources. Therefore, the City has always charged a nominal fee and

recommends that the reserve for replacement requirement be waived in an effort to minimize operating costs. These terms and conditions are consistent with prior licenses with the Licensee with other non-for-profit organizations.

Section 1.02 (c)(2) of the City Charter permits City Council approval of leases and licenses for park and waterfront property for five (5) years or less on commercially-zoned property with approval by an affirmative vote of at least six (6) members of City Council. The subject property is zoned Downtown Center-2.

RECOMMENDATION: Administration recommends that City Council adopt the attached resolution authorizing the Mayor, or his designee, to execute a License Agreement with the Pinellas Studio of Dance, Inc., a Florida profit corporation, for a period of thirty-six (36) months to utilize ±6,140 sq. ft. of space within the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, Florida, at a rental rate of $300.00 per month, subject to certain terms and conditions; and authorizing the execution of all documents necessary to effectuate same; waiving the reserve for replacement requirement of City Council Resolution No. 79-740A; and providing an effective date.

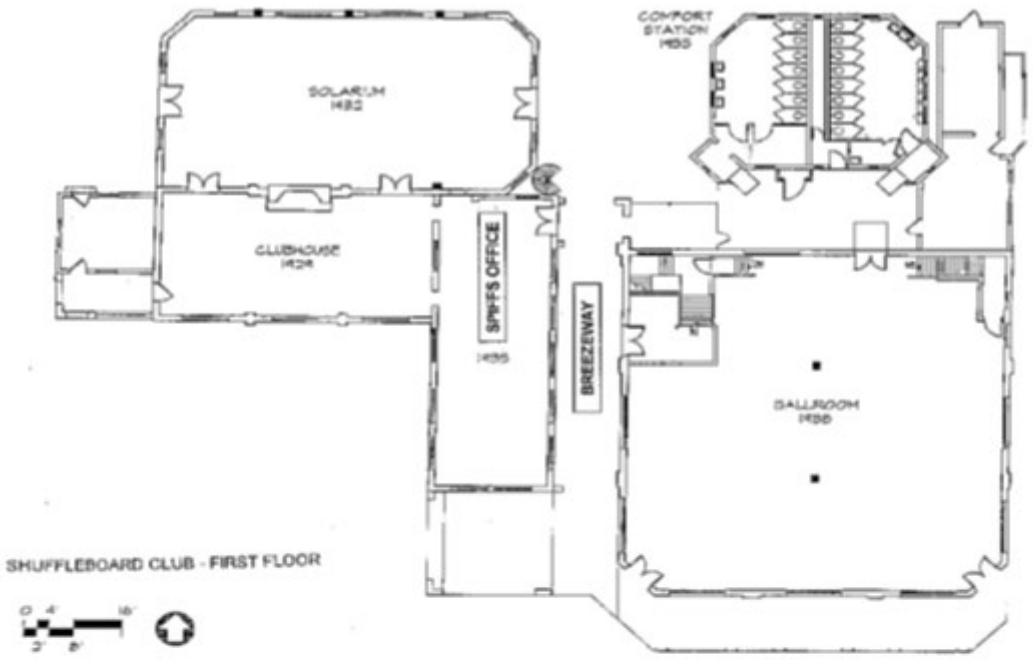
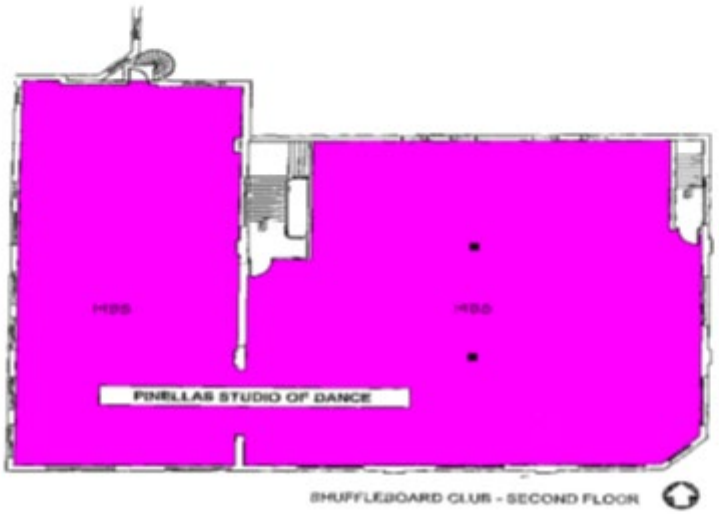
ILLUSTRATION





RESOLUTION NO. 2026-___

A RESOLUTION AUTHORIZING THE MAYOR, OR HIS DESIGNEE, TO EXECUTE A LICENSE AGREEMENT WITH THE PINELLAS STUDIO OF DANCE, INC., A FLORIDA PROFIT CORPORATION, FOR A PERIOD OF THIRTY-SIX (36) MONTHS TO UTILIZE ±6,140 SQ. FT. OF SPACE WITHIN THE ST. PETERSBURG SHUFFLEBOARD CLUB BUILDING LOCATED AT 559 MIRROR LAKE DRIVE NORTH, ST. PETERSBURG, FLORIDA, AT A RENTAL RATE OF $300.00 PER MONTH, SUBJECT TO CERTAIN TERMS AND CONDITIONS; AND AUTHORIZING THE EXECUTION OF ALL DOCUMENTS NECESSARY TO EFFECTUATE SAME; WAIVING THE RESERVE FOR REPLACEMENT REQUIREMENT OF CITY COUNCIL RESOLUTION NO. 79-740A; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Pinellas Studio of Dance, Inc., a Florida profit corporation ("Licensee") desires to utilize the second floor space (consisting of ±6,140 sq. ft.) within the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, Florida as described and depicted in Exhibit A, attached hereto and incorporated herein ("Premises"); and

WHEREAS, the proposed License Agreement ("License") will be for a term of thirty-six (36) months, for a rental rate of hundred dollars ($300.00) per month, plus applicable sales tax during the term; and

WHEREAS, pursuant to License, the Licensee is responsible for (i.) maintaining the interior of the Premises; (ii.) providing and paying for certain utilities/services including, but not limited to, telephone, internet service, cable/satellite television; and (iii.) any applicable insurance in association with its use of the Premises; and

WHEREAS, the License complies with the policies established in Resolution No. 79-740A provided, however, due to the limited financial resources of the organization, the City is charging nominal rent and recommending that the reserve for replacement requirement be waived in an effort to minimize operating costs; and

WHEREAS, Section 1.02 (c)(2) of the City Charter permits City Council approval of leases and licenses for park and waterfront property for five (5) years or less on commercially-zoned property with approval by an affirmative vote of at least six (6) members of City Council.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida that the Mayor, or his designee, is authorized to execute a License with the Licensee for use of the Premises for a period of thirty-six (36) months at a rental rate of $300.00 per month, subject to certain terms and conditions as set forth in the License, as more fully described in the foregoing recitals.

BE IT FURTHER RESOLVED that the Mayor, or his designee, is authorized to execute all documents necessary to effectuate same.

BE IT FURTHER RESOLVED that the reserve for replacement requirement of Resolution No. 79-740A is waived.

This resolution shall become effective immediately upon its adoption.

CB-10

ST. PETERSBURG CITY COUNCIL

Consent Agenda

Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair and Members of City Council

SUBJECT: A Resolution authorizing the Mayor or his designee to execute Amendment No. 2 to Task Order No. 21-05-WT/W(A), amended, to the architect/engineering agreement dated July 15, 2021, as amended, between the City of St. Petersburg, Florida and Wade Trim, Inc. ("A/E") for A/E to provide amended permitting services, construction administration services, construction engineering services and project close-out services related to the 36" Transmission Main Repairs – Water Crossings Project in an amount not to exceed $110,972.91; providing that the total Task Order, as amended, shall not exceed $293,567.91 (ECID Project No. 23157-100; Oracle No. 19720); and providing an effective date.

EXPLANATION: The City's transmission main was installed below the bottom of the creek Mullet Creek in Safety Harbor circa 1930. While there are multiple crossings of both the 36-inch and the 48-inch watermains, this project is intended to address two specific crossings for the 36-inch watermain which have become critical due to erosion and site conditions. Over time, erosion exposed the pipe, which is now resting on the creek bottom, perpendicular to the creek flow. The pipe's existing location exhibits extensive erosion of the canal sidewalls and general cross section, placing the pipe and canal stability at risk.

There are two critical crossings of the City's 36-inch diameter water transmission main along sections of Mullet Creek in Safety Harbor. The first location is near 2200 Marshall Street, Safety Harbor, Florida (North crossing) and the second is near 760 Elm Street, Safety Harbor, Florida (South crossing).

This project will vertically adjust the existing 36-inch pipe within the limits of its general location at the North and South crossings. The existing reinforced concrete pipe will be removed and replaced with a new 36 inch pipeline buried deeper mitigating the risk of the natural canal eroding to the point of risking the stability of the pipe in the future. Following the pipe construction, rehabilitation will consist of restoring the channel to its natural and sustainable cross section which is consistent both upstream and downstream of this location and armoring the channel within the proximity of the canal crossing. Soil will be compacted prior to placement of a geosynthetic liner, bedding stone, riprap, and seeding as needed.

On July 15, 2021, the City of St. Petersburg, Florida ("City") and Wade Trim, Inc. ("A/E") entered into an architect/engineering agreement for A/E to provide miscellaneous professional services for Miscellaneous Professional Services for Potable Water, Wastewater and Reclaimed Water projects.

On January 18, 2024, City Council approved Task Order No. 21-05-WT/W(A) in the amount of $182,595.00 which provided for professional engineering services including but not limited to project administration, land surveying of the two creek crossings, environmental services to include jurisdictional wetland boundary delineation, characterization of habitats and identification of the potential presence of threatened and protected species, including floral and faunal species. Geotechnical field investigation services, engineering design, and permitting services. This Amendment included a $24,000 allowance to be authorized if any unforeseen conditions are experienced while performing the work.

On November 21, 2025, Administration authorized Amendment No. 1 to Task Order No. 21-05-WT/W(A) in the amount of $18,737.56 (from the Allowance) for the A/E to provide professional engineering services including but not limited to preparing an engineering opinion of probable construction cost and tree removal permit application.

As the project is within the Permitting phase and entering into the construction phase, this Amendment will provide construction phase services by the A/E.

Amendment No. 2 to Task Order No. 21-05-WT/W(A) in the amount of $110,972.91 shall provide professional engineering services including but not limited to construction administration services, construction engineering services, and project close-out services. This Amendment includes a $15,000 allowance to be authorized if any unforeseen conditions are experienced while performing the work.

Task Order No. 21-05-WT/W(A), Amendment No. 1 and Amendment No. 2 include the following phases and associated not to exceed costs respectively:

		Approved	Authorized
Task Order	Project Management and Coordination	$36,183.60	$36,183.60
	Surveying Services	$ 8,160.00	$ 8,160.00
	Geotechnical Services	$13,791.26	$13,791.26
	Environmental Services	$10,267.50	$10,267.50
	Engineering Design Services	$79,714.40	$79,714.40
	Permitting Services	$10,478.24	$10,478.24
	Allowance	$24,000.00	
	Subtotal	**$182,595.00**	
Amendment No. 1	Allowance		$18,737.56
Amendment No. 2	Permitting Services-Amended	$14,866.15	(New)
	Construction Administration Services	$26,649.00	(New)
	Construction Engineering Services	$40,999.20	(New)
	Close-Out Services	$13,458.56	(New)
	Allowance	$15,000.00	(New)
	Subtotal	**$110,972.91**	
	Total	**$293,567.91**	

Contractor costs for the improvements will be provided to Council for approval as a separate Agreement.

RECOMMENDATION: Administration recommends authorizing the Mayor or his designee to execute Amendment No. 2 to Task Order No. 21-05-WT/W(A), amended, to the architect/engineering agreement dated July 15, 2021, as amended, between the City of St. Petersburg, Florida and Wade Trim, Inc. ("A/E") for A/E to provide amended permitting services, construction administration services, construction engineering services and project close-out services related to the 36" Transmission Main Repairs – Water Crossings Project in an amount not to exceed $110,972.91; providing that the total Task

Order, as amended, shall not exceed $293,567.91 (ECID Project No. 23157-100; Oracle No. 19720); and providing an effective date.

COST/FUNDING/ASSESSMENT INFORMATION: Funds have been previously appropriated in the Water Resources Capital Projects Fund (4003), DIS 36" TM Water Cross Replacements FY23 Project (19720).

ATTACHMENTS: Resolution
Amendment No. 2 to Task Order No. 21-05-WT/W(A)

RESOLUTION 2026-_____

A RESOLUTION AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE AMENDMENT NO. 2 TO TASK ORDER NO. 21-05-WT/W(A), AS AMENDED, TO THE ARCHITECT/ENGINEERING AGREEMENT DATED JULY 15, 2021, AS AMENDED, BETWEEN THE CITY OF ST. PETERSBURG, FLORIDA AND WADE TRIM, INC. ("A/E") FOR A/E TO PROVIDE AMENDED PERMITTING SERVICES, CONSTRUCTION ADMINISTRATION SERVICES, CONSTRUCTION ENGINEERING SERVICES AND PROJECT CLOSE-OUT SERVICES RELATED TO THE 36" TRANSMISSION MAIN REPAIRS – WATER CROSSINGS PROJECT IN AN AMOUNT NOT TO EXCEED $110,972.91; PROVIDING THAT THE TOTAL TASK ORDER, AS AMENDED, SHALL NOT EXCEED $293,567.91 (ECID PROJECT NO. 23157-100; ORACLE NO. 19720); AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of St. Petersburg, Florida ("City") and Wade Trim, Inc. ("A/E") executed an architect/engineering agreement on July 15, 2021 for A/E to provide professional services on a continuing basis for work of a specified nature as outlined in the agreement related to Potable Water, Wastewater and Reclaimed Water Projects; and

WHEREAS, the architect/engineering agreement dated July 15, 2021 has been previously amended; and

WHEREAS, on January 18, 2024, City Council approved Task Order No. 21-05-WT/W(A) ("Task Order") for A/E to provide project management and coordination, surveying services, geotechnical services, environmental services, engineering design services and permitting services related to the 36" Transmission Main Repairs – Water Crossings Project ("Project") in an amount not to exceed $182,595, which amount included a $24,000 allowance; and

WHEREAS on November 21, 2025, Administration executed Amendment No. 1 to the Task Order for A/E to provide an engineering opinion of probable construction cost and prepare a tree removal permit application related to the Project in an amount not to exceed $18,737.56 (from the allowance); and

WHEREAS, Administration desires to issue Amendment No. 2 to the Task Order, as amended, for A/E to provide amended permitting services, construction administration services, construction engineering services and Project close-out services related to the Project in an amount not to exceed $110,972.91, which amount includes a $15,000 allowance.

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida that the Mayor or his designee is hereby authorized to execute Amendment No. 2 to Task Order No. 21-05-WT/W(A), as amended, to the architect/engineering agreement dated July 15, 2021, as amended, between the City of St. Petersburg, Florida and Wade Trim, Inc. ("A/E") for A/E to provide amended permitting services, construction administration services, construction engineering services and Project close-out services related to the 36" Transmission Main Repairs – Water Crossings Project in an amount not to exceed $110,972.91.

BE IT FURTHER RESOLVED that the total Task Order, as amended, shall not exceed $293,567.91.

This Resolution shall become effective immediately upon its adoption.

MEMORANDUM

CITY OF ST. PETERSBURG

Engineering and Capital Improvements Department

DATE: July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair, and City Councilmembers

FROM: Brejesh Prayman, P.E., Director
Engineering & Capital Improvements Department

RE: Consultant Selection Information
Firm: Wade Trim, Inc.
Amendment No. 2 to Task Order No. 21-05-WT/W(A) in the amount of $110,972.91

This memorandum is to provide information pursuant to City Council Policy (Resolution 2017-156).

1. Summary of Reasons for Selection

   The project involves construction permitting and engineering services during construction for the replacement of two segments of the 36-inch transmission main along Mullet Creek in Safety Harbor followed by the restoration and stabilization of the creek bed and embankment.

   Wade Trim, Inc. has satisfactorily completed the engineering design for this project. This work is a continuation of the previous condition assessment.

   Wade Trim, Inc., Inc. has satisfactorily completed similar work under previous A/E Annual Master Agreements in 2012, and is familiar with the City Standards.

   Wade Trim, Inc. has significant experience in the design, permitting and construction phase activities of potable drinking water transmission mains.

   This is the second amendment to the first Task Order issued under the 2021 Master Agreement.

2. Transaction Report listing current work – See Attachment A

AMENDMENT NO. 2 TO TASK ORDER NO. 21-05-WT/W(A)
36" TRANSMISSION MAIN REPAIRS – WATER CROSSINGS
MISCELLANEOUS PROFESSIONAL SERVICES FOR POTABLE WATER, WASTEWATER,
AND RECLAIMED WATER PROJECTS
CITY PROJECT NO. 23157-100

This Amendment No. 2 to Task Order No. 21-05-WT/W(A) is made and entered into this __ day of _____, 2026, pursuant to the ARCHITECT/ENGINEERING AGREEMENT FOR MISCELLANEOUS PROFESSIONAL SERVICES FOR POTABLE WATER, WASTEWATER, AND RECLAIMED WATER PROJECTS dated July 15, 2021 ("Agreement") between Wade Trim, Inc. ("A/E"), and the City of St. Petersburg, Florida ("City"), and upon execution shall become a part of the Agreement.

I. DESCRIPTION OF PROJECT

The City of St. Petersburg, Florida, receives its potable water supply through two concrete pressure pipe water transmission mains. The 36-inch (in) and 48-in diameter water transmission mains are both approximately 25 miles (40 kilometer) long and were constructed in 1930s and 1960s, respectively. The 36-in diameter water transmission main was installed with shallow cover using open cut trenching techniques in the early 1930s. This water transmission main crosses multiple creeks and wetlands along the 25-mile alignment. Over time, development, channelization, and large storm events have contributed to erosion of the creek beds, exposing the 36-in water transmission main and eroding the embankments adjacent to the creek crossings, threatening the integrity of the pipe. There are two critical crossings of the water transmission main along sections of Mullet Creek in Safety Harbor that are in need of evaluation and fortification. The first location is near 2200 Marshall Street, Safety Harbor FL 34695. The second location is near 760 Elm Street, Safety Harbor FL 34695. The construction will involve replacing the 36-in water main at both stream crossings with new 36-in pipe buried under the stream to eliminate the exposed portions. The work also includes restoring and stabilizing the stream banks at these two stream crossings where heavy erosion has occurred over time.

Amendment No. 1 to the Task Order authorized the use of allowance for additional services to Tasks 1, 5, and 6 for the preparation of an engineering cost estimate and City of Safety Harbor tree permit application.

For this Amendment No. 2 to the Task Order, the A/E will provide Construction Phase Services as the Engineer of Record in support of the City's full-time Construction Engineering and Inspection (CEI) activities. The project is being constructed by the City's selected Construction Manager at Risk (CMAR), Archer Western Construction, LLC.

II. SCOPE OF SERVICES

Task 6 – Permitting Services – Amended Services

A/E has provided and will provide additional permitting services including preparation of an application for a City of Safety Harbor Right-of-Way Permit, and an FDEP Environmental Resource General Permit with associated correspondence and coordination involved to obtain said permits.

A/E has coordinated with and provided information to the City and Pinellas County to help evaluate and determine whether a Pinellas County permit for construction in a floodplain is required and whether modeling will be required to acquire said permit. This scope does not include a Pinellas County Floodplain permit application, modeling, or other efforts not specified herein.

A/E will have an FWC authorized gopher tortoise agent conduct a gopher tortoise survey within 25 feet of the work areas no more than 90 days before the start of construction. In addition, a technical memorandum summarizing the survey methodology, results, and burrow location map will be prepared and reviewed. This scope does not include a relocation permit with the FWC, which would be required if tortoises were found and cannot be excluded. It also does not include the fees associated with relocating the tortoises to a recipient site.

Task 7 – Construction Phase Services

Through the duration of the project schedule, the A/E will perform the following construction phase services.

7.1 Construction Administration Services

- A/E will attend a pre-construction conference conducted by the CMAR and City of St. Petersburg Project Manager.
- A/E will coordinate with the City's Construction Services Inspector and Project Manager throughout scheduled construction duration.
- A/E will assign a Construction Manager to provide QA/QC oversight and act as the City's Representative for up to 8 hours per week for a 4-month construction period. It is assumed the City will provide full-time inspection services during the construction phase. Assumes a 4-month construction duration and that submittals review begin at least 1 month prior.
- A/E will attend one in-person or virtual construction progress meeting every two weeks. Meetings will be conducted by the CMAR. The A/E Construction Manager/Engineer will attend these meetings to provide input on project status and schedule (progress). The meetings will include the City's Construction Services Inspector and other City staff as necessary. Meetings are virtual every two weeks.
- CMAR will establish construction management software to manage, track, report, and store relevant documents between the CMAR, A/E, and City that are produced during the construction and closeout phases. A/E will use the CMAR's software unless otherwise specified by the City.
- A/E will provide general correspondence and office administration services for the project that will include project setup, a project management plan, and electronic file systems and document control. A/E will provide monthly invoices and reports

for work completed and will administer the project. A/E will review CMAR's monthly schedules and look ahead schedules and provide comments when appropriate.

- Minor changes to design work will be addressed based on conditions encountered in the field and/or at the direction of the City, including:
  - Field Orders - Minor variations in the work will be made through field orders issued to the CMAR. Field orders do not involve adjustments to construction contract price nor time for construction and are not considered inconsistent with the Contract Documents.
  - Change Proposal Requests (CPR) and Work Change Directives (WCD) – When RFIs or construction changes result in contract time or cost adjustments, A/E will review and recommend acceptance or rejection to the City based on negotiations of the CMAR's proposal, as needed.
  - Change Orders - Individual CPRs and WCDs will be combined into a change order and provided to the City for review, acceptance and execution.

7.2 Construction Engineering Services

- Review up to 25 shop drawings, samples, or submittals using procedures outlined in the Contract Documents, including requests for proposed substitutions. A/E will coordinate reviews with design engineers for conformance with the design concept and compliance with the specified requirements.
- Logs will be maintained using construction document software to identify and track shop drawing submittals, samples, and O&M manuals. Monthly updates of the Shop Drawing Log will be provided at progress meetings.
- Review CMAR-provided inspections or tests required by the construction documents for conformance to specified parameters for materials, equipment and/or installed work. A/E's review of CMAR-provided certificates and test data, or other approvals information provided by the CMAR does not mean that an independent evaluation was performed or validated.
- Review, log, and respond to the CMAR's Requests for Information (RFIs) (up to 5 RFIs) including coordination with design engineers and provide appropriate responses. Distribute RFI responses to the CMAR and the City.
- On a monthly basis, A/E will verify that the CMAR is maintaining a marked-up, redline version of the Work installed and will separately maintain a field version of marked-up, redline as-built documents. Any observed differences with the CMAR's set will be reconciled regularly (at least monthly) as part of the pay application review process. At completion, a set of reconciled redline as-built documents will be provided by CMAR for development of record drawings by A/E.
- A/E will provide periodic site visits by the engineer of record or other design professional as appropriate to observe the Work for compliance with the Contract Documents and supplement the work of the City construction inspector(s) and A/E's Construction Manager for up to five (5) site visits. After each visit, A/E will create a site visit report.
- Provide routine technical support, which includes providing engineering support to resolve routine field issues involving design clarifications or modifications.
- Review and approve alternative construction methods or materials proposed by the CMAR. Substantial and final completion inspections will be facilitated to prepare

punch lists of items requiring completion or correction. Promptly after the CMAR gives notice that the entire work is ready for its intended use, A/E, along with the City and CMAR, will facilitate an inspection for substantial completion, considering any objections of the City and/or A/E, and again, upon final completion. The A/E Construction Manager will reinspect the work once after each initial inspection to confirm any outstanding items are addressed to allow for acceptance of the work and issuances of certificates of substantial completion and final completion.

7.3 Close-Out Services

- A/E will document final review of the Project and confirm, as part of final documentation, that project requirements of the CMAR are met. The review will include operation and maintenance manuals, schedules, guarantees, bonds, certificates, and/or other evidence of insurance not previously submitted and required by the Contract Documents, certificates of inspection, tests and approvals, shop drawings, samples, and other data for the City to accept the project as final. During this step, receipt of the CMAR's final payment application will be verified.
  Limitation of Responsibilities – A/E is not responsible for acts, errors or omissions of the CMAR, or their subcontractors, suppliers, or other individuals or entities performing or furnishing work for the project. A/E is also not responsible for the failure of the CMAR to perform or furnish the work in accordance with the Contract Documents.
- Record drawings will be developed after completion of the construction and final survey of the Project by the CMAR. As-built information will be documented by the CMAR and reviewed by the City inspector. This information will be marked up by the CMAR on the construction drawings to reflect changes during construction and will be provided to the A/E to prepare and certify the record drawings.
- A/E will prepare and submit the Certification of Construction Completion and Request for Clearance to Place Permitted PWS Components into Operation to the FDEP.
- Close-out files will be provided at project completion including documents and records received throughout the course of the project.

III. SCHEDULE

Work under this Task Order shall begin no later than 10 days from Notice to Proceed.

CMAR's estimated time for project completion is four (4) months.

IV. A/E'S RESPONSIBILITIES

The A/E will coordinate with City staff members and CMAR as appropriate and provide the additional permitting services detailed in Section II above.

V. CITY'S RESPONSIBILITIES

The City will provide full-time construction inspection services and will coordinate any easement or right of entry required by the CMAR to perform the work.

VI. DELIVERABLES

Task 6 Deliverables:

- *City of Safety Harbor Right-of-Way Permit*
- *FDEP Environmental Resource General Permit*
- *Writeup and drawings/figures summarizing the findings related to Pinellas County floodplain permitting and whether modeling is required*

Task 7.1 Deliverables:

- *Attend 10 meetings. CMAR will produce meeting summaries.*
- *Digital copies of documents exported from construction management software*
- *Up to 4 Months of Project Management, Monthly Invoices, Comments on project schedules and look ahead schedules*
- *Forms and Correspondence to Address up to 2 Field Orders, 2 CPRs/WCDs, 2 Change Orders*

Task 7.2 Deliverables:

- *Up to 25 submittals*
- *Up to 4 monthly Shop Drawing Logs*
- *Up to 5 RFIs*
- *Up to 32 site visit reports*
- *Certificates of Substantial Completion and Final Completion*

Task 7.3 Deliverables:

- *Letter of Final Project Review*
- *Digital Native and PDF files of Complete Record Drawing Set*
- *Certification of Construction Completion and Request for Clearance for review and approval by the City*
- *Digital PDF files on hard drive or provided through online file transfer site*

VII. A/E'S COMPENSATION

The A/E was authorized the lump sum amount of $158,595.00 under the original Task Order for Tasks 1 through 6 (a separate additional Allowance of $24,000.00 was not authorized).

Amendment No. 1 to the Task Order authorized the A/E the lump sum amount of $18,737.56 (from the Allowance) for amended services to Tasks 1, 5, and 6. A balance of $1,262.44 of the Allowance remains for additional services not identified in the Scope of Services and a balance of $4,000.00 of the Allowance remains for permit fees.

For this Amendment No. 2, the City shall compensate the A/E the lump sum amount of **$95,972.91** for the additional services for Task 6 and new Task 7.

Amendment No. 2 to the Task Order establishes an additional Allowance of **$15,000.00** for services not identified in the Scope of Services. Additional services may be performed only upon receipt of prior written authorization from the City, and such authorization shall set forth the additional services to be provided by the A/E. The cost for any additional services shall not exceed the amount of the allowance set forth in this Task Order.

The total Task Order lump sum amount for Amendment No. 2 is **$110,972.91**, per Attachment 2 to Appendix A.

The total Task Order amount including Amendment No. 1 and Amendment No. 2 shall not exceed **$293,567.91.**

VIII. PROJECT TEAM

Project Manager: Anthony Vecchio, PE
Project Director: Bill Harrington, PE
Engineer of Record: Freddy Betancourt, PE
Construction Manager: Jim Gunther, PE
Construction Engineer: TBD

IX. MISCELLANEOUS

In the event of a conflict between this Amendment No. 2 to Task Order and the Agreement, the Agreement shall prevail.

IN WITNESS WHEREOF the Parties have caused this Amendment No. 2 to Task Order to be executed by their duly authorized representatives on the day and date first above written.

CB-11

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

To: The Honorable Lisset Hanewicz, Chair, and Members of City Council

Subject: A resolution approving a rescission of an unencumbered appropriation in the City Facilities Capital Improvement Fund (3031) in the amount of $123,743 from the Infrastructure TBD FY26 Project (21270); approving a supplemental appropriation in the amount of $123,743 from the increase in the unappropriated balance of the City Facilities Capital Improvement Fund (3031), resulting from the above rescission, to the Fire Rescue Burn Trailer Project (21742); and providing an effective date.

Explanation: The initial vendor will replace the concrete pad at the Fire Rescue Drill Grounds. The supplier will furnish, deliver, and install a Draeger Swede Survival Phase 1 Standard burn building. The concrete pad will ensure the unit is on a stable, hard surface to ensure safe operation.

Cost/Funding/Assessment Information: Funding will be available after the approval of a rescission of an unencumbered appropriation in the City Facilities Capital Improvement Fund (3031) in the amount of $123,743 from the Infrastructure TBD FY26 Project (21270) and a supplemental appropriation in the amount of $123,743 from the increase in the unappropriated balance of the City Facilities Capital Improvement Fund (3031), resulting from the above recission, to the Fire Rescue Burn Trailer Project (21742).

Budget

Resolution No. 2026 - _____

APPROVING A RESCISSION OF AN UNENCUMBERED APPROPRIATION IN THE CITY FACILITIES CAPITAL IMPROVEMENT FUND (3031) IN THE AMOUNT OF $123,743 FROM THE INFRASTRUCTURE TBD FY26 PROJECT (21270); APPROVING A SUPPLEMENTAL APPROPRIATION IN THE AMOUNT OF $123,743 FROM THE INCREASE IN THE UNAPPROPRIATED BALANCE OF THE CITY FACILITIES CAPITAL IMPROVEMENT FUND (3031), RESULTING FROM THE ABOVE RESCISSION TO THE FIRE RESCUE BURN TRAILER PROJECT (21742); AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Administration desires to purchase a concrete pad for St. Petersburg Fire Rescue Drill Grounds at an estimated amount of $25,000 and a Draeger Swede Survival Phase 1 Standard burn building at an estimated cost of $98,743; and

WHEREAS, the previous burn building has reached the end of its useful life.

NOW THEREFORE BE IT RESOLVED that an unencumbered appropriation in the City Facilities Capital Improvement Fund (3031) in the amount of $123,743 from the Infrastructure TBD FY26 Project (21270) is hereby rescinded.

BE IT FURTHER RESOLVED that there is hereby approved from the unappropriated balance of the City Facilities Capital Improvement Fund (3031), resulting from the above rescission, the following supplemental appropriation for Fiscal Year 2026:

<u>City Facilities Capital Improvement Fund (3031)</u>	
Fire Rescue Burn Trailer Project (21742)	$123,743

This resolution shall become effective immediately upon its adoption.

CB-12

ST. PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of July 23, 2026

TO: The Honorable Lisset Hanewicz, Chair, and Members of City Council

SUBJECT: A resolution authorizing the Mayor or his designee to consent to the Assignment of the Workforce Housing Bonus Density/Intensity Agreement imposing covenants and restrictions relating to that certain property known as Tortuga Pointe Apartments located at 10475 Gandy Boulevard North from Tortuga Pointe LLC, a Delaware limited liability company to Tortuga Bayside, LLC, a Delaware Limited Liability Company; authorizing the Mayor or his designee to execute all documents necessary to effectuate this consent; and providing an effective date.

EXPLANATION: The City of St. Petersburg created a Workforce Housing Density/Intensity Bonus Program ("WFH Program") by adoption of Ordinance 854-G in 2007 which became effective January 1, 2008. The WFH Program allows entities that are developing housing to obtain increased density/intensity on their site in return for agreeing to restrict the additional units so that they would be affordable to households with incomes at or below 80%, 120%, and 150% of the area median income ("AMI") for a period of 30 years from the date of the initial certificate of occupancy.

On September 29, 2008 ZarCalRes Brighton, LLC recorded a Workforce Housing Bonus Density/Intensity Agreement ("WFH Agreement") which allowed them to construct 295 units on the property located at 10475 Gandy Boulevard North ("Property") in return for the provision that 93 of those units would be rented in accordance with the WFH Program. The Density Bonus units are rented as follows: 31 units for households earning 80% of the Area Median Income, 31 units at 120% AMI and 31 units at 150% AMI.

On October 17, 2017, City Council authorized assignment of the WFH Agreement from ZarCalRes Brighton, LLC to Tortuga Pointe, LLC in conjunction with the sale of the property to Tortuga Pointe, LLC (Resolution No. 2017-596).

On February 12, 2021, City Council approved a transfer of Membership Interests from Tortuga Point Venture, LLC (the 100% membership interest of Tortuga Point, LLC) to HLC Tortuga Point Venture, LLC (Resolution No. 2021-101). The City is not aware of any non-compliance with the WFH Agreement to date.

On June 8, 2026, the Housing and Community Development Department was notified by the ownership group of ARIUM Tortuga Pointe of intention to sell the property to Tortuga Bayside LLC, as successor-in-interest to Asset Development and Management Group, LLC and request of Assignment by City Council. The incoming property manager, American Landmark, has approximately $6 billion gross asset value under management and manages over 36,000 units across the Sunbelt and is locally based in Tampa, FL.

RECOMMENDATION: Administration recommends that City Council adopt the resolution authorizing the Mayor or his designee to consent to the Assignment of the Workforce Housing

Bonus Density/Intensity Agreement imposing covenants and restrictions relating to that certain property known as Tortuga Pointe Apartments located at 10475 Gandy Boulevard North from Tortuga Pointe LLC, a Delaware limited liability company to Tortuga Bayside, LLC, a Delaware Limited Liability Company; authorizing the Mayor or his designee to execute all documents necessary to effectuate this consent; and providing an effective date.

COST/FUNDING/ASSESSMENT INFORMATION: Not Applicable.

Attachments: Letter of Request
Assignment of Agreement

APPROVALS:

Administration: _____

Tortuga Pointe LLC
10475 Gandy Boulevard
St. Petersburg, FL

June 8, 2026

City of St. Petersburg
Housing and Community Development
501 1st Avenue North
St. Petersburg, FL 33701

Dear Housing and Community Development Office and Mayor Ken Welch,

Tortuga Pointe LLC is the Owner ("**Owner**") under that certain Workforce Housing Bonus Density/Intensity Agreement ("**Agreement**") dated July 18, 2008 between ZarCalRes Brighton, LLC (predecessor in interest to Owner) and the City of St. Petersburg, Florida (the "**City**"). The Agreement covers that certain property known as Tortuga Pointe Apartments located at 10475 Gandy Boulevard, St. Petersburg, Florida (the "**Property**").

Pursuant to Section 17 of the Agreement, Owner may not delegate performance under the Agreement, nor assign the Agreement or any of its rights under the Agreement without the City Council's prior written consent which shall be granted or withheld in the City Council's sole discretion. The City's primary goal for requiring such consent is to assure that all the provisions of the Agreement will be complied with by the Assignee and that the City continues to have the ability to enforce the Agreement against the Assignee in the simplest and easiest (for the City) manner possible. Any such purported delegation or assignment without the City's Council's consent shall be null and void and shall constitute a material default of the Agreement.

Section 28 further provides that for purposes of the Agreement any required written permission, consent, approval or agreement by the City means the approval of the Mayor or the Mayor's designee unless otherwise set forth therein.

Owner has entered into a Purchase and Sale Agreement to sell the Property (hereinafter, the "**Sale**") to Tortuga Bayside LLC, as successor-in-interest to Asset Development and Management Group, LLC ("**Buyer**").

Owner hereby notifies the City and further requests the City to consent to, accept and recognize the assignment, upon a successful Sale, of all Owner's rights, obligations and liabilities under the Agreement to Buyer and Buyer, upon a successful Sale, will accept the assignment of all of Owner's rights, obligations and liabilities under the Agreement.

Owner has drafted an agreement enclosed herein, which acknowledges that, upon a successful Sale, the City shall thereafter recognize Buyer as the Owner/Developer under the Agreement and

release Tortuga Pointe LLC therefrom. Buyer and Owner expect the Sale to occur on or before July 16, 2026.

We understand that the City will seek City Council's approval of the assignment and agreement to the form of assignment which the City, Owner and Buyer will execute as part of the Sale. Please let us know if you would like to discuss the form of agreement by contacting Matt Moody at 404-812-8289 or matt.moody@rmrgroup.com.

Should the Sale between Buyer and Owner be terminated, we will notify you.

Sincerely,

Tortuga Pointe LLC,
a Delaware limited liability company

Assignment of Agreement

WHEREAS, the City of St. Petersburg, Florida (the "**City**") and ZarCalRes Brighton, LLC, a Delaware limited liability company ("**ZarCal**") previously entered into a Workforce Housing Bonus Density/Intensity Agreement Imposing Covenants and Restrictions on Real Property, dated as of July 18, 2008 (the "**WFH Agreement**"), in connection with the construction of an apartment complex commonly known as "Tortuga Pointe Apartments", located at 10475 Gandy Boulevard North, St. Petersburg, Florida (the "**Tortuga Pointe Apartments**") and legally described on Exhibit "A" attached hereto ("**Property**"); and

WHEREAS, the WFH Agreement was recorded in the Pinellas County Clerk of Court's official record Book: 16388, Pages 2368-2389 on September 29, 2008, and states that Assignor may not delegate performance under the WFH Agreement without City Council's prior written consent which shall be granted or withheld in the City Council's sole discretion; and

WHEREAS, ZarCal requested the City's consent to the assignment of rights, duties and obligations under the WFH Agreement to Tortuga Pointe LLC, a Delaware limited liability company ("**Assignor**"), in connection with the sale of the Tortuga Pointe Apartments which occurred on November 7, 2017; and

WHEREAS, ZarCal entered into an Assignment of Agreement with Assignor assigning its rights and duties under the WFH Agreement to Assignor, which assignment was consented to by the City pursuant to Resolution No. 2017-596, and which Assignment of Agreement was recorded in the Pinellas County Clerk of Court's Official Record Book 19835, Pages 1204-1210 on November 8, 2017; and

WHEREAS, Tortuga Pointe Venture LLC, a Delaware limited liability company, the owner of 100 percent of the membership interests in Assignor ("**Membership Interests**") requested the City's consent to the sale of Membership Interests constituting a transfer under Section 14(B) of the WFH Agreement, in connection with the sale of the Membership Interest to HLC Tortuga Pointe Ventures, LLC, a Delaware limited liability company, which occurred on March 4, 2021; and

WHEREAS, the City consented to the transfer of Membership Interests pursuant to Resolution No. 2021-101, and which Consent to Transfer of Membership Interests was recorded

in the Pinellas County Clerk of Court's Official Record Book 21431, Pages 342-348 on March 11, 2021; and

WHEREAS, Assignor, through the Assignment Date (as hereinafter defined), has successfully performed its duties under the WFH Agreement; and

WHEREAS, Assignor sent a letter to the City on June ___, 2026 requesting that Assignor be able to assign its duties under the WFH Agreement in connection with the pending sale of Tortuga Pointe, which is expected to occur on or after July 23, 2026; and

WHEREAS, the City was notified on June 8, 2026, that the prospective buyer has formed an affiliate or related entity, Tortuga Bayside LLC, a Delaware limited liability company ("**Assignee**"), to take title to the Property, which entity has been qualified in Florida prior to the closing of the sale; and

WHEREAS, Assignee hereby acknowledges that it is fully aware of the requirements and duties contained in the WFH Agreement and agrees to comply with all provisions of said Agreement until its expiration on April 8, 2040, which is 30 years from the date on which the initial Certificate of Occupancy was issued for the Tortuga Pointe Apartments; and

WHEREAS, on July ____,2026, the City Council, by Resolution Number 2026-___ authorized the Mayor's designee to approve the Assignment of the WFH Agreement from Assignor to Assignee; and

WHEREAS, the City, upon execution of the Consent to Assignment set forth herein, consents to this Assignment effective of the Assignment Date; and

WHEREAS, the parties hereto hereby agree that the effective date of this Assignment is [July], 2026 (the "**Assignment Date**"), and that the term "Developer" as used in the WFH Agreement shall mean Assignee from and after the Assignment Date through the remaining term of the WFH Agreement; and that all other terms and conditions of the WFH Agreement shall remain unchanged and are in full force and effect as of the Assignment Date.

NOW THEREFORE, in consideration of good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Tortuga Pointe LLC, as Assignor hereby transfers and assigns to Tortuga Bayside LLC, its successor and assigns, as Assignee, all of its rights, duties and interests in and to the WFH Agreement as of the Assignment Date.

FURTHERMORE, Assignor authorizes and empowers Assignee, on its performance of the covenants and conditions set forth in the WFH Agreement, to demand and receive of the City any rights and benefits covenanted to be given in the WFH Agreement hereby assigned, in the same manner and with the same effect as it could have done had this Assignment not been made.

RESOLUTION NO. 2026-_____

A RESOLUTION AUTHORIZING THE MAYOR OR HIS DESIGNEE TO CONSENT TO THE ASSIGNMENT OF THE WORKFORCE HOUSING BONUS DENSITY/INTENSITY AGREEMENT DATED JULY 18, 2008 (AND RECORDED SEPTEMBER 29, 2008), AS PREVIOUSLY ASSIGNED, IMPOSING COVENANTS AND RESTRICTIONS RELATING TO THAT CERTAIN PROPERTY KNOWN AS TORTUGA POINTE APARTMENTS, LOCATED AT 10475 GANDY BOULEVARD NORTH, FROM TORTUGA POINTE LLC, A DELAWARE LIMITED LIABILITY COMPANY, TO TORTUGA BAYSIDE LLC, A DELAWARE LIMITED LIABILITY COMPANY; AUTHORIZING THE CITY ATTORNEY'S OFFICE TO MAKE NON-SUBSTANTIVE CHANGES TO THE ASSIGNMENT OF AGREEMENT; AUTHORIZING THE MAYOR OR HIS DESIGNEE TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE THE CONSENT TO THE ASSIGNMENT OF AGREEMENT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Workforce Housing Bonus Density/Intensity Program ("WFH Program") was established by Ord. 854-G on November 28, 2007 and became effective January 1, 2008; and

WHEREAS, the WFH Program allows a developer/owner the option of building a slightly higher number of units on their site in return for agreeing to restrict the additional units so that they would be affordable to households with incomes at or below 80%, 120%, and 150% of the area median income ("AMI") for a period of 30 years from the date of the initial certificate of occupancy; and

WHEREAS, ZarCalRes Brighton, LLC ("ZarCal") executed a Workforce Housing Bonus Density/Intensity Agreement ("WFH Agreement") on July 18, 2008, which was recorded in the Official Records of the Pinellas County Clerk of Court in OR Book 16388, pages 2368-2389 on September 29, 2008; and

WHEREAS, the WFH Agreement allowed 295 units to be constructed on the property located at 10475 Gandy Boulevard North ("Property") in return for the provision that 93 of those units would be rented in accordance with the WFH Program; and

WHEREAS, in connection with the sale of the Property to Tortuga Pointe LLC, a Delaware limited liability company ("Tortuga Pointe LLC"), ZarCal requested the City consent to the assignment of the WFH Agreement, which request was approved on October 17, 2017, pursuant to

Resolution No. 2017-596, and which assignment of the WFH Agreement was recorded in the Official Records of the Pinellas County Clerk of Court in OR Book 19835, Pages 1204–1210 on November 8, 2017; and

WHEREAS, on February 12, 2021, City Council approved the transfer of Membership Interests from Tortuga Point Venture, LLC (the 100% membership interest of Tortuga Point, LLC) to HLC Tortuga Point Venture, LLC pursuant to Resolution No. 2021-101, and which consent to transfer of Membership Interests was recorded in the Official Records of the Pinellas County Clerk of Court in OR Book 21431, Pages 342-348 on March 11, 2021; and

WHEREAS, Tortuga Pointe LLC now desires to sell the Property to Tortuga Bayside LLC, and has requested the City's consent to the assignment of rights, duties and obligations under the WFH Agreement; and

WHEREAS, the City is not aware of any non-compliance with the WFH Agreement to date; and

WHEREAS, the Administration recommends that City Council approve this Resolution.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of St. Petersburg, Florida, that the Mayor or his designee is hereby authorized to consent to the assignment of the Workforce Housing Bonus Density/Intensity Agreement dated July 18, 2008 (and recorded September 29, 2008), as previously assigned, imposing covenants and restrictions relating to that certain property known as Tortuga Pointe Apartments, located at 10475 Gandy Boulevard North, from Tortuga Pointe LLC, a Delaware limited liability company to Tortuga Bayside LLC, a Delaware limited liability company.

BE IT FURTHER RESOLVED that the City Attorney's Office is authorized to make non-substantive changes to the Assignment of Agreement.

BE IT FURTHER RESOLVED that the Mayor or his designee is authorized to execute all documents necessary to effectuate the consent to the Assignment of Agreement.

This Resolution shall become effective immediately upon its adoption.

APPROVALS:

CB-13

City of St. Petersburg
Health, Energy, Resilience, and Sustainability Committee
May 21, 2026 Meeting Minutes
City Hall, Room 100

Present: Committee Chair Brandi Gabbard, Committee Vice-Chair Richie Floyd, Council Member Gina Driscoll, and Council Member Corey Givens Jr

Absent: None

Also Present: Sustainability and Resilience Director Maeven Rogers, City Administrator Rob Gerdes, Assistant City Attorney Devon Haggitt, Fleet Management Director Randall Johnston

Staff Liaison: Millicent Battle – City Council Legislative Aide

1) Call to Order – 9:55 AM
2) Approval of Agenda – CM Givens Jr motioned for approval. All voted in favor.
3) Approval of April 16, 2026 Minutes – CM Driscoll motioned for approval. All voted in favor.
4) New Business – May 21, 2026

Presentation and Discussion Regarding the Impact of House Bill 1217 on the Integrated Sustainability Action Plan (ISAP) – *Maeven Rogers, Sustainability and Resilience Director and Assistant City Attorney Devon Haggitt*

Sustainability and Resilience Director Maeven Rogers explained that House Bill 1217 prohibits local governments from adopting or implementing net-zero policies, carbon taxes, emissions trading programs, or related procurement practices using public funds. She noted the bill becomes effective July 1, 2026. Ms. Rogers clarified that there is often public misunderstanding surrounding the concept of "net zero." She explained that net zero requires not only reducing emissions, but also actively removing emissions from the atmosphere through methods such as tree planting or carbon-capture technologies. Ms. Rogers stated that simply installing solar panels or improving energy efficiency does not constitute net zero because those measures reduce emissions rather than remove them entirely. She added that the City of St. Petersburg does not currently invest in carbon-capture systems or operate programs designed to offset emissions at a net-zero level.

Assistant City Attorney Devon Haggitt outlined the four primary requirements of the legislation. She explained that local governments may no longer adopt policies specifically advancing net-zero goals. She further explained that public funds may not be used to support organizations or procurement practices intended to advance net-zero policies. Ms. Haggitt stated that the legislation may affect procurement processes if preferences are given solely based on fuel type or emissions goals but noted that the bill appears to permit procurement decisions based on broader lifecycle costs and operational efficiency. Ms. Haggitt stated that the City currently does not participate in emissions trading programs or impose prohibited environmental fees and therefore does not anticipate impacts under that section of the legislation. She also noted that the bill requires annual reporting to the Florida Department of Revenue affirming compliance.

CM Driscoll asked whether the City would be prohibited from conducting business with vendors or corporations that independently maintain net-zero policies. Ms. Haggitt responded that she did not

believe the legislation extends that far, explaining that many companies commonly contracted by governments maintain sustainability or net-zero initiatives. She further stated that the legislation appears focused on procurement decisions made specifically to advance net-zero policies, rather than prohibiting contracts with companies that independently hold such goals. Ms. Haggitt acknowledged that the legislation remains broad and somewhat vague and stated that legal staff would continue monitoring guidance, attorney general opinions, and developments from other municipalities.

CM Driscoll also questioned how the legislation may affect City membership and dues paid to outside organizations. Ms. Haggitt stated that there is currently no centralized database of all memberships maintained by City departments and acknowledged that renewals and memberships may require additional review moving forward. CM Driscoll suggested departments should coordinate with legal staff before renewing or joining organizations to ensure compliance. Ms. Haggitt agreed and clarified that memberships paid personally by City employees rather than with public funds would likely not be impacted.

City Administrator Rob Gerdes informed the committee that administration and legal staff have already begun reviewing the impacts of multiple recently adopted state laws, including House Bill 1217 and Diversity, Equity, and Inclusion (DEI) legislation. He stated that administrators have been assigned to analyze each bill individually and identify operational impacts. Administrator Gerdes confirmed that some memberships have already been identified as potentially affected under the DEI legislation and stated that future memberships and procurement actions would likely require formal compliance review.

Ms. Rogers then reviewed the potential impact of the legislation on ISAP. She explained that the ISAP, adopted in 2019 through Bloomberg American Cities Climate Challenge funding, serves as the City's sustainability and resilience blueprint. She noted that after reviewing the document, staff determined that the term "net zero" appears only once in reference to another study and that the City does not currently maintain a formal net-zero goal within the ISAP. Ms. Rogers stated that staff believe the City can continue pursuing greenhouse gas reduction and renewable energy goals because those goals do not inherently constitute net-zero implementation. She emphasized that sustainability efforts will continue focusing on measurable outcomes such as energy savings, operational efficiency, infrastructure improvements, and emissions reductions rather than carbon-removal technologies.

Committee Chair Gabbard invited Fleet Director Randall Johnston to discuss the legislation's potential impact on fleet operations. Mr. Johnston stated that the Fleet Department's purchasing decisions have consistently prioritized mission capability, fiscal responsibility, and operational efficiency while also seeking opportunities to reduce emissions and fuel usage. He explained that the City's Green Fleet initiatives are driven by lifecycle cost analyses rather than fuel type preferences. Mr. Johnston stated that advancements in vehicle engineering and fuel efficiency have contributed to reductions in emissions overtime and confirmed that the department will continue reviewing the Green Fleet Policy with legal staff to ensure compliance.

Chair Gabbard stated that one of her primary goals in bringing the item forward was to provide transparency for residents concerned that state preemptions might halt environmental progress entirely. She emphasized the importance of clarifying the nuances of the legislation and reassuring the public that the City remains committed to environmental stewardship while complying with state law.

CM Driscoll referenced her prior service on the Pinellas Suncoast Transit Authority Board and discussed the significant fuel savings achieved through electric buses. She asked whether the City tracks fuel savings associated with hybrid and electric vehicles in the municipal fleet. Mr. Johnston responded that the City has improved substantially in its ability to collect and analyze fleet data and now provides annual Green Fleet reports documenting fuel expenditures, idling costs, and green fleet performance metrics. He explained that new telematics and GPS technologies have enhanced the City's ability to measure operational impacts and savings.

CM Driscoll requested comparative data demonstrating long-term fuel savings trends and stated that documenting those savings helps justify continued investments in hybrid and electric vehicles. Ms. Haggitt responded that the legislation appears to ensure procurement decisions are based on fiscal responsibility and taxpayer benefit. She stated that if electric or hybrid vehicles provide the most cost-effective lifecycle option, those purchases would remain consistent with the legislation.

CM Driscoll stated she was encouraged to hear the City could continue making those investments and recalled that the Police Department previously had no hybrid vehicles when she first joined City Council. She noted the City has made considerable progress since that time.

Committee Vice Chair Richie Floyd stated that after hearing the presentation, he felt more optimistic regarding the legislation's actual impacts. He commented that environmentally responsible decisions are often financially responsible decisions as well and expressed confidence that the City would successfully navigate future procurement questions.

CM Givens agreed and stated that the discussion provided important clarity and reassurance. He expressed optimism that the City could continue exercising local autonomy in procurement decisions while advancing both environmental and economic goals. CM Givens also voiced concern regarding continued state preemptions limiting local authority and noted that municipalities increasingly face restrictions from Tallahassee.

Chair Gabbard shifted discussion toward renewable energy goals within the ISAP and referenced questions she had received from residents regarding the City's 100% clean energy goal by 2035. She asked whether House Bill 1217 impacts that goal. Ms. Rogers responded that she does not believe the legislation affects the City's renewable energy goals because renewable energy production does not itself constitute net-zero implementation. Ms. Rogers reiterated that net zero specifically involves the removal of emissions through carbon-capture or offset mechanisms.

Chair Gabbard summarized that distinction by noting the legislation appears more directly related to carbon-removal technologies than renewable energy generation itself. She then requested an update on solar energy use at municipal facilities.

Ms. Rogers reported that City-owned solar systems currently offset approximately one to two percent of municipal energy usage, while participation in the Clean Energy Connection Program offsets an additional six to seven percent. She stated that the City is currently achieving roughly eight to nine percent renewable energy usage for municipal operations. Ms. Rogers explained that staff are conducting a solar feasibility study involving approximately twelve municipal buildings and evaluating return-on-investment projections for additional solar installations. She noted that some facilities show stronger financial viability than others and stated that staff intend to prioritize projects with the best returns.

Ms. Rogers also discussed development of a solar operations and maintenance plan to better monitor infrastructure performance and long-term maintenance needs. She stated that older installations lack modern monitoring capabilities and that staff is inventorying systems to better evaluate performance. She further announced that the Sustainability Office recently released its first quarterly solar report documenting renewable energy production and cost savings, noting that City solar installations generated approximately $36,000 in savings over the prior four months.

Chair Gabbard encouraged staff to continue sharing updates with City Council members to support community outreach and public engagement. She acknowledged that some renewable energy investments may not always generate immediate financial returns but emphasized the need to balance sustainability goals with responsible use of taxpayer dollars.

CM Givens discussed the importance of ongoing conversations with Duke Energy and ensuring residents have greater opportunities to pursue solar energy adoption. He stated that many residents wish to install solar systems but cannot afford the upfront costs and noted that state preemptions further limit local government assistance options. He also expressed interest in learning more about the City's solar feasibility study and suggested there may be opportunities for solar development at redevelopment and brownfield sites throughout the city.

CM Driscoll raised discussion regarding the committee referral list. She stated that movement on the Sustainable City Hall Initiative had slowed due to other priorities and suggested integrating the initiative into the broader ISAP update item to ensure the work continues within the larger sustainability framework. Vice Chair Floyd agreed with the proposal but requested that the original referral continue to be reflected administratively so the initiative would not be lost within the broader discussion. Chair Gabbard suggested incorporating the initiative as a subcategory within the ISAP update while preserving both referral dates for historical purposes.

CM Driscoll moved to combine the Sustainable City Hall Initiative referral item with the ISAP update referral item. The motion passed unanimously.

Vice Chair Floyd then asked about the status of the municipal electric utility study referral item. Administrator Gerdes explained that administration plans to present the proposal directly to the full City Council along with updates regarding Duke Energy franchise discussions and the memorandum of understanding process. Chair Gabbard stated that while the proposal may move through full City Council discussion, the referral item should remain on the committee referral list because future study findings may still require committee review.

Chair Gabbard announced that the committee's next meeting would include discussion regarding a proposed package related to the SunRunner initiative and encouraged interested council members and residents to participate.

Committee Chair Gabbard adjourned the meeting at 10:48 AM.

4) New Business – June 11, 2026

Housing Opportunities for All Annual Update – *Housing and Neighborhood Services Administrator Amy Foster*

In connection with the new business, Housing and Neighborhood Services Administrator Amy Foster provided a PowerPoint presentation on Housing Opportunities for All, including information on market forces and updates on the strategic plan. Highlights of the presentation included updates on:

- Housing production trends based on American Community Survey data from 2010-2024, with future moderate and strong growth trends.
- Housing statistics, including financial characteristics, homeownership rate, housing units, occupancy characteristics, and vacancies
- Rental market data, with renter-occupied households at 37% of total households in St. Petersburg and owner-occupied households at 63%
- Current trends in eviction Filings
- Current real estate market summary
- Heatmap of LLC owned parcels, for a total 303 properties
- Housing Opportunities for All Accomplishments (2020-2025)

CM Driscoll expressed her concerns with the data regarding average pay for different types of jobs, and how many of those jobs are at or above the housing wage. She would like to see us close the gap for someone making minimum wage to be able to afford to rent an apartment. CM Driscoll remarked that it was disappointing that the needle hasn't moved toward the percentage of owner-occupied households over renter-occupied, because for years we've been trying to create more home ownership opportunities for people who are below 100% AMI. Administrator Foster agreed that if you look at the citywide census data, it stays relatively flat. However, other local data analysis into zip code areas has reflected that areas such as Black home ownership has gone up.

CM Driscoll discussed opportunities to preserve smaller rental properties that the City can purchase and rehabilitate. Administrator Foster responded that we look at market rate units when we see them and share them with developer teams to see if they can make the numbers work. In addition to that, we do have our list of currently affordable properties, and when their affordability periods expire or renovations need to be made, we have conversations with those owners to try and get those units extended.

CM Gabbard asked if there was any specific local data, such as Black homeownership, that speaks to senior ownership and how that may have changed over the course of the last couple of years. She spoke to her concerns about the senior community in neighborhoods that were affected by the hurricanes. Administrator Foster replied that she can look into finding relevant publicly available data with the Housing team. CM Gabbard stressed the importance of aligning our goals with an aging population, as we can't build our way out of a landlocked city.

CM Gabbard discussed that the Riviera Bay Neighborhood Association is making a concerted effort to prevent LLCs and rental ownership from taking over the neighborhood, with some of the leaders of the community who have the means purchasing and renovating these properties themselves to sell or rent at a modest profit. While this is happening on a small scale right now, she believes with support from private capital partners and whatever the City can do to elevate, there could be a real model there that reflects what true community resiliency and sustainability looks like.

CM Harting spoke regarding affordability and emphasized that calculations for total affordability would need to include things like car payments, bus passes, and other living expenses. He asked if staff have discussed how the housing department will be impacted should the Florida homestead exemption expansion pass. City Administrator Gerdes responded that Assistant City Administrator Tom Greene and his team are running these numbers, and they're looking at the impacts to the general fund, CRA, and TIF. He went on to note that he believes that the effects to TIF and the South CRA would be very impactful, but we don't yet have the number on what a possible annual reduction would be.

CM Givens inquired why the process for the sale of the Deuces Rising has taken so long just to get us to a sales price that does not include the ongoing construction. Housing and Community Development Assistant Director Mark Vanlue responded that there are a lot of factors that go into the sale price. The City is committed to selling those units at an affordable price, half of them to 80% AMI and below, and half to 120% AMI and below. To make sure that the price we set is truly affordable to those income levels, we have to consider factors that will go into that sale price, including property tax, insurance, and HOA costs. We could not structure the HOA and establish the operating and reserve budgets until we're very close to the end of the project, which we now are, and we're in the process of doing that.

CM Givens asked what the City's investment was in the project. Mr. Vanlue responded that the total amount that's been invested so far is around $700,000-$800,000 per unit. This includes a lot of site work, some site remediation that had to be done early on due to environmental concerns, and then some of the prep work that will be credited toward the commercial portion of the project later on. Administrator Foster added that Council has intentionally passed a number of policies over the years to make sure we hire from within the CRA and work with small- and minority business owners. All of those policies taken together increase the cost of doing work, and in the past, this body has felt like those were trade-offs they were willing to make.

CM Givens commended staff on their work to lower eviction rates and asked what types of programs the City is funding for legal aid. Neighborhood Services Managing Director Joe Waugh replied that we have direct lines of communication to legal aid organizations when we are reaching out to tenants, as the City is typically the first to notify tenants that they have an eviction. Many times, when we knock on a tenant's door, they haven't received a notification yet, so we're getting them a head start on the information that they need to reach out to those organizations. We do have funding set aside for partnering with a legal aid organization, and an RFQ was put out a few months ago that did not receive any responses. We ended up going into direct negotiations with one entity that are still ongoing, and we're hopeful that if we can come to an agreement, it would then be coming to council in the near future.

CM Givens questioned what we're doing to curb slum lords. Mr. Waugh discussed that recently Codes dedicated to specific staff members just to do interior inspections for tenants, and they can have conversations with the tenants to understand what challenges they may be facing to connect them with organizations for assistance. Mr. Waugh spoke about changes on the enforcement side as well, so when Codes takes cases before the Code Enforcement Board for tenant-occupied properties, we're suggesting a 10-day compliance time and increased fine amounts. The Code Enforcement Board has been supportive of us bringing those cases. CM Givens asked if there was an update on South CRA probate property assistance. Mr. Waugh responded that Codes investigators connect residents to probate resources, N-Team, and housing resources when they see a property is in an estate, so they don't feel like they're in a position to where the only option is to sell the home.

Chair Floyd commented that the 2020-2021 data on rental vacancies stood out to him as having higher than current vacancy rates, which is unexpected and not necessarily aligning with housing trends. He went on to note that while the area median income has increased by $30,000 in the last five years, the typical family that lives here has likely not had a $30,000 a year wage increase. While this is indicative of people moving here from out of the area, it does seem like the trend has slowed down over the last year.

There being no further business, the meeting was adjourned at 9:41 AM.
